FACTS AS TO CITY EXPENSES

Qity Engineer Rosewater Shows Absurdity of Anti-Mooren Statements.

PLAINLY MARKS SOME CAMPAIGN LIES

Shows the Real Interest of the Electrie Light Monopoly in the Candidacy of C. C. Wright for City Attorney.

To the Public: For the first time in many years of public service I am impelled in the interest of truth to present a few words to the taxpayers and citizens respecting the expenditure of public money and other facts bearing upon public af-

Statements are being published in the World-Herald and News and have been for several years just before public elections to the effect that the city payrolls have been and are padded for fraudulent election purposes. These statements have semblance of truth, because they emanate from the city comptroller. They are absolutely false and without a foundation of truth. Comptroller Westberg made such statements three years ago, again two years ago, last year, and again this year. Every such payroli up to this date received his endorsement as a member of the Board of Public Works and again the accounts were placed in the appropriation ordinances and warrants drawn by him for their payment. If the payrolls were padded it was his sworn duty to vote them down as a member of the Board of Public Works and to refuse issuing warrants for such alleged fraudulent work as city comptroller. The fact that he allowed them proves the charges then as now to be outrageous election canards, calculated to destroy public confidence and to promote the election or defeat of special candidates. I never have knowingly made a misstatement to the public in my life to promote or defeat any man and condemn such practice as subversive of public interests and the manufacture of such statements can only react on the authors.

Men Employed by City.

The total number of men in the employ of the city at any one time this year, in all departments of labor, sewers, pavements, grades, street sweeping and inspection, has not exceeded 237, inclusive of teamsters, foremen, etc. In the past week the total number has not exceeded 183 and this includes the permanent employes who have served from six to ten years. If divided equally between democrats and republicans they would only figure ninetytwo each. If all republicans there would only be ninety-one employes more of one party than another who could be charged up to political party advantage. Does anyone pretend that ninety-one men or even the entire 183 men are a controlling factor in an election where 16,000 votes are polled? It is simply an insult to common intelligence to make such an imputa-

Again Mr. Hitchcock, insinuating general corruption and mismanagement. stated Saturday evening that if the entire democratic ticket were elected the cost of city government would be reduced 33 per cent. Considering that 85 per cent of the city tax is made up of fixed charges and the balance, 15 per cent, being salaries and wages of workingmen and teams, could be only 15 per cent saved if all men, teams, clerks and public officers would work for nothing. An honest and careful consideration would show the impossibility of curtailing these expenses beyond 2 per cent and only to the detriment of the

About Electric Monopoly. eial of the General Electric company of Chicago who is alleged to have said the corrupt government of Omaha has driven away capital. Considering that nearly all the corrupt transactions in Omaha are those of the electric company, through their unscrupulous general manager, Mr. Nash, such statements come with poor grace. Even the News which circulates this kind of rot has columns in its past issues to prove what every one knows to be the real facts. The fact is if capital is or has been driven away it is due to the libels against the city of this nature cirtulated by the men who make such charges

Thus we see circulated with great promises of reform the appeal for the He is cited as clean, etc. That he is clean shaven is true, but considering that he is the attorney put up in the of the New Thomson-Houston e ew pay to defeat the submission of the duce toxation and develop cheap power is election would only be placing a reward for corporation succerviency. He has, 'tis true, aigned the platform of the democracy declaring bimself in favor of the refer endum law and public ownership. He must mean ownership of public men by the franchised corporations. The proposition he hired out to Fred Nash to oppose war to submit the question to the people. It was called for by 15 per cent of the voter representing over 60 per cent of the taxpaying public and under the referendum

Few people can understand the feel-ings of the pugilist as he is being counted out. He hears the seconds ticked off. He struggles to rise, but struggles in vaiu. He has lost the fight.

There are some who are making a losing fight for life that can appreciate this; those whose lungs are diseased. With every tick of the watch, they know that they are being counted out.

The great question is how can a quick ally be made to continue the fight against disease? Many who have asked that question have found a satisfactory answer in the use of Dr. Pierce's Golden Medical Discovery. It cures bronchitis, obstinate, deep-seated coughs, hemorrhage, night-sweats, emaciation, and other conditions which if neglected or unskilfully treated may find a fatal termination in consumption.

"When I commenced taking Dr. Fierce's Golden Medical Discovery," writes Mr. John T. Reed, of Jefferson, Jefferson Co., Ark., "I was very low with a cough, and would at times spit up blood. I was not able to do any work at all, was weak and my head was dizzy. The first bottle I took did me so much good that I had faith in it and continued until I had taken welve bottles. Now I do not look like nor feel like the same man as I was a year ago. People were astonished and said they did not think I could live. I can thankfully say that I am antirely cured of a disease from which had it not been for your wonderful. Discovery I would have died."

There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show.

Dr. Pierce's Pleasant Pellets cleanse bowels and stimulate the sluggish
