CHINA PREPARED TO FIGHT FOR RIGHTS

Ambassador in London Explains Conflict is Not Desired, but Will Probably Come if Musscovites Persevere.

PEKING, May 8.—The Russians are reported to be constructing forts on the hill near Liao Yung, commanding the road between the Yalu river, and they have arranged to have a large quantity of provisions delivered at New Chwang.

A dispatch from an official at New Chwang says indications point strongly to these active preparations being intended to guard against operations by the Chinese in Manchuria.

The news of Russian activity, which comes from a most trustworthy source at New Chwang, adds that on their return to New Chwang, the Russian troops brought with them several large guns. A large force has been ordered to occupy Tien Chwang Tai. The Russians have 14,000 troops between the mouth of the Liao river and Port Arthur.

Russia's coup has caused profound surprise here, as recent developments had led to the expectation that it would compromise its demands since they had been revealed to the powers. The latest developments are interpreted as a reply to China's refusal to grant its demands, to the protests of the powers and as a declaration that it is ready to fight in order to maintain possession of Manchuria. It is considered significant that the Russian army reoccupied certain strategic posts at just about the time naval reinforcements were reaching the Gulf of Pe Chi Li.

The Chinese officials describe the dowager empress as being greatly distressed and as fearing that the Russian aggression will excite anti-foreign demonstrations, resulting in retaliation on the part of the foreigners and introduction of foreign troops.

It is stated that Russian influence is being exerted to conciliate American opinion, and that appeals are being made to the traditional friendship of the two nations, with the argument that Russian development of Manchuria will open a great field for American commerce, while the opposition of the United States to Russia's plan might provoke retaliation against American trade.

Marching on Korea.

YOKOHAMA, May 8.—There are persistent reports in circulation regarding movements of Russian troops along the Yalu river. Detachments have entered Korea ostensibly to protect the Russian timber concession, but it is believed that Russian troops are reported to be approaching Wiju, Korea. The Japanese government is protesting against these actions.

China May Declare War.

LONDON, May 8.—The announcement from Peking that the Russians have "reoccupied" New Chwang must not be understood as implying that they ever fully evacuated the place. The news is taken here to mean that the troops have been reoccupied by the force, the withdrawal of which was announced in April, when the Russians said that all the troops except the men necessary for the police guard had been removed. The Russian proceedings at New Chwang are attributed here to China's refusal to comply with the demands which Russia recently submitted.

Confirms the News.

WASHINGTON, May 8.—The State department has received official confirmation from its agents in China of the increase of the Russian garrison in New Chwang, Manchuria, and there is reason to believe, if President Roosevelt approves, that steps are being taken to take vigorous steps in the matter. Secretary Hay is in communication with the president in California, and upon the latter's decision the secretary's course will depend.

It is stated that the department has had its patience taxed by the course of events in Manchuria and that it now contemplates a more radical step than any which has heretofore marked the negotiations between the powers on this subject.

President's Approval Necessary.

This program is subject to the approval of the president. If it is not looked upon with favor by him the State department may fall back upon its former method of individual representation to Russia and ask another explanation of the happenings in Manchuria. In such an event the Russian answer is already forecasted by the officials here.

According to advices to the powers the troops were to have withdrawn from New Chwang just one month ago today.

It is understood that as a matter of fact, a portion of the Russian force was withdrawn from barracks in the city to tents outside. It is presumed from Peking advices that these troops have returned to the city. However, it is pointed out that Russia employed a saving clause in the promise to withdraw from Manchuria, the language being "provided, however, that the action of the powers shall not stand in the way."

Russia, it is understood, now claims that this provision was violated by Japan when it mobilized its fleet and otherwise showed signs of military preparations.

REVOLUTION GAINS GROUND

Extraordinary Events Expected to Develop in Nicaragua Next Week.

PANAMA, Colombia, May 8.—Notwithstanding the numerous denials of the Nicaraguan government that the revolution in that republic is making progress, received show that it is gaining ground. American who has arrived here from Central America says the Nicaraguan revolutionists are receiving help from the other republics and a member of the Nicaraguan junta here says he expects extraordinary events will occur in Nicaragua next week, which, he adds, will assume the success of the revolution.

SAN SALVADOR, Salvador, May 8.—Adolfo Altamirano, the Nicaraguan minister to Salvador, claims that the Nicaraguan revolution is nearly suppressed. He adds that the government steamer Ponce de Julio recently engaged the revolutionary steamer Victoria on Lake Nicaragua, causing the latter serious damage, but Victoria, being the faster vessel, escaped. The Nicaraguan revolutionary steamer Noventifres is ashore at Mayagajla bay, Lake Nicaragua.

