Gray hairs often stand in the way of advancement for both men and women, socially and in business. Many men are failing to secure good positions just because they look "too old," and no one knows how many women have been disappointed in life because they have failed to preserve that attractiveness which so largely depends on the hair.

Verdict Against Bank.

ONAWA. In., May 7.-(Special Telegram.)-The jury in the case of W. D. Lucas against the bank of W. W. McDonald & Son of Rodney, Ia., brought in a verdict

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished-the polluted

blood is purified and invigorated, and when rich. pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order CRESTON. In. Nay 1-(Special)-The and at the same time tones up the system and builds up the general health. If you have a chronic sore write us and our physician will advise you
