## ENJOIN THE GERRYMANDER

Victor Rosewater and W. G. Shriver Bring Suit Against Scheming Councilmen.

## DICKINSON ISSUES RESTRAINING ORDER

Restricting Plan Alleged to Be a Conspiracy on the Part of Councilmen to Prolong Tenure of Office.

Yesterday Judge Dickinson issued a temporary restraining order against the mayor and the city council restraining them from passing or approving the ordinance introduced Tuesday night having for its purpose the restricting of the city.

The order was issued upon the complaint of Victor Rosewater and W. G. Shriver, who in their complaint set up that on May 5, 1903, an election was held in the city of Omaha for city officers, and that of the members of the city council H. B. Zimman and Fred H. Hoye were re-elected, that the others were not re-nominated nor re-elected, that the terms of office of all will expire May 25, and that each and every one of them should and ought to be retired to private life; that May 12, Isaac Hascall, one of the members of the council who were not re-elected, introduced into the council an ordinance known as document No. 1073, which has for its purpose the creation of four new wards of the city of Omaha; that said ordinance was introduced for the purpose of continuing in office the members of the council whose terms expire May 25; that these members have conspired together for the purpose of keeping themselves in office without an election, and that unless the order is issued they will accomplish their purpose.

It is further alleged that the proceedings are illegal for the reason that the proposed ordinance attempts to divide the city into wards, each containing a population not as near equal as may be, as directed by the law under which the members of the council pretend to act.

Councilmen Are Served.

Under the plan of the majority, as announced Tuesday, the council was to have met at 10 o'clock morning for the purpose of placing the ordinance on its final passage. It was a few minutes before the hour of meeting when a deputy sheriff served a restraining order on three members of the majority of the council, and later in the morning the order was served upon other members. The order is as follows:

Upon application of the plaintiffs for an injunction upon their petition, duly certified, and it being necessary that such injunction should have notice of the application for an injunction is granted, it is therefore ordered that said councilmen be enjoined from passing, approving or taking any steps toward enacting or adopting any ordinance whatsoever for the purpose of dividing the city into wards, and that until the further order of the court a restraining order is allowed, restraining the defendants, and each of them, from passing, approving or taking any steps toward enacting or adopting any ordinance and document No. 1073, aforesaid, and from passing, approving or taking any steps toward enacting or adopting any ordinance and document No. 1073, aforesaid, upon the plaintiffs executing an undertaking in the sum of \$100 as required by law.

Shortly after the order was served Isaac Hascall and W. E. Ten Eyck called at the office of the clerk of the district court and secured a copy of the complaint upon which the order was based and a copy of the order.

Councilman Hascall said: "I want to see just what has been alleged in the matter and then I will be in a better position to outline a course of action. At the present time I think we will call the matter up for hearing upon temporary injunction before May 25, so we can meet the ordinance before our terms of office expire."

Ten o'clock was the time set for the com-

## AFFAIRS AT SOUTH OMAHA

Several Petitions for More Paving to Be Presented Soon.

## THREE BLOCKS OF M STREET TALKED OF

Workmen and Members of Library Association More Than Willing to Sign Prayer to Have the Thoroughfare Paved.

There seems to be a general demand for more paved streets and within a short time it is expected that several petitions for paving will be presented to the council. Of the paving talked about most around the city hall, is that on M street from Twenty-third street west to Twenty-sixth street. There is also a good deal of talk about the paving of the alley between Twenty-fourth and Twenty-fifth streets from L to N streets. Both the paving of M street and that of the alley has been held back for a long time on account of the disinclination of the government to pay for paving about the postoffice building. In fact, city officials are loath to make communications from the Postoffice department stating that the government will not pay for paving about its buildings.

A way has been found to get around this difficulty. Taking advice from other cities, it is found that pavement in front of government buildings may be laid by the municipality and charged to the intersection paving fund. The only difficulty now is the securing of a sufficient number of signers to the petition to be presented to the city council. Fred McCulloch, president of the South Omaha Library association, stated to a Bee reporter last night that the association he represents would gladly sign a petition for paving M street. Property owners generally appear to be in favor of paving this street, and especially members of the Ancient Order of United Workmen, whose temple has been erected at Twenty-fifth and M streets. Members of the temple building committee propose to circulate a petition soon asking for the paving. One property owner, who has a frontage of 200 feet on M street, is the east now, but is expected home soon. It is thought that he will not oppose the paving of the street. Either vitrified brick or asphalt will be used in case the street is paved this year.

**Bond Ordinances Passed.**

Last night in special session the city council heard for the third time the reading of the ordinance calling for a special election to be held June 23 for the voting of bonds for public improvements. Immediately after the ordinance was passed Mayor Kousky attached his signature to the documents and Clerk Shrigley will send the documents to the printer today. One ordinance calls for \$50,000 for a city hall building, another for \$30,000 for an extension of the sewer system, and the other for \$100,000 to take up outstanding indebtedness.

It is expected that the Board of Education will get in with its proposition to submit bonds for \$100,000 for a high school building. If this is done the total to be voted on will be \$250,000. While the city will pay no more than 5 per cent interest on its bonds, it is thought that there will be no difficulty in floating the school district bonds at 4 1/2 per cent, as the district has never been bonded since its organization.

**Chief Briggs Busy.**

Chief Briggs of the police department was busy yesterday serving notices on saloon keepers to close their places promptly at midnight after this. All gambling houses were also ordered closed. The gamblers submitted without any protest and the saloon keepers appeared pleased to get such an order. No remonstrance against compliance with the order was made by any of the interested parties. One question in relation to the order is how with eight

# Regarding Shoes

## For Men and Women.

It's not so much because they're ours that we think the shoes we sell are just a little better and prices a little lower than those sold elsewhere, but because of the favorable comments we hear from pleased customers. If you were a shoe customer of ours last season and were satisfied with the shoes you bought, you may rest confident that we can serve you as well now, possibly better, for in the meantime we have been studying the chances of giving a little better value for your money. It's by this restless endeavor to give you something better today than we could give you yesterday that has made this shoe section of ours what it is, one of the best in the west.

We invite inspection of these two styles—they are very special.

## The finishing touches

I am organizing several personally-conducted excursions to California, for April and May. May I send you full particulars of special advantages offered? Some of the excursions are one-way only, in tourist sleepers, for homeseekers. Others are round-trip, in first-class Pullmans, for general sightseers; good, if desired, on limited trains. The rates are very low. Accommodations are excellent. I have selected the best California line—the Santa Fe—and confidently guarantee a delightful outing. Why not go this spring and see California at its prettiest? Such an opportunity seldom comes. Don't miss it.

Write to E. L. PALMER, 40 Equitable Bldg., Des Moines, and receive in reply full particulars, with copy of beautiful book about California.
