

KING IN NAME ONLY

Peter Will Be Subservient to Serbian Army or Follow Alexander.

MILITARY DECIDE TO KEEP POWER

Revolutionary Leaders Really Dictate and Guards for Titular Monarch.

NO WORD GOES TO NEWLY ELECTED RULER

Government Shuts Down Expenses and Stops Those Seeking Pardons.

ANTI-REPUBLICANS ARGUE STRONGLY

Give Editor Choice Between Monarchical Views and Star Part in Execution and Then Make Him Minister.

BELOGRADE, June 16.—The position of King Peter I. promises to be little more than that of a royal captivity. The government of the country will be a military dictatorship under the leaders of the revolution, Colonel Misichin and Colonel Mitchevitch. The new king is almost without any personal adherents, and the ruling spirit of the army would just as readily murder him as they did his predecessor.

At the present moment the whole country is under military rule, and although no prefects in the country districts have been revoked, such is accompanied by an army officer who attends wherever he goes, even to the telephone. This policy has led to one good result—a single case of disorder anywhere has been reported.

Forceful Arguments Needed.

Extremely forcible arguments were found necessary to repress the radical aspirations of a republic. The foremost advocate of a republican form of government was I. Jubomir Schokovics, editor of the Belgrade Ojask. Finding him impetuous to arguments, the conspirators invited him to a dinner at the officers' club last Saturday. During the dinner his host told him that unless he agreed to support Prince Peter there would be one head less in Belgrade that night. M. Schokovics yielded to the force of this reasoning and accepted the situation. He is now minister of justice in the new government.

In spite of semi-official statements made this morning that the delegation of the National Assembly elected to the king had already started, it is still here. The government declares that the number of its members, twenty-four, would entail too great a cost on the country in the way of traveling expenses, but the real reason of the delay is that the government found some of its members averse to King Peter. These members sought the opportunity to become reconciled to him at the expense of the country. Now that the ministry has cut off their traveling expenses their duty is to make the journey with as little delay as possible, and the delegation will probably consist of a dozen members at the most.

It is believed that the army will try to make secret terms with the new king by which it will retain the supremacy it gained by the tragedy, but whether Peter will agree to the conditions is uncertain.

The chamber met at 10 o'clock this morning and adjourned to the cathedral, where a great thanksgiving service, including a Te Deum, was celebrated.

Extraordinary signs of interest is shown by the majority of the people in the events arising out of the revolution. The notes issued by the municipal authorities yesterday, calling on the inhabitants to decorate their houses in honor of the new king, were met with scant attention and the town by no means has a festive appearance. The illuminations last evening were not brilliant.

A military band marched through the town playing lively airs, but a heavy rain soon cleared the streets.

Remove Signs of Tragedy.

The town is perfectly calm and quiet is apparently assured. Guns boomed in honor of King Peter, and church bells rang merrily, simulating the king the main street and the town in general procession. Accompanied by all the panoply of the Greek church, a regiment of soldiers, with its band was carrying to the grave the remains of a young lieutenant, to whom had been accorded the title of the "army's hero," a title which was gained as follows:

The commandant of a division encamped in the environs of Belgrade was surprised in the palace by the conspirators on the night of the assassinations and managed to escape. He found a mounted orderly, took his horse and galloped to the encampment of his division to summon some of the regiments to the assistance of the king. Just before reaching the camp, the lieutenant who was buried today overtook the commandant and in the sanguinary fight which ensued, the commandant was killed and the lieutenant was mortally wounded, dying yesterday.

The new royal ciphers are reaching the military depots today and will be served out to the army before the arrival of King Peter.

The portraits of the late King Alexander are being removed from the walls of public offices and placed in lumber rooms.

Workmen were busy all day and night at the palace removing all signs of the tragedy and repairing the damage caused by flying bullets preparatory to the installation of the new ruler. It appears very unlikely that an official account of the crime will be published. The absence of all regret among the educated class is most striking and leads to the conclusion that neither the assassinations were extremely popular or the Serbians are the most impressive people in the world. As a matter of fact the whole country is governed by a few men and in many cases the peasantry are ignorant of the cause of the change.

Petinae Nicholas Estola King Peter.

CETTINE, Montenegro, June 16.—The proclamation of Prince Peter as king of Serbia was received with the greatest satisfaction by Prince Nicholas, King Peter's father-in-law, and the Montenegro generally. Salutes were fired, which rung and bands paraded the town, which was beflagged and illuminated at night.

