ANSWER MUST COME IN WEEK OR TWO treasurer and possibly a portion of this

Some Believe that Employers and Employes Will Be Able to Get Together in Time to Prevent Open Breuch.

It was stated by labor leaders in authority last night that at noon today a new scale will be presented to the packers by Stephen Vail, second vice president of the amalgamated association. The pork butch-

ers, coopers, butcher workmen and sausage makers will present a scale for readjustment. A demand will be made also for an increase in the pay of unskilled labor from 17% cents an hour to 20 cents an hour. Neither the sheep nor beef butchers will present any scale, as they say that last fall when they presented their scale it was arranged satisfactorily. It is understood that either one or two weeks will be given the packers in which to make an answer.

In the meantime the men will work as usual. A number of the managers of packing plants said to a Bee reporter last night

that they had nothing to say as no demands had yet been made on them. One packer said that when the demand was presented it would be carefully considered. Neither the packers nor the employes seem to think that there will be any trouble here, as it has been currently reported that there will be little if any difficulty in coming to an amicable agreement.

Council Grants Licenses.

An adjourned meeting of the city council was held last night and forty-two liquor license applications were granted. The city clerk was directed to issue them at once to these applicants:

Eurerean Powers. WILL ESTABLISH A MONROE DOCTRINE Attempt of Any Other Power to Secure

Foothold in the Gulf Will Mean a War, Says Lansdowne.

LONDON, May 6 .- Foreign Secretary Lansdowne has proclaimed a British Monroe doctrine in the Persian gulf and has practically notified the competing powers that any attempt on their part to establish a naval or fortified port in those

waters means war with Great Britain. "I say without hesitation," said the foreign secretary, dealing with the subject in the House of Lords yesterday evening, "that we should regard the establishment

of a naval base or a fortified port in the Persian gulf by any other power as a very grave menace to British interests and we should certainly resist it with all the means at our disposal."

Lord Lansdowne preceded this explicit enunciation of British policy by a review of the situation there, as it affected Brit-

ish interests, contending that so far as the navigation of the Persian gulf was concerned Great Britian held a position different to that of the other powers, both because it was owing to British enterprise and expenditure of life and money that the gulf was now open to the commerce of the world, and that because of the protection of the sea route to India necessitated Brit-

ish predominance in the gulf. Lord Lansdowne's attitude in this matter generally meets with approval, although the answers thereto of the other powers interested in the gulf are awaited with some anxiety.

Ayer's Sarsaparilla

Founder of Sect.

"I was a soldier in the Spanish-American War. After returning home I found that I was a perfect wreck. I was all run down, my blood was impure, and my nervous system in bad shape. I tried almost every medicine I could hear of, but none of them did me any good. I then tried Ayer's Sarsaparilla and began to improve at once. I want to recommend it to every sufferer from impure blood."-H. C. DOEHLER, Scranton, Pa. November, 1902.

**I had a terrible case of scrofula, and I kept trying all kinds of medicines, but they did me no good. One day I thought I would try Ayer's Family Medicines, so I bought two bottles of Ayer's Sarsaparilla and two boxes of Ayer's Pills. I took them according to directions, and in a week I was greatly improved. Before all the medicine was gone I was completely cured. I shall always recommend your medicines to others."-CHAS. L. LOCKE, Stanford, Mont. December, 1002.

"Ayer's Sarsaparilla made the greatest cure for me ever accomplished by any medicine in the world. As a result of a long sickness in the army I had fever-sores, varicose veins, and ulcers of the worst kind. I was on crutches a great deal of the time from 1862 to 1901. Then I began to take Ayer's Sarsaparilla, and I am happy to say that my limb is entirely cured. I can go with-out crutches and can walk without a limp."- DAVID C. HOLT, West Haven, Conn. December, 1902.

Cured these people

"I suffered untold misery for many years from indigestion. I then began to use Ayer's Sarsaparilla and I soon felt its good results. I only had to use four bottles, and I tell you it was money well spent. Words cannot express to you the gratitude I feel for this great cure. I must say that no one need suffer with indigestion if they can buy Ayer's Sarsaparilla."- Mas. F. R. HART, Mt. Kisco, N. Y.

September, 1903.

"I owe my life to Ayer's Sarsaparilla and Ayer's Pills. They are the wonders of the world. I was in a terribly nervous condition, so that I could not bear the slightest noise, but immediately after beginning the use of these medicines I noticed an improvement, and soon was entirely well. I have also gained 10 pounds in weight from its use."-MRS. DELIA MCWELL, Newark, N. J. September, 1001.

"I am anxious to let every one know what Ayer's Sarsaparilla has done for me. I am a great sufferer from sciatic rheumatism, but whenever a fresh attack comes on I take the Saraaparilla and am soon over it. I keep it in the house all the time, for I cannot get any ease from any other medicine. How can I tell you the true worth of this medicine?"-MRS. CHAUNCEY TYLER, Randallsville, N. Y. September, 1902.