Leaky Vessel with Exhausted Crew Drives into Port at San Juan.

SAN JUAN, P. R., May 8.—The American schooner Slater of Port Jefferson, L. I., thirty-four days out from Havana-la-Mar with logwood for New York, put in here off Cape Hatteras April 8. The crew had been subsisting on pea soup for twelve days and were very weak. The steward, William Holcomb of Charleston, S. C., was in a comatose condition. The men had been working at the pumps at regular intervals for a month.

NEW YORK, May 8.—Edgar F. Luckenbach, one of the owners of the oil tank steamer S. V. Luckenbach, which is missing, said today that he had given up hope of the steamer ever being heard from. The steamer left Sabine Pass, Tex., March 22 for Philadelphia with a cargo of 1,100,000 gallons of oil.

PLAQUE DISCOVERED IN PERU

Flour Mill is Quarantined and Product on Market Confiscated.

LIMA, Peru, May 8.—Bubonic plague has been discovered in the suburbs of Callao and the people of that port are much alarmed. The authorities have closed and isolated a flour mill where certain suspicious cases are guarded. Forty laborers who were employed in the mill have been quarantined. It has been decided to close the principal markets of Lima and to confiscate all flour coming from the mill in question. The plague has not spread.

GUAYAQUIL, Ecuador, May 8.—Considerable alarm is felt here at the reported reappearance of bubonic plague at Callao, Peru. The local Board of Health has ruled that no vessels from Peruvian ports shall call here and the Ecuadorian gunboat Cotacachi has been ordered to stop such vessels.

NEW COINS FOR FAR EAST

Straits Settlements May Soon Have Gold Standard Dollars.

SINGAPORE, May 8.—The currency commission in its report, declares a gold standard for the Straits Settlements practicable and recommends the gradual introduction of a special Straits Settlement dollar of the same weight and fineness as the British dollar and circulating currency with the British and Mexican dollars.

The report prohibits temporarily the import of Mexican and British dollars into the Straits Settlements and in circulation in the Malay states. The scheme proposes to ultimately demoralize the Mexican and British dollars and then follow the course adopted by the government of India.

ARABS LOOT FRENCH CARAVAN

Slay Thirty Soldiers and Carry Off Five Hundred Laden Camels.

ALGIERS, May 8.—A French convoy has been attacked by tribesmen in the Fijig district. The baggage train was captured after fighting in which thirty were killed. The attacking force was composed of 600 horsemen and 800 men on foot of the Hadjerid and Benagui tribes. On the night of May 7 they attacked the convoy near Taghit. The French baggage train was composed of tents, clothing, the tribesmen carried off everything.

The tribesmen displayed great tenacity in their onslaught and are now camped in the middle of French territory at the confines of the Zoufana valley.

BOILER MAKERS QUIT WORK

Sympathetic Strike Ordered on Southern Pacific to Aid Union Pacific.

Men Now Out Are Firm and Banks Are Being Swelled Every Day by Others Who Are Demanding Their Rights.

SAN FRANCISCO, May 8.—Tonight all of the boiler makers of the Southern Pacific company west of El Paso and Ogden and south of Portland will quit work out of sympathy for the members of the international union who have been having trouble for the last six months with the Union Pacific. The number of men involved is about 430. The union machinists of the Union Pacific are also along with the boiler makers. The Southern Pacific machinists have not taken any action looking to a sympathetic movement.

Secretary Douglas of the local boiler makers and one of the Union Pacific strikers, says the press report is erroneous, that the Southern Pacific boiler makers do not go out until Monday next at 9 a. m. "That you can depend on," said Mr. Douglas, "for it is positively correct. Their strike has been delayed by the miscarriage of telegrams."

Volunteer Firemen May Quit.

SIoux FALLS, S. D., May 8.—(Special.) The volunteer firemen of Lesterville are preparing to strike, because of differences with the town council as to the sum the city shall contribute for the support of the department. The firemen made application for a certain sum per month, half of which was offered as a compromise. The firemen then held an indignation meeting and again sent in the same demand. If it is not complied with the firemen will resign in a body and the town will be without a volunteer fire department. An ultimatum has been served on the council, giving it until next Monday to decide.

Hill Expects No Strike.

