## PRESBYTERIANS END WORK

Adopt Resolutions Severely Denouncing Senator Reed Smoot. DEMAND HIS REMOVAL FROM SENATE. Call Upon People to Seek Constitutional Amendment to Prevent Polygamy, Which Resolutions Declare Still Exists.

LOS ANGELES, Cal., May 29.—The 115th General Assembly of the Presbyterian church dissolved this afternoon at 4:45 o'clock, all business before it having been completed. The Presbyterian General Assembly today unanimously adopted the following resolutions reported by Rev. Dr. W. H. Hallaway from the standing committee on home missions, to which the question of Mormonism had been referred: Whereas, The hierarchy of the Church of Jesus Christ of Latter Day Saints, persists in the active encouragement and practice of the crime of polygamy in disregard of their own pleadings and oaths to the contrary; in contempt of the ethical convictions of the American people, and in defiance of laws and constitutions of the state and the United States; and Whereas, This hierarchy, recently, January 30, 1898, through the Utah legislature, had elected to the United States senate a high ecclesiastic, one of its chief authorities, the Apostle Reed Smoot, in direct violation of its pledges to the nation to refrain from interference with the affairs of states; and Whereas, This apostle, Senator Reed Smoot, is a direct representative of polygamy, born of its system and in cordial sympathy with it as a divine institution, revealed as a law of primary obligation and made mandatory by the most solemn sanctions, and has encouraged its perpetuation and practice by his personal influence as an apostle; and Whereas, This doing this the apostle aids and abets criminals, menaces the American people, is unfaithful to the laws and constitution of the United States, pays his first allegiance to the first presidency and apostolate to which he belongs, and is a reproach to the honor and dignity of the American senate; therefore, Resolved, That this assembly most respectfully but earnestly calls upon the people of the United States to use their utmost endeavor, employing all honorable means, to secure the expulsion of Apostle Reed Smoot from the halls of the national senate and urge the senate itself and each member thereof to exhaust all legal means to this end and in accordance with the provisions of the federal constitution. This assembly also calls upon the people and congress of the United States in both houses, and each member of each house, to

employ and exhaust all legal means to secure such an amendment to the federal constitution as shall define legal marriage as monogamic and make polygamy under every guise and practice a crime against the United States, punishable by adequate penalties, including disenfranchisement and disqualification to vote or hold office in the United States, or in any state or territory under the jurisdiction of the United States. Dr. Henry Van Dyke presented the bills and overture committee a resolution, submitted by the committee on home missions, reciting the pitiful condition of the 6,000 or 7,000 Indians on the Maricopa and Pima reservations in Arizona because of lack of water and urging the secretary of the interior at Washington to "take steps without delay for the erection of a reservoir at San Carlos on the Gila river" for the relief of the Indians. The resolution was adopted unanimously.

**Closing Business.** Resolutions were passed to enable the stated clerk to carry on the business of the assembly after its dissolution. The report of the special committee to nominate delegates to the Liverpool Council of Reformed Churches was read and adopted.

The report of the special committee on sustenance was received and adopted without dissent.

There being no further business in the hands of the stated clerk, Moderator Coyne pronounced the closing address of the assembly.

**Lutheran Missionaries.** PITTSBURGH, Pa., May 29.—At the night session of the Lutheran missionaries the report of the nominating committee was agreed to, the only changes in the officers being Mrs. W. S. Haskins of Sacramento, Cal., to succeed Mrs. R. King as vice president, and Mrs. C. G. Heckert of Springfield, O., a member of the executive committee to succeed Mrs. G. D. Gottwald, resigned.

The next convention will be held at Springfield, O. It was decided to raise \$25,000 for that meeting, which will be the silver jubilee.

The convention then adjourned finally.

**LEXINGTON, Ky., May 29.**—The afternoon session of the general assembly was devoted to discussion of an overture from Tuscaloosa presbytery touching on a change in the wording of the confession of faith and infant salvation, in which the word "sacred" was asked to be omitted. The committee recommended a negative answer to the overture and Dr. W. H. Marquis of Louisville, Ky., offered the following substitute:

We recommend that the request of the presbytery of Tuscaloosa be answered in the affirmative.

**Aiding Porto Rican Farmers.** SAN JUAN, P. R., May 29.—The Banco Agricola has secured from Paris brokers a loan of \$500,000, which will be used for the relief of the farmers of Porto Rico. The steamer Lucas Amadeo is due to arrive in New York tomorrow to close a \$500,000 loan for a similar purpose.

**Premier Prior Exonerated.** VICTORIA, B. C., May 29.—The committee investigating the charges of improper official conduct against Premier Prior reported, exonerating the premier. It is probable that dissolution will occur tomorrow without supply being granted.

## MORE TROOPS ARE CALLED

Governor Sends New Force of Militia to Jackson.

NO STATEMENT AS TO THE REASONS

Request is Made by Major Allen and It is Thought Mob is Planning to Release Jett and White from Jail.

LEXINGTON, Ky., May 29.—Orders were issued at midnight to send more troops to Jackson.

Colonel Roger Williams, who was called to Lexington today, received a cypher message tonight from Major Embury Allen, who is in command in his absence at Jackson, stating the necessity for more men. Colonel Williams immediately conferred with Governor Beckham, who approved the call. Colonel Williams then called Captain Lillard of the Danville company by telephone and ordered him to immediately assemble his men and bring them to Lexington. The company will leave here for Jackson at 7:40 a. m., arriving there at 11 o'clock.