Prince Nicholas made a speech to an immense crowd, extolling the virtues and bravery of the illustrious ancestors of King Peter and at the same time condemning the manner in which King Alexander was assassinated.

Milan's Son Not a Claimant.

CONSTANTINOPLE, June 16.—The report published in New York that Madame Christine and son, Milan, whose father was the late King Milan of Serbia, had left Constantinople for the Serbian frontier, is unfounded. They have not left Constantinople.

THIRTY BULGARIANS KILLED.

SALONICA, Turkey, June 16.—Several conflicts have recently occurred in Macedonia between insurgent bands and Turkish troops. Some thirty Bulgarians have been killed and many wounded.

AMERICANS BANQUET LIPTON

Knight Foretells Another Dinner with "Blooming Old Man" as Table Ornament.

LONDON, June 16.—Sir Thomas Lipton's last night in England prior to leaving for New York was signalled by a dinner party at the Carlton, given in his honor by George T. Wilson of New York, at which the leading American men in London and many distinguished British men were present. The room was profusely decorated with British and American flags.

Sir Thomas had an excellent welcome from the company, which included the United States consul general, Belmont of New York; Lord Deere, Fairfax, members of Parliament, Christopher Furness, Sir Gilbert Parker, Sir Hiram Maxim and Designer George Walton.

Mr. Wilson struck a note which was followed by the other American speakers, in saying that while not wishing Sir Thomas would lift the cup, Americans would rather see him successful than any other living Britisher.

In reply Sir Thomas said: "I have strong hopes that I shall soon be employed in getting insurance on the famous cup. I have had advantages which I have never had before. From what I hear Reliance is a wonder, for which I am glad, for we want to win against the best that America is able to produce. If my hopes are fulfilled I am certain the American people will not grudge me my success. I wish to say in conclusion, gentlemen, that I hope to meet you all again when I return, but with the difference that I shall have that blooming old mug on the table in front of us."

IRISH LAND BILL IN DANGER

Wyndham Quarrels with Redmond and Government May Go Down to Defeat.

LONDON, June 16.—A deadlock has arisen between Chief Irish Secretary Wyndham and the Irish leader, John Redmond, as a result of today's debate in the House of Commons, in which John Redmond's amendment to the Irish land bill abolishing the minimum price at which the landlord may sell, was opposed by Mr. Wyndham and rejected by the House. This deadlock imperils not only the Irish land bill, but the existence of the government.

During the present session the ministry has more than once escaped defeat because of the support of the nationalists, and while Mr. Chamberlain's fiscal policy renders the government's position precarious, the support of the Irish members is more than ever necessary to the government.

Several unionists supported John Redmond in the division lobby after having in the course of the debate vainly advised Mr. Wyndham to agree to a compromise. As a matter of fact, had the Irish leader challenged a division earlier in the evening the government would have been defeated and Mr. Redmond's amendment to this snatch an advantage from the division of many unionist members seems to indicate his desire to do everything possible to ensure the passage of the bill and endeavor to induce the government to reconsider its position.

The whole body of nationalists voted in support of John Redmond's amendment, with the result that the government's majority was reduced to 41.

HUNGARIAN CABINET IS OUT

Resignation Offered by Premier is Quickly Accepted by the Emperor.

BUDA-PEST, June 16.—Premier Dessell announced today in the lower house of the Hungarian Diet that he had tendered his resignation to Emperor Francis Joseph on Sunday last and that his majesty has accepted it.

Report that the cabinet intended resigning had been in circulation prior to the assembling of Parliament, so there was considerable tension in the house when it assembled.

The entrance of the premier was the signal for an outburst of cheers from his supporters, while the opposition retorted with scolding shouts of "What a happy funeral!"

The premier, rising, said: "I have repeatedly set forth the principles and views which have guided my policy in regard to the opposition manifested by obstructionists to the army bill. On these occasions I said my policy could only be followed as long as harmonious views prevailed among all the factions concerned. As such harmony no longer exists, I tendered my resignation to the king on Sunday last and his majesty has been pleased to accept it. I beg the house to adjourn pending the resignation of the cabinet."

The emperor has directed M. Stefan Tisza, a member of the lower house, to form a cabinet.

FATAL CHURCH CELEBRATION

Shrine Burned and One Man Killed During Corpus Christi Procession.

