ins and Provisions All Show Weakness on Board of Trade.

MANY BULL INFLUENCES AT WORK

Fairer Weather, Lower Cables and Outside Selting Contribute to Reduce Prices-Packers Sell Pork.

CHICAGO, June 6.—Wheat opened weak and, although the market steadied somewhat later in the session, the close showed a loss for July of 140%c. Corn closed firm at a shade lower than yesterday. Oats closed strong at a gain of 140%c. Provisions were down 547%c to 15c.

General selling by commission houses caused the early weakness in wheat, July showing a loss at the opening of 140%c to 55%c, at 75%c to 5%c. Wenther improvement, lower cables and outside liquidation were the influences and, although buying orders became more numerous after the first half hour, inducing a better feeling, the market never recovered the early loss. Local traders were still inclined to the buil side and under their manipulation July went to 75%c, the close being steady at 15%c, a loss of 140%c. Clearances of wheat and flour were equal to 118500 bu. Primary receipts were 218,300 bu., against 570,900 bu., a year age. Minneapolis and Duluth reperted receipts of 23 cars, which with local receipts of 23 cars, which with local receipts of 23 cars, which with local receipts of the with local receipts of 23 cars—one of con-tract grade—made total receipts for the three points of 245 cars, against 231 cars a

three points of 245 cars, against 251 cars a year ago.

The cables and the weather caused commission houses to be heavy sellers of corn also early in the day and the opening showed considerable weakness, but some of the early sellers, when wheat took an upward tendency, became buyers and the market firmed up fully recovering the early loss. Crop reports were rather bullish and local traders bought freely late in the day. The close was stendy at the high point, 6%c, a shade below yesterday's close. Local receipts were 402 cars, with 25 of contract grade.

A rush of seiling orders caused a decline in oats at the opening, but later the mar-

oats at the opening, but later the mar-became strong, the close showing July No higher after ranging between 30%, d 37c. The strength was largely due to drouth situation in the east. Cash de-and was poor. Local receipts were 168

The provisions market weakened on selling of pork credited to some of the large packers and of ribs by brokers. The market was steady early in sympathy with the hog situation, but on free offerings with no support, prices could not hold and closing figures were 15c lower for September pork at \$16.50; 597% for lard at \$5.87, and 7% down for ribs at \$9.12%.

Estimated receipts for Monday: Wheat, 45 cars; corn, 476 cars; oats, 205 cars; hogs.

WOODS HOLE, Mase, June 6.—The
steamer Martha's Vineyard, plying between
the island of Martha's Vineyard and this
port, having on board a large number of
passengers, the mail and heavy freight,
collided with a fishing schooner off Vineyard Haven in a dense fog today and we
badly damaged.
One man was seriously injured and a
number of passengers were made unconsclous by the shock of the collision. The
damage to the steamer was all above the
water line and it succeeded in reaching
this port.

NO EVIDENCE OF INSANITY

Beiled in Spiritualism is Not Grounds
for Setting Will

Aside.

NEW YORK, June 8.—A will which had
been contested by realitives on the ground
that Mrs. A. D. Thompson, who made it and
left the bulk of her estate to Joseph Mahan,
a protege of her husband, was under the
influence of spiritualists and not of sound
mind, has been admitted to probate by
Surrogate Thomas.
The latter said in entering the order:
Almost everyone at some time investistate what is known as American spiritualism. That some people believe they can
but the fact of that belief is no ground
for the setting aside of a person's wishes
in his last will and lestament.

Sloux City Live Stock Market. SIOUX CITY, Ia., June 6.—(Special Telegram.)—CATTLE—Receipts, 200 head. Market steady, boeves, \$1.0094.90; cows, built and mixed, \$2.5094.90; stockers and feeders, \$3.5094.50; caives and yearlings, \$3.0094.50; https://doi.org/10.1009/s.200 head. Market 5c higher, selling at \$5.7095.90; bulk, \$5.75.

SHEEP—There were no fresh arrivals of sheep here today, so a test of the market was not made. For the week receipts have been vary light, as there is a decrease as compared with last week amounting to nearly 5,000 hoad and as compared with the corresponding week of last year the decrease amounts to about 1,000 head. Besides the receipts being light the quality has been extremely poor, so that a fair test of the market has scarcely been made.

Eastern markets are quoted considerably lower, but as local packers have all been anxious for supplies and there have not been enough to fill their orders good stuff is higher. Prices advanced about a quarter the lirst of the week and have not changed much since that time. The common wtuff, however, has been neglected more or less all the week and cannot be quoted any higher.

It cannot be said that there has been a feeder market this week, as practically nothing but culls has arrived and the decrease of the Cotton exchange board of managers is stated to have completed a scheme for the extendity basis, while the plan has not been made public, it is understood to include the certification of cotton through the licensing by the New York exchange of warehouse and samplers throughout the south. The machinery to carry out this idea will be rather intricate, but the committees expects that after the beneficial effects shall have been developed, the south freeze shall the week and cannot be quoted any will be trading in actual cotton, through the medium of warehouse receipts. The members of the exchange have not yet voted on the plan.

\$88,000,000 WORTH OF ORE

COLUMBUS CON. CO.'S PROPERTY according to report of a noted Eastern Expert, who has just visited the

property. The Columbus Co.'s property is located in the Black Hills, at Lead, So. Dak. It adjoins and covers part of the same ore bodies that have made the Homestake the greatest gold mine in the world. Homestake stock advanced from \$1.00 to \$115.00 per share, and has never missed a monthly dividend in more than 22 years. Columbus stock will undoubtedly show as large an advance and make fortunes for its lucky stockholders. Absolutely no chance for loss, as there is at least \$15.00 worth of gold ore in sight for every \$1.00 worth of stock issued. Work

I be begun on a 1,000-ton mill this coming month that will put the apany on a large dividend paying basis. Remember that \$100 invested in Homestake shows profits of over \$10,000, besides many times your money back in dividends. Columbus should do as well. Columbus stock can now be purchased for

80 Cents Per Share

and notice is hereby given that price will shortly be advanced to \$1.00. Stock can be purchased on the installment plan at \$90.00 per hundred shares, in payment of \$9.00 per month. A free trip for investigation to the Black Hills and return will be given to parties agreeing to purchase \$5,000 in stock. Send for experts' reports and prospectus.

A Mountain of Ore

Such is the literal, matter-of-fact description of the property owned by the South Dewey, Sunnyaide and "Great Dewey" Mining Companies. And this property is in the very heart of the greatest gold mining district in America—Thunder Mountain, Idaho. Read Both Sides-Do Your Own Thinking The South Dewey

The "Great Dewey"

has six claims—about 125 acres—about a third less than the South Dewey. The company's capitalization is \$5.000,000; face value of the shares \$1.00—real, pany's capitalization is \$5.000,000; face value as \$6.00. The mine produced steadily last year over \$1.00 (a day) with a small 16-stamp mill. It has more than \$40.000,000 of medium grade ore in sight.

He South Dewey

Tunnel site located by the first super-intendent of the "Great Dewey." Company's capitalization is \$5.000,000; par value of shares \$1.00—\$1.000,000 of stock being in the treasury—A SMALL MOUNT OBTAINABLE FOR A SHORT TIME AT TEN CENTS and is being sold for the purpose of piacing machinery on the property. It has developed an inexhaustible supply of gold ore OF THE SAME CHARACTER AND RICHNESS AS THAT OF ITS NEIGHBOR, the "Great Dewey."
