

MAY NOT SUE THIS YEAR

County Board Undeclared as to Enforcing New "Scavenger" Bill.

ATTORNEY ENGLISH EXPLAINS THE LAW

Some Doubt as to Possibility of Getting the Delinquent Lists in Proper Form in Time for Bringing Suit.

Adoption of methods of collecting back taxes provided by the "scavenger" bill seems improbable...

The board had asked the opinion of the county attorney and had it read by the clerk at yesterday's meeting...

"Under the provisions of section 49 of the act it is made optional with the county commissioners to enforce the law or not."

Duty of County Treasurer.

"It thereupon becomes the duty of the county treasurer on or before May 15 to prepare a complete statement of all the real estate in the county on which the taxes for one year are delinquent."

"It does not appear to me that a strict compliance is required with the dates set out for the completion of the statements by the county and city treasurers, but the whole matter must be in such a state of completion that the suit can be commenced on or before July 1."

CANNOT ELECT TEACHERS NOW

Injunction Against Present South Omaha Board of Education Held Good.

South Omaha's Board of Public Education cannot elect teachers or janitors for next year. Judge Baxter yesterday declined to sustain the defendants' demurrer in a suit brought by Jay Lavery, one member of the board, who, as a taxpayer, had petitioned to have Members Lott, Miller and Schroeder, who are to retire soon, enjoined from uniting two others with them and taking action for next year.

B. H. ROBISON, PRESIDENT

Offers a Few Suggestions To the People of the Great and Growing West Regarding

THE BANKERS RESERVE LIFE

In An Interview Which It Will Pay All Insurers and Would Be Interested to Read.

"Yes, I believe the Bankers Reserve Life Association will have \$10,000,000 at risk upon selected lives in the west by the close of 1903," said B. H. Robison, president of that vigorous and successful life insurance company.

"You see the people of the west learned a lesson during the panic which are not likely to forget. Practically all our savings drifted to the money centers of the east during the prosperous years preceding 1893."

"We were not only large borrowers, paying immense interest charges, but practically all our insurance investments were with eastern companies."
