All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is Stuart's Absorbent Losenges; they are composed of the finest powdered willow charcoal and other harmless antiseptics in tablet form, or, rather, in the form of large, pleasant tasting losenges, the charcoal being mixed with honey.

The daily use of these losenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Losenges to all patients suffering from gas in the stomach and bowels, and to clear the complex on and purify

GRAIN FIRM GOES TO WALL San Francisco Dealers Owe \$1,250,000 and Have but \$700,000 to Pay Out.

SAN FRANCISCO, June 6 .- Eppinger A Co., one of the largest grain dealing firms in the United States, went to the wall today.

The crash came suddenly and for a time threatened completely to upset the local grain market. As it was, the announce ment of the failure caused a big bobbing of prices on 'change and wrought up such excitement as has not been witnessed on the floor for many years. It is thought that the liabilities will run up into the millions, while the London, Paris and American bank, the money house with which it deals, will also, it is said, suffer heavily.

Henry Ach, attorney for Eppinger & Co said this afternoon: At a meeting of creditors held in my office it was shown by the books of the firm that the liabilities were in the neighborhood of \$1,320,000. The assets, consisting principally of lands, wheat and general and personal property, are placed at \$700,000. Nearly all the creditors are partially or wholly assets.

wholly secured. The failure of the Eppinger concern the greatest and most far-reaching crash in the California grain trade since William Dresbach was forced to the wall seven or eight years ago. Although there had been a whisper of uncertainty in luner circles for several days, none of the brokers were oner, they dragged him out and hanged at all prepared for the startling announcement. It was known that the company was short on a large amount of December wheat and the failure at once brought about the most marked activity. Creditors of Eppinger & Co. began buying again the amount of the short account of the suspended firm, with the result that December wheat quickly rose from \$1.32 per cental to \$1.34%. After the bulk of the clined to \$1.32%.

The connections of Eppinger & Co. are in the grain markets of Europe.

Troops Still Guard Prisoners Suspected of Murdering Marcum Whose Trial is Due to Begin Tomorrow.

JACKSON, Ky., June 6.-The last day of the second week that Jackson has been under practical martial law was without incident of a disturbing nature. troops continue to maintain a rigid guard at the jail in which Curtis Jett and Ton White are confined. The special venir wil arrive from Magoffin county tomorrow and the jury to try the alleged murderers of J. B. Marcum will be selected from the sixty men. While a murder case came to light today

it has not diverted interest from the approaching trials of Jett and White. The latest murder is that of James Gay, an aged farmer, who was shot to death in a blind tiger in Perry county Saturday. Since inquests have not been held in Breathitt county for over a year the exitement was intense when Clinton Combes Lee Combes, John Sendlin and Barry Sizemore were arrested on the charge of murder. The coroner of Perry county held an inquest and on the evidence declared that the deceased came to his death from natural causes. The fact that he was shot became known to Judge Redwine who ordered an autopsy. The men accused deny the charge. It is said that Gay was lying under a tree and may have been struck by a stray bullet, as there was promiscuous shooting near the blind tiger.

Until the trial of Jett and White, which will be commenced Monday, the men will occupy separate cells. They had been in the same cell since the first night after their incarceration here. On request D. D. Hurst, Mrs. Marcum's father, Attorney General Bard applied to Judge Redwine for the order, which was granted.
