Ladies' Oxford Shoes. On sale Friday at \$1.90.

Friday will offer 30 cases, 360 pairs of women's new oxford shoes. These oxfords were made for us by a maker who couldn't make a poor shoe if he wanted to, for his factory isn't equipped for it, his hands wouldn't do the work, and he hasn't a foot of dishonest leather in his whole factory.

These oxfords are made of genuine vicid kid, in welts and turns, on the most stylish lasts. They are as honest oxfords inside and out as a maker can make. The price is \$1.90 per pair. Wouldn't you rather buy an honest oxford, made for this time of this year, and pay \$1.90 for them, than to buy a pair made for last year, worth \$1.90, then, marked \$3.00 by a greedy merchant and marked down to \$2.50 this year?

REPAIR WORK SOON TO BEGIN. Railroads Hit by Floods Plan Extensive Campaign of Reconstruction. IMPOSSIBLE AS YET TO ESTIMATE LOSSES.

Union Pacific Contemplates No Marked Expansion as Result of Settlement in Strike of Its Shopmen. The Union Pacific, Burlington, Wabash, Missouri Pacific and Rock Island, the five Omaha lines whose property was so extensively damaged and destroyed by the floods in Kansas and Missouri, are making every preparation for the work of reconstruction that will begin at the earliest possible moment.

Missouri Pacific to Kawville. The Missouri Pacific ran its first train since the flood to Kansas City, Kan., yesterday. By boat connections, which have been arranged, communication with Kansas City, Mo., is opened up. For two days this road has been running from Omaha as far south as Atchison and yesterday City Passenger Agent Godfrey was advised by telegram from Atchison that train No. 60 had been sent on down to Kansas City and that the service would be continued.

Congestion in Freight. The railroads are about to be confronted by another serious task as a result of the congested conditions due to the floods. Freight that has been tied up for an about a week is now beginning to come in and will continue until the tremendous volumes are off hands. The Rock Island is already finding itself rushed to handle the surplus that is on the roads. As in the case of the mails, the freight will demand the employment of extra crews to handle it.
