Protest Against Seining.

OMAHA. May 27.—To the Sporting Editor of The See: For the past two or three weeks it has been an every-night occurrence to see parties seining in Cut-off lake. It seems to me that a good part of the vigilance of the game wardens must be wasted in the sand hills, where the population is scattered to such an extent that what game and fish are there really do no one any particular good, while the only available bit of water around Omaha where the ordinary fisherman can spend an afternoon is left to the mercies of a few people to sein. They may possibly make \$5 cut of a night's work, while we who go there legitimately for fish may sit all summer and never get a bite. I think the rule that everything should be for the greatest good to the greatest number should make the warden especially vigilant in watching Cut-off lake. There is no use in the state depositing spawn in this lake unless he is especially vigilant, as half of them can be killed in one night's seining in the lake. Standing of the Teams. Played. Won. Filipino Girl Accuses Officer. On the recommendation of Judge Advocate General Davis, the commanding general in the Philippines has been instructed to investigate the case of Lieutenant Sidney S. Burbank of the Sixth infantry, stationed at Fort Leavenworth, Kan., who is charged by a Filipino girl, who claims to be his wife, with desertion.

It is alleged that the marriage occurred in the Philippines several months ago, when Lieutenant Burbank was there with his regiment. The Filipino girl recently applied to the War department for assistance. She alleges that she is the legal wife of Lieutenant Burbank and that he abandoned her and made no provision for her support. She asked that the department compel him to support her. She filed a copy of what she claimed was the marriage cer-

tificate. Lieutenant Burbank denies the marriage and characterizes the certificate as a forgery. To clear up the matter General Davis has been instructed to ascertain the facts in regard to the alleged marriage and the issue of the alleged certificate. Lieutenant Burbank is reported to be engaged to marry young woman of Leavenworth, Kan.

Blooded Yearlings for New York.

James Warrack, general agent of the Union Pacific at Sacramento. Cal., came in Monday morning in charge of a large shipment of race horses for the eastern market. Mr. Warrack said: "The Rancho del Pase Land company near Sacramento. Mr. J. B. Haggin, owner and John Mackey, superintendent, ship each year a train load of yearlings to their annual sale at Sheepshead Bay. N. Y., and our line hauls the train from Ogden to Council Bluffs. These colts are bred from such noted running stallions as Sir Modred. Watercress and Golden Garter, and bring an average of about \$1,500 each. This year's train consisted of seventeen special horse cars with fourteen head per car, or a total of 238 blooded horses. In addition to the horses each car carries five men."

Superintendent Mackey's private car "Ben Ali" brought up the rear. It will cost \$850 per car to take these valuable young animals from the Pacific coast to New York.

The day was one of anxious inquiry among Blooded Yearlings for New York.

NOT TOO LATE FOR REPLANTING, HOWEVER

Wheat, Rye and Oats Suffer Little From Rains, but Are Subject to Degradation by Rust and Rank Growth.

The excessive rains of the past week have worked much damage and delay to the corn in that part of Nebraska lying south of the Platte river, according to A. H. Bewsher, secretary and treasurer of the Nebraska State Grain Dealers' association. Mr. Bewsher has just returned from a trip through the South Platte country and his estimates are based upon observations of the fields, and from conversations held with grain men along the route. He found that wheat, rye and oats have suffered little and are in fine condirust and rank growth if the wet weather is long continued. Another seven days like the week just closed will cause untold damage to these smaller grains, in his
