BLUFFS TEAM GETS DRUBBING Twelve to a Row of Ciphers.

Council Bluffs suffered a rather humiliating defeat in the game with Sloux City on the Manawa diamond yesterday afterput in the box for his first tryout and the delivery over the field pretty regularly and made six runs in the first inning. This caused a demoralization from which the Bluffs team failed to recover, and the Sloux Cityians scored a seventh run in the fourth inning and four more in the seventh, while the locals continued throughout to pile up the goose eggs.

The game was not satisfactory to the crowd, and the crowd was not satisfactory to the management. Not so good ball was shown as in the game between the Bluffs and Lemars on Thursday, and the crowd was even smaller than on that day, scarcely 100 people being present. Buck Kelth says he is no quitter, but that if Council Bluffs is to have a ball team worthy of the name the enterprise must have support. The small attendance is in part attributed to the great distance the field is from the heart of the city and the difficulty and delay in getting there with a service requiring a change of cars on the way and a multiplicity of fares. This will in part be remedied soon, as the regular Manawa train service is to be put on by the motor company tomorrow. The score

Knocks Down Holdup Men. William Farrell, who recently arrived on a visit to relatives at 1108 Ehghth avenue, had an exciting experience with two hold-up men about midnight Wednesday on Broadway near the Northwestern tracks. The

men, who were standing in the doorway of saloon, knocked Farrell down with a blow from behind as he passed. Farrell, however, quickly regained his feet and felled both of his assailants. They managed to escape by running south on Eleventh street before Farrell could summon assistance. It is thought that the hold-up men were hangers on of the Wild West show. YOUNG MATHESON GIVES UP

In Company with His Attorney Present Himself to the Sheriff.

ILL FROM EXPOSURE AND LACK OF FOOD Says He Has Been in Canada Since

Making His Escape After the Shooting of Deputy Sheriff Baker.

George Matheson, the young man who shot and seriously wounded Deputy Sheriff Baker at Weston, this county, on the night of May 7, surrendered yesterday afternoon to the authorities and is now behind the bars at the county fail. He is quite III from exposure and lack of proper food and the services of a physician had to be secured for him shortly after his arrival at the fall.

Young Matheson was accompanied from his home at Weston by Attorney Emmet Tinley, one of the attorneys retained to defend him, who delivered him over to the sheriff's office shortly before 5 o'clock last evening. The indictment against Matheson charges assault with intent to commit murder and his ball was fixed at \$10,000. In view of the fact that Deputy Sheriff Baker is now rapidly recovering from the effects of his wound, counsel for Matheson expects the court will consent to reduce the amount of the bond. In any event ball will be furnished, it is said.

Matheson, when placed in the county jail, declined to talk beyond stating that he had been in Canada since the shooting had returned to give himself up of his own free will, as he was tired of being a fugitive from justice. His looks did not belle his statement that he was ill and he had every appearance of a man who had suffered from want of food and rest. His face was covered with a thick beard, indicating that he had not shaved from the first night of his flight.

Story of His Wanderings.

Although Matheson declined to talk

These are the committees in charge of Matheson, when placed in the county

Although Matheson declined to talk evidently acting upon the advice of his attorneys, Mr. Tinley gave an account of the young man's wanderings since the night of the shooting. He said that following the shooting and after Matheson had made good his escape from Deputy Sheriff Knox, he made his way to Loveland, where he caught a freight train and twent to Sioux City. From there he worked his way into Minnesota and for a few days worked on a section gang at Northfield.

A few days of Canada made him homesick and he decided to return Sioux City Wins it by a Score of and give himself up. He reached his home at Weston at 4 o'clock yesterday morning, having been two weeks on the road home He said he had eaten nothing practically during the last three days of the trip. Matheson's father came to the city yesnoon, the score being 11 to 0. Metz was best for the boy to surrender himself and batted his Attorney Tinley at once drove out to Wes-

The authorities do not altogether place credence in the story of the young man's wanderings as related by his attorneys. They say there are several discrepancies the story. In the first place, they point out that while it took two weeks for him to make the return trip from Canada, It only took him one week to get there after stopping in Sioux City and Minnesota, where he worked, as he said, with a railroad section gang. The authorities are of the opinion that the young man has been at or near his home since the night of the shooting and that his relatives supplied him with provisions at night time, but that becoming seriously ill, it was found necessary that he have medical attendance, so it was decided that the best thing would be for him to give himself up to the authorities.

Wrangle Over Preamble to Platforms Adds the Only Spice to the Convention.

MARSHALLTOWN, Ia., May 28 .- (Special Telegram.)-After wrangling five hours today over the preamble to the resolutions the prohibition state convention late this afternoon finished its labors, adopted a platform and nominated the rollowing state

For Governor-J. F. Hanson of Mahaska For Lieutenant Governor-J. H. Scull of

Henry county. For Superintendent of Public Instruction J. A Ward of Polk county.

For Railroad Commissioner-E. Dewey of Woodbury county. For Attorney General-William Orr of

Page county. Hanson was nominated on the first ballot, the vote standing 202 to 101 for Scull, the only other candidate.