ST. PAUL, May 8.—In an interview today on the possibility of a strike on the Great Northern, J. J. Hill said:

"If the men have voted to authorize a strike, I can see no common ground on which the matter can be settled. They will be obliged to accept the consequences of any action they may decide upon. Our information is, however, that the men are holding out for the express purpose of opposing the demands of the committee. I am quite sure they do not want to strike. They are waiting until their own accord. The question is one which does not affect the public-beader road. Less than 5 per cent of our freight mileage is handled by the road. The road does not include the pushers, to which no opposition has been raised. About 1 per cent of the men would be directly interested. I should like to see the road officers and men decide to declare one, would be directly interested. I don't think more than 1,500 would go on any event. The trouble is the subject of two conferences today. The road was represented by J. J. Hill and General Superintendent Slade. They went into the office of Mr. Ward. The other conference was held in the Windsor hotel, where Slade, being Messrs. Garretson, Newman, Miller and Woolley, the latter two being the chairmen of the conductors' and trainmen's committees respectively. Nothing was said by either side at the meeting. The vote will not be officially canvassed until Monday morning.

Building Trades Strike Settled.

WHITE PLAINS, N. Y., May 8.—The strike of the men in the building trades here has been adjusted. A compromise has been reached providing that from now on the hourly rate shall be \$2 per day and after a period of two years the hours shall remain the same and the wages be \$2.5. The men were receiving \$2.75.

Subway Situation Unchanged.

NEW YORK, May 8.—There was no change in the situation in the strike of the 15,000 excavators and rock men today. The president of the union said that the subway men might submit the question of hours to arbitration, but they would not accept anything less than \$2 a day. Work is being done at a standstill on most of the big buildings as the result of the refusal of the lumbermen and brick dealers to send out material until the teamsters have modified their demands.

Friends of George A. Kolb, business manager of the Marine Engineers' association, who mysteriously disappeared Monday, while trying to persuade men to leave the vessels against which his union had declared a strike, are now convinced that he has been kidnapped and is being held in the hold of an outgoing vessel.

At a mass meeting held today of the Brooklyn builders and contractors' movement was inaugurated for a struggle between unions and employers in the building trades. An organization was effected under the name of the Builders' Protective Association of Brooklyn, and a committee was appointed to confer with similar associations in Manhattan and the Bronx.

The chairman of the meeting explained its object, and to the demands of labor agitators under any circumstances. Whatever wages are now being paid our employes will stand and will not be lifted. We propose to fight a country-wide of all building operations until we win.

Buffalo Tailors Out.

BUFFALO, N. Y., May 8.—The strike of journeymen tailors for an increase of wages, which was in progress in this city for nine months, was declared off today unconditionally.

Telegraphers Invoke Law.

ST. LOUIS, May 8.—The Commercial Telegraphers union today filed a petition in the United States district court asking Judge Adams to issue an injunction restraining the Western Union Telegraph company from discharging men belonging to the union.

Fatal Riot at Greenwich.

GREENWICH, Conn., May 8.—During a strike row today a striking Italian laborer was shot to death by one of his fellow countrymen, who was attacked by a number of strikers in an effort to induce him to quit work. The man who did the shooting and six others were arrested.

Bell Telephone Men Out.

CINCINNATI, May 8.—All the linemen, foremen, inspectors and conduct men of the local Bell Telephone company struck today for an increase in wages. The manager of the company, Mr. Bayard Kilgour, declined to treat with a committee of the union to which the men belonged, but said he would treat with the men individually as employes and would pay wages according to the scale in such cities and towns. This answer was unsatisfactory. The manager

LIEUTENANT AGAIN IN TOILS

Comrades Pay Bills Without Saving Friend, Who Must Stand Trial.

KANSAS CITY, May 8.—Lieutenant John F. McCarthy, Nineteenth infantry, was arrested last night and taken to Fort Leavenworth by soldiers. He is at the post under arrest awaiting court-martial. It was supposed by his fellow officers when they paid local merchants' bills, who caused his arrest on criminal charges, that McCarthy's resignation would be accepted.

WASHINGTON, May 8.—Secretary Root has accepted the resignation of First Lieutenant Charles P. Faulkner of the Eighth infantry, endorsing his action "for the good of the service." Faulkner, while serving in Alaska, was charged with misappropriating funds belonging to enlisted men. The money losses were made good by the young man's father, former Senator Faulkner of West Virginia. Faulkner was shown because of the good record of the officer in the Philippines.

The secretary also has ordered a court-martial to try Lieutenant J. F. McCarthy of the Nineteenth infantry, who is charged with duplicating his pay accounts and who tendered his resignation.

