

## Special Sale of Hosiery

There are times when the line of sizes in stocks become broken and no duplicates can be had. We gather such lines together and reduce the price in order to close them out quickly. Today we find several broken lines in our hosiery department and have reduced the price for Saturday's selling.

Women's black cotton hose, made with double soles, heels and toes, ribbed top, our regular 35c or 3 for \$1.00 quality—Saturday your choice for 18c, or 3 pairs for 50c.

Women's out-size cotton hose, in all black or black with mace split foot, regular 25c and 35c qualities—Saturday's price 18c, or 3 pairs for 50c.

A few fancy lisle thread hose, regular \$1.25 and \$1.50 quality, Saturday, 50c per pair.

**SATURDAY SPECIAL**—London twine voile, 44 inches wide, black only, never sold for less than \$1.35—Saturday's special price, 98c a yard.

## THOMPSON, BELDEN & Co.

V. M. C. A. Building, Corner Sixteenth and Douglas Sts.

depth of six inches for several hours. Loss to crops along the river bottoms is heavy. While the storm was at its height a one and one-half story house came down the river and struck the Penton bridge, cutting it in two. The St. Louis Plate Glass works at Valley Park were damaged considerably from the flood.

**CHESTER, Ill., June 5.**—The Mississippi river at this point is rapidly rising. The rise has been so great within forty-eight hours that it threatens to do great damage to property of persons living at Kaokaia island.

The home of Stanley Jones, on Kaokaia island, is entirely surrounded by water to-day and friends of the family in Chester have sent aid to their rescue.

**Hannibal is Stranded.**

**HANNIBAL, Mo., June 5.**—The Mississippi has fallen four inches here, but this fall is due to the break in the river levee today, whereby a vast volume of water poured across the lowlands of Illinois. Indications are that the river will resume rising before morning, as tonight it became stationary. The gauge tonight registered twenty-four feet and four inches, which is almost nine feet above the danger line. Hannibal is still inundated in its business portion and the situation is very gloomy. No Burlington trains moved today and on the other roads very few trains were operated.

**President Burt Gives \$1,000.**

George J. Gould today sent \$1,000 to the Kansas City, Kan., relief committee, and President Burt of the Union Pacific \$500 to each Kansas City. These were other important contributions of money and supplies and the total cash received in both cities is about \$75,000. Not all the 30,000 people driven from their homes have received assistance from the public, but food and clothing and other necessities are being distributed. Nearly all the sufferers have returned to their employment and homes as soon as the water will permit.

It is thought that half of the flooded area, where the water is still rising, will return to the houses to clean and repair them and to save what they can of their household goods, and wage-earners will go to their places of work. Each day will see a material decrease in the number of homeless. The conditions are the same on both sides of the river, except that Kansas City, Kan., has much the greater number of refugees. The military camp in Wyandotte opens with 1,000 inhabitants, whites and negroes being separate. The military camp in this city opens with 500 inhabitants, the refugees who have been in the churches. The Convention hall camp, which accommodates 2,000, will be maintained. Sanitary conditions are excellent in all camps and there is little sickness.

**Two Cities Again in Touch.**

Permanent wire communication was opened up between the two Kansas Cities today, for the first time since Sunday, and this will aid wonderfully if the work of restoring the city can be hastened.

The several hundred refugees from Armourdale and other districts who have been housed in Convention hall were removed today to tents in the southern portion of the city because of the unsanitary condition of the hall.

The citizens' general relief committee of Kansas City, Mo., has issued a statement to the public giving thanks for sympathy and offers of aid and asking that assistance be sent to Kansas City, Kan. Offers should be addressed to W. H. Craddock, mayor of Kansas City, Kan.

Rivers generally throughout Kansas are still falling, while a cloudburst, which submerged fields, swept away small buildings, washed out bridges and culverts and caused a small creek to rise six feet within half an hour, is reported from Paola. As far as learned no lives were lost.

At Leavenworth the Missouri fell twelve inches during the night; at Lawrence the river went down four feet and now is about eight feet below the highest mark; and at Enterprise the Smoky Hill is down six inches. No details have been received from Linwood, the small town near Leavenworth, which yesterday was reported completely submerged.

**Jefferson City Dark.**

**JEFFERSON CITY, Mo., June 5.**—The Missouri river reached its maximum height at 2 o'clock today when the gauge registered 31.4 feet above low water mark, and since that time up to 10 o'clock it has been stationary. It is expected that the stage will begin to decline before morning.

No further danger is anticipated at this place. The rise of more than one foot last night stopped the electric light plant, and as the gas plant had already been flooded out the city tonight is in total darkness.

**TRAIN SERVICE RECOVERING**

Roads are Speedily Arranging Various Ways of Entering and Leaving Kansas City.

**KANSAS CITY, Mo., June 5.**—The Missouri Pacific now furnishes the only direct line to St. Louis and besides its own trains the trains of the Wabash, the Santa Fe and Alton are using its tracks. The Santa Fe runs to Chicago by way of St. Louis over the Missouri Pacific tracks, and the Rock Island is also using the Missouri Pacific tracks. Connections are made from Kansas City, Mo., by means of a boat to the depot at Kansas City, Kan. The north line open traffic to Leavenworth, Atchison, St. Joseph and intermediate points.