The debate on the preample was unique one of the tamest conventions in the history of the party. After the convention in 1902 some prohibition leaders discovered that the preamble to the platform practically made Jesus Christ responsible for the saloons and other evils, in words which state "all governments derive their au

thority from Jesus Christ." This year a change was demanded. Two reports were brought in by the committee. The majority report was a modification of last year's preamble, designed to correct the principal's office in the high school the error, but still keeping Christ in the preamble. The convention, however, adopted a substitute, simply recognizing the authority of God in affairs of men. The platform declares for state and na tional prohibition; equal suffrage; repeal of

the Martin law; enforcement of all laws; stricter divorce laws; arbitration; nonpartisan commission to deal with trade and election of senators by the people; legisla tion against trusts.

Damage to Glenwood Institution Might Have Been Much Worse Had New Boilers Been

in Pince.

(From a Staff Correspondent.) DES MOINES, May 28 - (Special.)-Chairman Cownle and Judge Robinson of the Army of the Republic Saturday will be State Board of Control returned early this morning from Glenwood, where they went with the state architect, H. L. Liebbe, to plan for the repairs and improvements at plan for the repairs and improvements at won, the State Institution for the Feeble Minded. third. of the day will be delivered by Rev. A. They made arrangements for the work that is immediately necessary at the institution, but they have arranged for a meeting of the state executive council next Monday to see what the state can do in the way of securing an emergency appropriation. The actual damage to state property is at least \$60,000, but more than this would be needed to replace the buildings as they should be replaced. The board has no money at its command for repairs. The providential fund at the command of the state executive council is now down to less than \$4,000. In 1896, when the main uilding at Glenwood was struck by lightning and burned, the executive council gave \$40,000 for immediate use, although it had not a dollar at its command legally, and later the legislature unanimously indorsed this action by covering the appropriation. The council will be asked to do something at this time toward relieving the board.

at this time toward relieving the board. The funeral of one of the victims of the storm at Glenwood occurred yesterday, but they were waiting for the relatives of the other child. There were 100 children in the dormitory when a part of the roof was broken down. This is one of the oldest buildings at the institution and was originally built for the Iowa Soldiers' Orphans home in 1896. A temporary roof can be placed on the part not torn down. The school at the institution is to be closed and that building used as a dormitory. The power station was badly injured by the fall of the eighty-foot smokestack. The board was fortunate in that three boilers soon to have been installed to take place of old ones removed were not yet in place, but can be set up in two or three days. The light for the custodian building and hospital is now furnished from a plant in the former building. The board was fortunate in that an independent pumping plant has been provided and was started only this week, so that there is water for the institution.

Tie Vote for Senator.

BOONE. In., May 28 .- (Special.)-At the caucuses held here last night a heavy vote was cast for state senator, the contestants heing S. L. Moore and C. J. Ericson. The result is still in doubt, as all the country precincts have not yet been heard from From present indications it appears that each party will have forty-three votes in the convention, with Union township to hear from. It has three votes. The parties had agreed to divide the vote of this township equally, in which case each will have forty-four and a half votes, and consequently there will be no choice in the con ention. The latter will be held tomorrow.

RELIANCE WALKS FAST AWAY

Leaves Columbia Far Behind, While Constitution's Hoodoo Gets in Its Work.

NEW YORK, May 28.—Constitution's hoodoo almost spoiled the race of the trio of cup defenders in Long Island sound today. After sailing nine miles of the first leg of the race Constitution's topmast was carried away in a little puff of wind and it was out of it for the day. When the accident occurred Constitution was half a mile behind Reliance and was leading Columbia by an equal distance. Reliance and Columbia finished the race, but it had become a procession, for Columbia was never formidable after the first five miles had been sailed. Reliance crossed the finish ling a winner by eight minutes and twenty-seven seconds.

After a bit of jockeying at the starting line, Captain Rhoades put Constitution in the position he coveted on the windward side of Reliance, although Captain Barr had sent Reliance the whole length of the starting line clear to the mark opposite the committee boat before he would give way and permit Constitution to cross and take that position. The luffing game continued after this starting line was crossed and Reliance's superior speed had pulled it out of a bad position. Then twenty minutes after the start the two rivals kept off for the turning mark. Constitution was carrying a big balloon lib topsail, while the other boats were smaller reaching ones. Reliance had gained half a mile on Constitution when the latter felt the disastrous puff. The starboard upper spreader which stiffened the topmast gave way and the hollow wooden topmast snapped off eight feet above the main masthead. The broken spar, together with the club topsail across the main peak halvards. The topsail was torn half across its width by the falling gear, but none of the spars had struck the deck. The yacht was hove to and the wreckage quickly cleared away.

August Belmont, its manating owner, who was on board, said that Constitution's spare topmast was in Bristol, and that he

Cancerous Ulcers

ROOTED IN THE BLOOD. After the age of 45 or 50 when the vital powers are naturally weaker it is noticed that a hurt of any kind heals slowly and often a very insignificant

scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long

ulcers.

A small pimple came on my jaw, but gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time then the Canzer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. s. and determined to give it a fair trial, and it is remarkable what a wonderful effect it had from the beginning; the scrobegan to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good. Mrs. R. SHIREE, Wyaconda, Mo. are large eating, sloughing

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old faint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean they are not healing. A blood and a tonic to build up the general system is what

sthe surface clean they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it and medical advice or any information you may desire will be given by our physicians without charge.
