UNDER ARREST FOR BRIBERY

Assistant in Attorney General's Office Faces a Serious Charge.

OFFICERS SEEK ILLEGAL ACCOMPLICE

Officials Affirm Miller Received Money for Favorable Decision From Representatives of John J. Ryan & Co., the Turf Men.

WASHINGTON, May 25.—Postmaster General Payne today summarily dismissed Daniel V. Miller, assistant attorney in the office of the assistant attorney general for the Postoffice department for accepting a bribe in connection with the case of John J. Ryan & Co., charged with fraudulent use of the mails. A warrant has been issued for Miller's arrest.

Another warrant has been issued for the arrest of a man who is charged with being a partner or a go-between in the transaction. A postoffice inspector has gone west from Cincinnati to effect the arrest which will occur tonight or tomorrow. The bribe is alleged to have been accepted at Cincinnati last December.

Miller came here from Terre Haute, Ind., about two years ago. He was appointed by former Assistant Attorney James N. Tyner. The charge against Miller has been under investigation for three years. The Ryan company was a turf investment concern which operated at St. Louis and Covington, Ky. Its methods and working operations are said to be similar to those of the Arnold company, which has figured conspicuously in the Postoffice department.

The postoffice inspector in charge at Cincinnati, W. F. Wickery, and Postoffice Inspector R. M. Fulton at St. Louis recently were given full charge of the case. Complaint was made by Inspector Fulton before a commissioner in Cincinnati Saturday and then a warrant was issued for Miller and the other party. Inspector Fulton immediately came to Washington, while another inspector went west from Cincinnati to make the other arrest.

Inspector Fulton today exhibited the papers in the case to United States District Attorney Beach. Tonight Miller is in the custody of a postoffice inspector and his formal arrest will follow tomorrow morning.

Miller Traces Accusers.

Miller was at his desk all day today. He was called into the office of Assistant Attorney General Robb shortly after 3 o'clock this afternoon and notified of his dismissal and of the steps that had been taken. He was allowed to draw his salary and then return to the private office of the assistant attorney general, where inspectors were in waiting.

The Ryan company was the beneficiary under a decision of the assistant attorney general for the Postoffice department made several days ago subsequent to the decision in the Arnold case and couched in partically the same terms as that decision. Those decisions declared the concerns failed to be free to use the mails. The Arnold company decision was signed by Assistant Attorney General Tyner and the Ryan decision by George A. Christiancy, the law clerk of the department who was then acting assistant attorney general on account of Mr. Tyner's protracted illness. Mr. Christiancy was at the Postoffice department on a summons from the department and was closely examined regarding the case.

It is stated that the amount offered Miller as a bribe aggregated several thousand dollars and was in the form of a cash payment, followed by a check. This payment is alleged to have taken place in Cincinnati so the case will be tried there, probably in the October term of the court. Mr. Miller probably will give bail for his appearance at that time.

Penalty for the Offense.

The penalty for offense charged is a fine of not more than three times the bribe asked or accepted and imprisonment of not more than three years.

Mr. Payne said that this statement was all that could be said at this hour, in view of the fact that the case is now before the judicial authorities. He said that the case has been under consideration ever since the general investigation began, and added that there would be another arrest immediately. The party, he said, is outside of the department. He declined to say what explanatory statement had been made by Miller.

Miller was taken to the city hall tonight and placed under arrest by a deputy marshal. He waived examination and was released on $1,500 bonds for appearance in court at Cincinnati next autumn. The warrant, it was learned late tonight, charges conspiracy instead of bribery as first reported. A warrant on the same charge has been issued for the arrest of Joseph M. Johns, lawyer, of Rockville, Ind.

T. W. Gilmer, the former expert of the office of the comptroller of the treasury, whose examination of the accounts of the Washington postoffice and whose subsequent transfer to another bureau of the treasury was referred to in Comptroller Tracewell's report to the postmaster general regarding the Tulloch case, refuses to talk about the subject. Comptroller Tracewell alleged that Mr. Gilmer himself, at his own suggestion, wrote the letter which Mr. Tracewell signed, exempting the Washington and New York postoffices from his examination of accounts. Mr. Gilmer admits that he did so, but said his reason was to have some written authority on record for the action he took under the verbal orders to that effect.

May Ask Congress to Pay.

WASHINGTON, May 25.—Although the State department has not yet received the answer of the governor of Colorado to its request for reparation for the destruction of the property of the Englishman, Radcliffe, the officials have taken note of the newspaper report of the governor's declination to entertain the claim. Nothing can be done by the department, therefore, except appeal to congress for an application to pay the claim, and this will probably be done.

Orders have been given at the Navy department for the preliminary accepting of the submarine torpedo boats Grampus and Pike, built by the Union Iron works and recently delivered at the Mare Island navy yard.

Silver for Philippines.

Mr. Roberts, director of the mint, today purchased for the Philippine coinage 375,000 ounces of silver at an average of 54.946 cents per ounce, all except 75,000 ounces to be delivered at San Francisco. The total purchased to date is 5,162,070 ounces at a cost of $2,748,578, or an average of 53.245 cents an ounce.

Today's statement of the treasury balances of the general fund, exclusive of the $150,000,000 gold in the division of redemption, shows: Available cash balance, $223,089,279; gold, $106,062,050.

Brazil Has Money Crisis.

Brazil is now passing through a season of serious financial depression, but United States Vice Counsel Irvine at Rio de Janeiro reports that American trade will have an excellent opening as soon as conditions improve. Warning fortune seekers against coming to Brazil, he says:

"Many letters come describing persons who are supposed to have died, leaving fabulous fortunes which the Brazilian government is holding pending the appearance of the heirs. Brazil is not a custodian for any such fortunes.

The claims against the Charleston Exposition company for labor and materials was paid today by treasury warrants aggregating $59,743. The last congress appropriated $160,000 for that purpose.

The War department was informed some time ago that the native Indians and Eskimos in Alaska were in a starving condition and has instructed General Funston to report on the conditions in the islands. The reports of suffering came particularly from Nome. General Funston has submitted a preliminary report in which he says steps will be taken immediately to ascertain through army officers in Alaska the extent of destitution. The general contemplates visiting Alaska, when he will make further inquiry. He says that he has spent considerable time in Alaska and asserts that before there was a mining camp in the Yukon country there were cases of destitution and starvation among the natives. Some twenty years ago, on St. Lawrence island the entire population, some 1,400 people, starved to death in one winter.
