WADDELL IS ERRATIC, BUT EFFECTIVE

Local Pitcher Bothers Batters, While Opposing Player Mows Down Thirteen on Useless Strikes, Materially Aiding Victory.

CHICAGO, May 11.—Two errors, a wild pitch and four opportune hits gave the champions their opening game of the season today in an eleven-inning contest. Waddell was hit oftener than White, but evened up by mowing down thirteen of the locals on strikes. Attendance, 2,400. Score:

CHALLENGER IS A MARVEL

Sails and Drifts All Round Shamrock I, Windward Work Being Especially Good.

GOUROCK, Scotland, May 11.—Shamrock III.'s windward work today was little short of marvelous, and even more so in the manner in which it carried away while going about. Sailing on the weather bow of the old boat, it practically kept pace with its opponent, with light winds and through smooth water.

The conditions this morning gave promise of a good trial when the two Shamrocks under club top sails and jib top sails over their lower canvas left in a knot.

Shamrock I. drifted quite as fast as the cup challenger and had a long lead as they started down channel. Off Holly Loop the boats got a six-knot breeze from the northwest and so soon as Shamrock III. was properly held it started to overhaul its opponent.

Shamrock III. easily passed the older boat in the steadier breeze. Below Duncon the boats started a fresh, on beat out toward windward, and the challenger made better work than it had yet shown.

In half an hour's fair sailing, without breeze, it left Shamrock I. about a quarter of a mile behind. As the wind strengthened Shamrock III. further improved its position. At the end of the windward turn the challenger had a lead of four miles which was considered to be an extraordinarily brilliant performance, even allowing for the advantage of the wind. As the yachts were too far apart to make racing interesting, the challenger put around and set its spinnacker for a run back. Shamrock I. also turned, and, picking up a good breeze, led the way up the Firth at a fine pace. The yachts having rejoined one another, finished the day's work with a strong reach up the Firth in a fresh nine-knot breeze. At the start Shamrock I. was towing the weather bow challenger, but the latter caught up and passed it, going clear through its lee, reaching home off the Gourock Yacht club a minute and thirty-five seconds ahead.

Yachtsmen are surprised at Mr. Fife's persistent avoidance of a formal racing trial, although Sir Thomas Lipton is anxious that the racers go the set course, and the challenger has shown form adequate to secure a victory with any reasonable handicap.

Sunday Ball or No Ball.

CRESTON, Ia., May 11.—(Special.)—Base ball in Creston has taken a long stride to the front with the advent of Sunday games. Last Sunday the boys played their first game of the season on Sunday, and though expecting interference by the ministers they were enabled to play the entire nine innings with no interruption. It was a case of Sunday ball or no ball with the association, as the week day games were not paying expenses with a team that drew a $600 a month salary. Creston has been playing good ball this season and most of the citizens wish to see the club continued. They have played eight games, winning five and losing three. The ministers of the city are complaining of Sunday games, but the order at the first game was such that they could find no objection. Creston has four games to play on the home grounds this week.

HOLLS NAMED AS UMPIRE

President Roosevelt Selects New York Man to Act in Arbitration.

NEW YORK, May 11.—President Roosevelt has tendered to Frederick W. Holls of this city the position of umpire to act in the settlement of the claims of Germany and Italy against Venezuela.

Under the terms of the settlement effected by Mr. Bowen the fixing of all damages for Germany was to be left to one person representing Germany and another representing Venezuela with an umpire to be appointed by the president of the United States and a similar method of arbitration was to be introduced in respect to the Italian claim. It is as umpire in each of these arbitrations that President Roosevelt has selected Mr. Holls. The question of preferential treatment of Germany, Great Britain and Italy is left to the Hague court. Mr. Holls has the offer under consideration and has not yet decided whether he will accept or not.

ENCAMPMENT OF GRAND ARMY

Twenty-Seventh Annual Session Begins at Fremont Wednesday.

ASPIRANTS FOR DEPARTMENT COMMANDER

Lee Estelle and W. H. Green Are Omaha Men Being Pushed by Their Comrades for Head Place.

The twenty-seventh annual encampment of the Department of Nebraska, Grand Army of the Republic, will convene at Fremont May 13 at 2 o'clock p. m., and continue in session from day to day until all business is completed.

The encampment promises to be one of the most largely attended yet held in the state. Department headquarters will be established at the Eno hotel, rooms 4 and 6, and will be open on May 12 at noon. The council of administration will meet at 10:30 a. m. Wednesday at department headquarters.

A reception will be tendered the Grand Army of the Republic and Woman's Relief corps and their friends by the citizens of Fremont at the opera house this evening, to which all are cordially invited.

A campfire will be held at the opera house Wednesday evening and will be addressed by General John C. Black, ex-commissioner of pensions of Chicago; and by Mrs. Taylor, national president of the Woman's Relief corps. Governor Mickey has also signified his acceptance of an invitation to be present.

A rate of one fare for the round trip will prevail over all railway lines in Nebraska and tickets will be on sale from May 12 to 14 inclusive, good to return leaving Fremont until and including May 16. Reduced rates are given by all of the Fremont hotels and there is an ample number of restaurants that agree to furnish meals at a low cost.

Omaha Delegation Goes Today.

The Omaha delegation to the encampment will leave for Fremont this evening, belated ones following tomorrow morning. Accompanying the delegation will be a committee of citizens to invite the Grand Army of the Republic reunion of the state to be held in Omaha for the ensuing three years. This is the annual reunion of the veterans of the state and should not be confused with the department encampment, which latter is the annual meeting of the Grand Army of the Republic organization exclusively, and is the regular business meeting. The reunion is another affair entirely and includes the annual gathering of all old soldiers of the state without regard to whether they belong to the Grand Army of the Republic.

The annual election of the department officers will be held at Fremont tomorrow or Thursday, and Omaha presents two candidates for department commander in the persons of Judge Lee Estelle and W. H. Green. There will also be a spirited contest for the choice of delegates to the national encampment of the Grand Army of the Republic, which meets at San Francisco, August 17.

At the same time will be held the department convention of the Woman's Relief corps of the state of Nebraska and the annual convention of the Ladies of the Grand Army of the Republic. Spirited contests are likely to ensue in both of these conventions for the state office honors. These organizations will also elect delegates to the national conventions of their respective orders, which meet at San Francisco the same time of the national encampment of the Grand Army of the Republic.