Colonel Williams later sent an order to Louisville for the company there to be held in readiness for orders to move in case they are needed. The message from Major Allen did not state what prompted the requisition for more men. Colonel Williams said:

It is true that the men there have been heavily taxed in the rigid patrol duty required and more men will relieve this. However, I will not surmise as to what development actuated Major Allen.

The Danville company will increase the battalion to about 115 men. Many people in Lexington contrast the call for more troops as confirmation of the rumors that a force of men who propose to recapture Jett and Tom White was being recruited in the interior of Breathitt county.

**Gatling Guns Are Mounted.** LOUISVILLE, Ky., May 29.—Advices from Jackson, Ky., this morning indicate that all is quiet. There was some firing during the night, but nobody was hurt. All mountain passes into the little city were guarded during the night by militia. Rumor is persistent that the mountaineers are gathering and will make an attempt to release Jett and White, and the vigilance of the authorities has been doubled. The Gatling and Hotchkiss guns are now in places believed to be the most advantageous to the troops and for the protection of the jail.

Nothing is known of the whereabouts of Captain B. J. McEwan, who left yesterday afternoon.

**LOUISVILLE, Ky., May 29.**—What is believed to be the first accurate report regarding an attempt to release Jett and White was received today.

It is that several of the mountaineers have been riding night and day spreading the news of the capture of the two men and urging the rescue of their comrades. The military authorities have decided to keep an outpost on all roads and mountain passes, not only at night, but during the day. This probably will result in a call for more troops and the field of operations widened. Correspondents have been put into a

## RETURNS VIOLIN TO OWNER

Koelcan Says that He Had No Intention of Keeping Valuable Instrument.

NEW YORK, May 29.—In the course of an interview, Jaroslav Koelcan, who has just arrived here, with the Stradivarius violin which he took with him when he sailed from New York about a month ago, said:

I feel very sorry for it all, because the whole affair put me in a bad light and it has got Mr. Clayton to announce to the world notwithstanding he has done me the great favor to loan me the beautiful violin. I am not guilty of anything, but I had friends who told me I could do what I liked with the violin.

It was not my intention to run away with it, and when I arrived at Cuxhaven and in the morning I took with me a message to my uncle, who told me to return the violin at once.

Koelcan said it had been planned for him to go on a concert tour at this time through Germany and Russia, but that this tour was abandoned in order that he might return to his country in person and with his own hands return the violin to its owner.

**MORTAL BLOW TO CABINET**  
(Continued from First Page.)

pected that there would be any separation of policy between the two. Therefore the liberals must fight the proposals with the utmost vigor.

He contended that the margin that Great Britain might gain by preferential trade with her colonies was comparatively small and not worth the risk of dislocating the three-fourths of her trade with the rest of the world.

Thus far the discussion reveals no extreme enthusiasm on the part of the unionists for Mr. Chamberlain's scheme, although the ventilation of the subject is eagerly welcomed. The unionist Spectator points out the coincidence that whilst Mr. Chamberlain is offering old-age pensions as the compensation to the workmen for the loss he may sustain through the preferential tariff, the vast pension list of the United States was largely created in order to get an excuse for a high protective tariff. In the Spectator's opinion, if the colonial secretary is foolish enough to force his proposals to an issue he will shatter his party as completely as Gladstone did the liberal party with home rule.

That such a rupture of the conservative party exists is admitted among the best informed members of the party. At least four cabinet ministers are said to be strongly opposed to the scheme, whilst Winston Churchill and Lord Hugh Cecil, who are credited with the intention of organizing an opposition to Mr. Chamberlain's plans, claim to be able to count already thirty conservative members of the House of Commons in their following.

At Brooks' club, the headquarters of the liberal unionist party, it was stated that

**POSTOFFICE IS TO CLOSE**  
Will Observe Memorial Day After Eleven O'clock—Morning Carrier Deliveries as Usual.

The postoffice will be closed at 11 a. m. today for the rest of the day, it being a legal holiday. The morning carrier deliveries will be made as usual, though the city hall, court house, banks and some business houses are to close. All the offices in the federal building will be closed, with the possible exception of the district and circuit court clerks' offices. Considerable business is booked for both of these offices, and the hearing of the Crews contempt case is set for the morning hour.

**Storer Goes to Paris.** VIENNA, May 29.—Ambassador and Mrs. Storer will start for Paris tomorrow on their way to the United States. They intend returning to Europe early in September.

## REVENUE COLLECTOR STEPHENSON SAYS SALES OF TAX STAMPS ARE INCREASING.

"The number of government taxpayers is steadily increasing in this district," says Collector of Internal Revenue E. H. Stephenson. "This is true not alone in Omaha and the other larger cities of the district, but in the smaller towns. It means, of course, the increase of drug stores, liquor establishments and tobacco stores. It means more. The increase of these establishments means an increase of population, and I cannot see that Omaha has any reason to feel any discouragement."

"Another feature that is an interesting one is the remarkable growth of the dairy industry in this state—particularly, we notice it here through the rapid increase of the sale of butter stamps. I am surprised at it myself, and I venture the prediction that the time is not very far distant when the dairy products of this state will equal in value all other agricultural products. The establishment of creameries throughout the state is the cause of it, and these are constantly increasing. We come in direct contact with this industry through the special field deputies of the Internal Revenue department, who act as inspectors of the butter products, but not in connection with the Agricultural department."

"As for the increase of population in the state as shown by the internal revenue receipts, the beer and tobacco shippers give us accurate information and the shipments of these products is constantly increasing, indicating a larger consumption, and that the goods are going into communities newly created."
