even, sach fighting very carefully. At the
end of the seventh Forbes staggered to his
corner and fell down and from then until
the eleventh the fight clearly belonged to
Feltz. In the middle of the eleventh round
the fight was stopped and the decision
was awarded to Feltz because Forbes was
too weak to continue the contest. In the
preliminaries "Young Kid McCoy" of Pittsburg knocked out Billy Trueman of Brooklyn in the shortest fight on record in
this city. Only two blows were struck, the
second being a right uppercut which
knocked Trueman out.

AFFAIRS AT SOUTH OMAHA

Public Mesting Touight to Direuss the Proposed Bond Issues.

SPECIAL COMMITTEE TO SUBMIT REPORT

Representatives of All the Improvement Clubs Are Invited to Participate in Meeting-Magic City Gossip.

Considerable interest is manifest in the neeting to be held tonight at the parlors of the South Omaha club by the Commer cial club and representatives of the various improvement clubs. The object of the meeting is to discuss the proposed bond issue and to listen to a report from the special committee appointed Monday night by Chairman Freitag of the Commorcial club. This committee is composed of P. A. Wells, J. H. Bulla and Charles A. Dun-

It has been the purpose of the committee to secure statistics and other information relating to the issue of bonds and the amount of interest to be paid, in case the conds carry, as compared with the outlay at the present time. While this committee will hardly be in a position to make a complete report it will have quite a bit of data at hand to submit to the meeting. A more detailed report will follow at another meeting to be held the first part of the

Representatives of all of the improve ment clubs in the city are urged to attend this meeting and voice their sentiments in regard to the proposed issue of bonds. I is asserted that if bonds are issued at this time there will be plenty of work for artisans all summer and perhaps far into the winter. In case, however, that it is found mpracticable to begin work this summer on account of labor troubles or the scarcity of building material the city will lose nothing, as it will receive the accrued interest when the bonds are disposed of. In the high school proposition, the city hall issue and the sewer bonds a limit of 5 per cent is placed on the bonds. Some of those who favor the issue assert that the bonds can be sold at 4% per cent, but bankers and brokers say that if sold at 5 per cent the city will reap quite a benefit to premiums, while at the lower rate of interest the premiums would not be nearly so large.

Annual School Census.

Blanks for the taking of the annual school census were received by Superintendent McLean yesterday and the enumerators appointed some time ago will begin work at once. While the work of taking the census is supposed to occupy only one month, it is understood that more time will be granted if necessary. As a general thing, however, the enumerators manage to get through in time to make report to the Board of Education at the regular meeting in July.

Last year the enumeration was anything but a success, as it was openly charged that the enumerators had padded the rolls. This is not particularly surprising, as the enumerators are paid 3 cents for each name. Last year's enumeration by wards follows: First ward, 1.001; Second ward, 2.016; Third ward, 1.805; Fourth ward, 505; Fifth ward, 987; Sixth ward, 681; total, 7,035. As less than 5,000 pupils were enit is fair to presume that an error was made in last year's census.

The enumerators this year are: First ward, J. W. Cress: Second ward, Mrs. Mary Neenan; Third ward, Mrs. Cary Mul-

Cattle Winter Nicely.

H. C. Postwick, cashler of the South Omaha National bank, returned yesterday from Wyoming where he spent a week looking over his cattle ranch. "All of our cattle," said Mr. Bostwick, "came out of the winter in unusually good condition and the herds are now doing nicely on the ranges. Our losses during the winter were less than normal, which of course is very gratifying." In the course of the conversation Mr. Bostwick remarked that shipments of range stuff would most likely be a little later than usual this summer as the spring has been a little backward. From Sheridan, Mr. Bostwick drove 150 miles to the south and found the cattle and ranges in good condition and as a general thing ranchmen perfectly satisfied with existing conditions.

Engles Bury Charles Akofer.

Aerie No. 154, Fraternal Order of Eagles had charge of the funeral of Charles Akofer yesterday afternoon. About seventy members of the order met at the lodge rooms and marched in a body to the family residence, Twenty-fourth and K streets. At the house Rev. Dr. R. L. Wheeler of the Presbyterian church and Rev. George Van Winkle of the Baptist church conducted the services. The Eagles escorted the remains to the grave at Laurel Hill cemetery, where brief services were held. The pall bearers were: John Briggs, James Van Arman, Louis Williams, John Riches, T. J. Heavy Stock Receipts.

Thursday's receipts of livestock at this market numbered 30,404 head, divided as follows: Cattle, 6,500; hogs, 13,728; sheep, 96 and horses, 80. The cattle, hogs and sheep were bought up rapidly by the packers, although the big receipts caused a slump in the market. Up to date the cattle receipts show an increase over the same date last year of 94,960 head, while sheep receipts have increased 155,637 head. The deficit in hog receipts is now down to 95,264 head and will doubtless be decreased a great deal more within the next two weeks. Commission dealers and packers look for an

other big run today and also on Saturday. Special Directors' Meeting. A special meeting of the directors of the South Omaha Livestock exchange was held moved to Peorla, Ill., and for some time yesterday afternoon to take some action worked in the coal mines.