NEW YORK, June 16.—In a church procession of Corpus Christi the temporary shrine has been burned and one man killed by a cannon shot, says a Herald dispatch from Point Pitre, Guadalupe.

Political opposition, this being a French colony, caused the church to make a great demonstration. The procession was nearly two miles long. A small cannon which was hauled about for saluting purposes was discharged in a large crowd.

Mr. Sorraud, a merchant who was standing nearby, had one side blown away and was killed instantly.

POPE LEO IS IMPROVING

Doctor Finds Patient Much Better and Makes Change in Treatment.

ROME, June 16.—Dr. Lapponi visited the pope today and changed his treatment. The doctor says he found the pope better.

Hot Weather in London.

LONDON, June 16.—Not since 1879 has so wet a spell been known at this season. The rainfall for June then was four inches. Although the month is not yet half over those figures already have been passed. Three and a half inches fell during the last six days, Saturday and Sunday alone being responsible for more than one inch and a half. Remembering this is Ascot week, it will be understood that half of London is in despair over the unfavorable weather.

Thirty Bulgarians Killed.

SALONICA, Turkey, June 16.—Several conflicts have recently occurred in Macedonia between insurgent bands and Turkish troops. Some thirty Bulgarians have been killed and many wounded.

DEWEY'S MEN KEEP SILENT

Two Cowboys Go to Jail Rather Than Describe the Berry Shooting.

WILL STAY MUM TO SAVE OWN SKINS

Armed Men Surround Dock While Preliminary Hearing is On—Spectators Searched for Weapons.

ST. FRANCIS, Kan., June 16.—With an armed guard standing as a solid wall between them and the curious public, Chauncey Dewey, W. J. McBride and Clyde Wilson faced Justice Hall for their preliminary hearing this morning.

They are charged with the murder of Daniel Berry and his three sons two weeks ago in a fight on the range near the Berry ranch. No one was allowed to enter the court house until he had been searched for weapons and the strictest watch was kept on all.

The soldiers sat with their backs to the court and faced the crowd, thus having an opportunity to see everyone who entered the room. The line extended clear across the room from wall to wall. The array of legal talent here is probably the greatest ever witnessed at a preliminary hearing in Kansas.

The state is represented by Prosecuting Attorney Hotchkiss, Attorney General Coleman and Attorney Murphy. Noble and Colby of Beatrice, Neb. The defense is represented by Senator Hessing and Attorney Harvey, Scott and Moreland.

It was not until nearly 10 o'clock that the prisoners were brought into court. They appeared indifferent to the gaze of the crowd.

State Designates the Charge.

Attorney General Coleman announced that the prisoners would first give a hearing on the charge of murdering Bruce Berry.

The witnesses were then called and all answered. The Dewey cowboys, although in town, had not been served with the state's subpoenas and another long wait followed.

Ed Tucker, one of Dewey's cowboys, the first witness called, created a sensation by refusing to answer any of the questions put to him by Attorney General Coleman for the state. Tucker said he would refuse to answer questions because he understood that under the direction of the prosecutive committee could be provided for the proper selection.

The credentials committee recommended in its report that both the contesting delegations from Kansas be seated, each delegate on one-half vote. Johnson, the leader of the anti-administration forces, moved an amendment to the report that his delegation be seated to the exclusion of the other. He spoke for the amendment, reviewing the differences. Truman Plante of Wray, Ill., replied for the credentials committee.

The vote stood 123 to 312 against the Johnson amendment and the report of the credentials committee was adopted.

The election of officers will be held tomorrow and the question of readjustment of one-half vote, Thursday.

At the military camp of the Foresters the day was devoted to the prize drills. About half of the teams have drilled. The Rock Island, Ill. team leads so far with a percentage of 94. Dubuque, Ia., is second with 83.

GET SOMETHING TO ARBITRATE

Chicago Hotel Strikers Finally Agree to Peaceful Settlement of Differences.

CHICAGO, June 16.—Indications tonight are that the hotel and restaurant strike begun last week will be settled by arbitration, and that the strikers will return to work on Thursday morning. Such strong pressure from outside labor organizations was brought to bear on the joint board of the striking unions it has at last consented to a proposition which virtually ends the strike.

The strikers have held out all along against submitting their grievances to arbitration. He made an examination, but could not tell whether the bills entered from behind or in front.