DENVER BUILDING COLLAPSES

Props Fall From Under Store Being Repaired and Many are Injured.

DENVER, May 8.—The building at 130-14 Larimer street, occupied by Michaelson Bros. as a clothing store, with a rooming house on the second floor, collapsed tonight. Several persons were injured, but so far as known no one was killed. The most seriously injured are: Mrs. Thomas McKernon, injured internally, may die; E. E. Doane, Florence, Colo., right leg broken; George Heberlin, Florence, Colo., scalp wounds. The building was being remodeled and the temporary supports were not properly placed.

Pennsylvania Railroad Loses Fifteen Year Suit Waged by President and Family.

CHICAGO, May 8.—The Roosevelt heirs, which include the president and William E. and James C. his cousins, were awarded \$42,435 today in the condemnation suit brought by the Pennsylvania railroad involving a strip of 400 feet long in St. Louis. This decision marks the close of litigation which has been waged for fifteen years for possession of the property on which a section of the railroad track is laid.

Contempt proceedings are still pending because of the company's refusal to tear up its tracks and vacate the premises.

PEACE FOR CAPITAL AND LABOR FORCES

Both Sides to Appoint Committees to Meet Governor Monday.

PEACE TO PREVAIL IN THE MEANTIME

Plan for Amicable Settlement is Considered to Be Under Way.

BOARD OF ARBITRATION IS PROBABLE

Labor Representatives Want Governor to Appoint Arbitrators.

HIS EXCELLENCY PROMISES TO DO SO

President Martin Says He Feels Sure That Business Men's Association Will Agree to Plan for Arbitration.

To the Citizens of Omaha: Having been invited by the mayor of your city and the sheriff of your county yesterday to come on Omaha, I have the pleasure of conferring with them and other officials in arriving at an amicable settlement of the labor troubles in which your city is now involved. I met with the Business Men's association last evening and heard their discussion of the matter. I feel satisfied that the plan of arbitration is a fair one and that it will result in an amicable settlement to all interested. JOHN H. MICKLEY, Governor.

IMPROVEMENT IN THE BLUFFS

One Contractor Settles with Mason Tenders and the Teamsters.

The strike situation in Council Bluffs took a turn for the better yesterday and indications are favorable for a settlement of the differences now existing between the mason tenders and the teamsters. The contractors. There were no disturbances or repetition of the troubles of Thursday. The prompt and effective measures taken by Mayor Morgan Thursday and the efforts of the better elements of the community to prevent the commission of any overt act had a quieting effect and yesterday passed without a single incident calling for the interference of the authorities.

As a result of a compromise settlement between the contractors and the mason tenders and the striking mason tenders, work was resumed on South Main street.

Mr. Weaver has been paying his mason tenders 27 1/2 cents an hour. The teamsters demanded 23 and 25 cents. Under the agreement reached late Thursday night Mr. Weaver will pay 20 and 23 cents an hour to the mason tenders. The agreement with the teamsters provides for dividing the city into districts in which teamsters hauling brick shall receive 60 cents and 75 cents per 1,000, and outside of these districts there shall be an additional 1 cent per 1,000 for each block the load is hauled.

The cases of the men arrested Thursday charged with taking part in the disturbance on South Main street were transferred yesterday from the police court to the court of Justice Ouren, where the information had been returned. The hearing was continued by Justice Ouren to May 14.

O. D. Talbot, the Omaha driver arrested Thursday on a charge of carrying concealed weapons, was discharged in police court yesterday. No information having been filed against him.

Business Agent Raabe of the Trades and Labor assembly and representatives of the two striking unions called on Mayor Morgan yesterday morning and assured him that they would do all in their power to prevent any disturbance. The conference was a most friendly one and Mayor Morgan thanked the delegation for its assurance of assistance in preserving the peace. At the same time the mayor informed the delegation that as chief magistrate of the city he would not permit the repetition of the scenes of Thursday, and that if necessary he would appoint 100 policemen to preserve order. So long as the strikers refused from committing any overt act, Mayor Morgan told the delegation, the police would not interfere with the strikers.

The teamsters at the H. A. Quin and the Bluff City lumber yards walked out yesterday afternoon. There is no dispute as to whether or not the teamsters are in violation of the Bluff City Lumber company refusal to sign the agreement to employ none but union men. At the Hafer lumber yards the teamsters are all nonunion men.

LABOR AGENCIES OVERTAXED

Unable to Supply Large Number of Men Wanted for Railroad Work.