The Rock Island, Chicago, Great Western, the Union Pacific and the Santa Fe Joseph & Grand Island continue to operate by boat to Randolph and thence north on the Grand Island line. The Rock Island is not operating further than St. Joseph. The Union Pacific is making connection with its western line at Grand Island. The Burlington is not operating in or out of Kansas City. The Frisco, the Missouri, Kansas & Texas and the Kansas City Southern are maintaining complete passenger and freight service.

**CHICAGO, June 5.**—The Rock Island yesterday established a train service to St. Joseph, connecting with the Missouri Pacific for Kansas City, Mo., being transferred by boat from the latter point. The Rock Island officials announce that in view of the rapidly improving situation at Kansas City and the southwest there is every likelihood that this service will be restored in the near future.

## RUSSIAN POLICE REPLIES

Gives a New Version of the Slaughter in Kishineff.

PROMISES PUNISHMENT OF OFFENDERS

**NEW YORK, June 5.**—The Christian Herald, in response to a cablegram sent to the czar, asking for an official report of the occurrences at Kishineff, has received a reply from the director of the Russian police department. (The reply follows.)

"The Russian police department, in the Christian Herald, New York, Russia's agricultural and laboring population is ill at ease. The material of the Russian police department is on widely different commercial interests, hence there is constant antagonism. The material of the Russian police department is on widely different commercial interests, hence there is constant antagonism. The material of the Russian police department is on widely different commercial interests, hence there is constant antagonism."

The strained relations existing between the Russian and Jews of Bessarabia were made manifest by the police of Kishineff in an outlying village a murdered Christian boy. Three murders were attributed by the police to the Jews. The police department of the Russian police department is on widely different commercial interests, hence there is constant antagonism. The material of the Russian police department is on widely different commercial interests, hence there is constant antagonism."

On Easter day, in the market place of Kishineff, the workers, while holiday-making, were killed by the police. The police department of the Russian police department is on widely different commercial interests, hence there is constant antagonism. The material of the Russian police department is on widely different commercial interests, hence there is constant antagonism."

## ENJOINS COAL OPERATORS

Combination to Fix Prices and Sell Through Common Agent is Illegal.

FINALE OF CASES STARTED LAST WINTER

**CHICAGO, June 5.**—A perpetual injunction preventing any combination of certain coal operators in Illinois and Indiana to sell their wares through one distributing agency and regulate prices, was issued by Judge Kohlsaat today. This was the end of the coal case which attracted much attention last winter, when the operators were indicted. The indictments were quashed and action later was begun by District Attorney Bates in the United States court.

The settlement of the case was agreed upon at a conference in the judge's chambers. The operators had been bound by a temporary injunction since March 19 last. The order of Judge Kohlsaat sets forth that the defendants entered into a contract to fix prices and to sell through one distributing agency, as the operators themselves admitted. The court finds that the defendants had entered into a contract to fix prices and to sell through one distributing agency, as the operators themselves admitted. The court finds that the defendants had entered into a contract to fix prices and to sell through one distributing agency, as the operators themselves admitted."

## TWO OPERATIONS

First You Must Cure the Grip Then Banish Its After-Effects.

"I was worse after the grip had gone than I was when I had it," says Mr. J. L. Hamall, proprietor of the Commodore hotel, at No. 115 South Madison avenue, Peoria, Ill. Many others who are still suffering from the effects of an attack of the grip will appreciate the statement. Mr. Hamall continues: "The disease left me in bad shape. I had night sweats, sleep did not refresh me, I could not eat, grew weak and had severe chills. Then, worst of all, rheumatism set in and nearly crippled me."

"After spending considerable money for medicines that only made me worse, I began taking Dr. Williams' Pink Pills for Pale People. Then I began to improve and by the time six boxes were taken I was well and strong again. Since then I have always kept Dr. Williams' Pink Pills on hand and my family has taken them at various times, always with good results."

After every attack of grip the health is shattered—the blood becomes poor—the flesh falls away, the sufferer grows irritable and every slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites pneumonia, bronchitis or even consumption. A specific, however, has been found which not only will quickly restore the health after an attack of the grip and expel the lingering germs, but, working through the blood, will render the system proof against the disease. In hundreds of cases it has been shown that Dr. Williams' Pink Pills for Pale People have accomplished this result. The power of these pills in the vast number of diseases due to impure blood, or to derangements of the system, has been demonstrated in thousands of instances. No one who is suffering can sufficiently neglect this way to restore health.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, 50 cents a box, six boxes for \$2.50. They are never sold in bulk except by the hundred by address Dr. Williams' Medicine Company, Schenectady, N. Y.

After every attack of grip the health is shattered—the blood becomes poor—the flesh falls away, the sufferer grows irritable and every slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites pneumonia, bronchitis or even consumption. A specific, however, has been found which not only will quickly restore the health after an attack of the grip and expel the lingering germs, but, working through the blood, will render the system proof against the disease. In hundreds of cases it has been shown that Dr. Williams' Pink Pills for Pale People have accomplished this result. The power of these pills in the vast number of diseases due to impure blood, or to derangements of the system, has been demonstrated in thousands of instances. No one who is suffering can sufficiently neglect this way to restore health.
