

NEBRASKA BANKERS TO MEET

Convention Seat is Lincoln and Time Early Part of October.

JUST BEFORE NATIONAL CONVENTION

Date to Be Fixed So as to Enable Bankers from East to Stop for State Meeting While Enroute to 'Frisco.

The executive council of the Nebraska Bankers association has fixed upon Lincoln as the place for holding the next state convention and the time the early part of October, the exact date depending upon the time of holding the annual convention of the American Bankers association in San Francisco in October.

One of the principal matters for consideration before the state convention will be the question of rewards to be offered for the arrest and conviction of persons who rob and defraud banks. The question has been referred by the executive council to a committee consisting of T. E. Stevens of Blair, J. W. Wagoner of Omaha and G. B. East of Lexington.

The members believe the rewards should be limited to the apprehension and conviction of burglars and thieves, while others believe they should extend to those cases of lesser frauds, such as the passing of forged checks, the removal of mortgaged property from the state and similar offenses.

Connected with this indirectly, because it will furnish a considerable part of the money for the paying of rewards, is the question of bonds to be given by state and county depositories. A law enacted by the last legislature requires these depositories to give bond for the security of these public funds in an amount equal to twice the amount of the deposits.

Insurance and Bond Commissions. The state association now has an arrangement by which it gets a commission upon all burglary and liability insurance written and it has reached out to get a similar commission upon premiums on depository bonds. A number of companies have made offers for the business through the state association, offering to furnish bonds for about one-half of 1 per cent. This matter was placed in the hands of a committee consisting of H. W. Yates, Luther Drake and H. R. Gould, and a report will be made at the coming convention.

The bankers of the state contemplate entering into competition with the federal government and the express companies in the sale of money orders, and a plan probably will be submitted to the convention by a committee, consisting of C. H. Hays of Bloomington, Mr. Parker of Lincoln and E. L. Whets of Alma, to which the matter has been referred by the executive council.

The program for the convention has been placed in the hands of a committee of which S. H. Burnham of Lincoln is chairman, the four other members to be selected by W. Yates, chairman of the executive council.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard of Huskard, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now, and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."