Omaha labor agencies are threatened with a serious shortage of laborers this spring. Though they have sent out this year between 25,000 and 30,000 laborers, most of whom were destined to work on railroads, the demand continues to grow and is not forthcoming in sufficient numbers to satisfy it.

Increased railroad construction in Iowa, Nebraska and Wyoming and the building of the Moffat line through Colorado and the new lines from the smaller towns and sources of Omaha as a labor center. Three years ago the railroads tributary to Omaha began a series of improvements and expansion that required a large number of men and Omaha was looked to to furnish the laborers from the smaller towns and the country drifting here were gathered up and sent out in the employ of the railroads. From Chicago and the east railroad laborers drifted out here, because of the better wages offered and the chances that they would be better in a new country. This made Omaha a rival of Minneapolis and Kansas City in railroad labor circles.

Conservative estimates of the number of men that Omaha could still use this spring range from 6,000 to 10,000, but there is little likelihood of their forthcoming. Probably not more than one-half of the number will be furnished by the local agents and so the railroads will have to go begging for the remainder.

Saloons are Reopened.

Mayor Moore gave verbal orders to Chief of Police Donahue at 4:30 to notify all saloonkeepers that they would be allowed to open their places at 5 o'clock and continue open as long as general peace and good order is maintained in the city.

This decision was reached by the mayor after the truce had been declared at the Millard hotel and a committee from the Omaha Retail Liquor Dealers' association had conferred with him and made certain stipulations on behalf of the organization provided saloons were permitted to open their doors.

The liquor dealers' association includes by its members nearly every saloonkeeper in the city, and yesterday afternoon held a meeting which was attended by 200 members. They sent a committee composed of Messrs. Stephan, Tuthill, Cackley, Oblat, Her and Wiley to request the mayor to revoke the closing order which has operated since Tuesday at midnight.

These obligations were agreed to by the committee: First—If deemed expedient by the

STRIKE NEWS BOILED DOWN

Labor representatives and president of the Business Men's association agree to each appoint a committee of seven to meet Governor Mickey Monday night for the purpose of making a plan for amicable settlement of the strike.

At the best of labor representatives Governor Mickey promises to appoint a board of arbitration if that scheme is adopted at Monday night's conference.

Transfer companies announce that they will begin operations Monday morning with nonunion teamsters, and rumor is that each wagon will have four special guards.

Mayor Moore permits the saloons to reopen upon securing promises from the Liquor Dealers' association to assist in the maintenance of good order and to close again when the emergency arises.

toward peace and harmony and the prospects of bringing to an end the turmoil between employers and employes in Omaha which has been continuing for nearly a year, every line of business in the city. Not only are the contending factions watching every move with the most intense interest, but the entire city is keeping in sympathetic communication with developments that may be brought to a speedy termination.

Governor Mickey and Adjutant General Culver spent a large part of yesterday morning driving through the strike districts, studying the situation. They both are expected to return to the city at the quiet and orderly conditions prevailing. General Culver, after his investigation, said:

"Certainly there is no need for any troops at this stage of the game. The police and county officers are fully equal to the occasion, which is not much, if any, out of the ordinary. However, we shall hold ourselves in readiness to move on a moment's notice should any emergency arise."

Transfer Men Prepare to Resume Operations Monday Morning.

They may employ nonunion drivers. Story is that four guards will accompany each wagon.

UNION LABOR MAKES PUBLIC STATEMENT

Contents That Business Men Mean War on Trade Unionism.

Mayor Allows the Saloons to Reopen. Liquor Dealers Association Promises to Assist Authorities in the Preservation of Good Order in the City.

Monday is now the day set by the transfer companies for the resumption of active operations. It is announced on what seems to be reliable authority that the managers of the transfer companies expect to have 100 nonunion drivers from Chicago here on Monday, the men to be furnished them by employment agencies. These drivers will be brought to Omaha between now and Monday and will be ready to take up the work of hauling goods on that morning.

One of the incidental accompaniments of the story seems to cast some discredit upon it. It is reported that the report that each team, when it leaves the barn, is to be accompanied by four guards. These guards are to be furnished by a detective agency, and to evade the statute which prohibits the importation of such men, they are to be brought here as individuals, and then deputized by Sheriff Power. Managers of the transfer companies decline to give out any information as to their plans, but admit that they are making arrangements to resume work.

Should the transfer companies employ sixty deputy sheriffs, to co-operate with the police force during the time of the strike.
