Mrs. Sarah E. Page, Baraboo, Wis., Curator of the French Section of the Ebell Club, writes from 423 Fifth Ave.:

"Peruna is indeed a valuable remedy for the cure of that most troublesome thing, a summer cold. Last summer I caught a cold, but paid no attention to it at first, but soon found it developed into a serious catarrh of the throat. I was very much worried, as none of the ordinary remedies had any effect on it. I was advised to give Peruna a trial, and in a few weeks' time I was so much better that I could sing without any effort. I therefore take pleasure in recommending Peruna."-Sarah E. Page. ·····

Corporations File Protest.

The public service corporations are making strenuous kicks against their assessment. The Lincoln Traction company, Nebraska Telephone company and the Lincoln Gas and Electric Light company have asked for reductions.

The telephone company, on a fifth of the actual value, is down for \$40,000, which means a total valuation of \$200,000 at the old figures. Manager H. Vance Lane declares in his protest that it had been overassessed to the value of \$100,000.

The Traction company's kick is a modest one. It wants the total valuation, inprotest, therefore, is based on the belief that the heating company's personalty ought to be \$7,309 and that of the Traction company at \$88,850, the remainder representing its realty.

The gas company, however, is loaded for bear. Its protest is very lengthy and is based upon a claim of disproportionate assessments, the ones which it considers lower in comparison being recited at length.