George Shafer, P. E. Waldin and L. L. Capron, neighbors of the Berrys, did not see the shooting, but immediately after hearing the reports of the guns went to the ranch and found the bodies of the unfortunate men lying on the ground.

MORE TROOPS FOR MORENCI

General Baldwin Decides to Keep Up Force of Soldiers to Curb Strikers.

DENVER, Colo., June 16.—Awaiting advice from Washington, General Baldwin today sent orders for one troop of the Third Cavalry to proceed with all haste from Fort Apache, Ariz. to Morenci.

Yesterday it was believed the spirit of the strike was broken and Colonel Lebo, commanding five troops of the Fourteenth cavalry at Morenci, was ordered to return his command to Fort Grant and Huachuca, but more recent developments have shown the advisability of keeping federal troops on the spot.

WABASH WARS WITH TROLLEYS

Cuts Rates to Meet Competition of Indiana Interurban Cars.

LOGANSPORT, Ind., June 16.—War has been declared by the Wabash Railroad company against the Fort Wayne & Southwestern and the Wabash-Logansport traction companies.

The Wabash agent in this city has received an order to make the fare between this and all points along the line to and including Fort Wayne the same as that charged by the interurban companies. This is the first rate war in Indiana between the railroads and the interurbans.

TWO WARRANTS ARE ISSUED

They Are for Persons Involved in the Postoffice Department Scandals.

WASHINGTON, June 16.—The federal grand jury here resumed the consideration of postoffice department cases today. It is said that two warrants were issued at the district attorney's office today for the arrest of persons involved in the scandals.

No information can be obtained as to where the persons are against whom the warrants are directed.

WOODMEN DOWN TO BUSINESS

After the Welcoming Addresses the Delegates Take Up Regular Order of Work.

INDIANAPOLIS, June 16.—The thirteenth session of the head camp of the Modern Woodmen of America began here today. After the welcoming address, to which Lieutenant Governor Northcott of Illinois responded, the convention took up the regular order of business.

At the last national convention a determined effort was made to secure the admission to the society's jurisdiction of several large cities, including St. Louis and San Francisco. The society's law bars all cities having 200,000 or more population.

The committee submits an amendment to the Woodmen law providing that the executive committee, in its discretion, establish and maintain local camps in any part of the exempted cities, if upon investigation it finds it safe and desirable territory.

The committee also recommends that the basis of representation be left at all present rates for each 1,500 members or major fraction, but that in no case shall there be more than 25 delegates elected to the national convention.

The report of Major C. W. Hawes, the head clerk for the two years, January 1, 1901, to December 31, 1902, shows that 64,146 beneficial members carrying a total insurance of \$1,161,285.00. The net gain was \$28,309.30 and the net gain in insurance \$38,687,500. There was also a net gain of 1,869 local camps, the total being 10,654 in good standing December 31, 1902.

During the term 3,948 death claims were paid, the disbursements aggregating \$10,726,435.

On January 1, 1903, there was a balance of \$90,477.10 in the benefit fund and a balance of \$45,853.20 in the general or expense fund.

The per capita expense of management for the year 1901 was 74 cents and for the year 1902 83 cents.

Touching on the admission of large cities to the Woodmen jurisdiction the head consul says:

The chief objection to the admission of large cities heretofore has been the difficulty in selecting the proper risks. There is no question but there are lots of splendid risks in these cities whose membership would be of great advantage. I fully believe that under the direction of the prosecutive committee could be provided for the proper selection.

The credentials committee recommended in its report that both the contesting delegations from Kansas be seated, each delegate on one-half vote. Johnson, the leader of the anti-administration forces, moved an amendment to the report that his delegation be seated to the exclusion of the other. He spoke for the amendment, reviewing the differences. Truman Plante of Wray, Ill., replied for the credentials committee.

The vote stood 123 to 312 against the Johnson amendment and the report of the credentials committee was adopted.

The election of officers will be held tomorrow and the question of readjustment of one-half vote, Thursday.

At the military camp of the Foresters the day was devoted to the prize drills. About half of the teams have drilled. The Rock Island, Ill. team leads so far with a percentage of 94. Dubuque, Ia., is second with 83.

CITY COUNCIL PROCEEDINGS

No Appointments Save One Confirmed Owing to Deadlock.

MAYOR SWITCHES NAMES AND OFFICES

Does Not Abandon Any of His Selections, but Places Them in Connection with Different Jobs, but All Are Rejected.

Another engagement of the battle between Mayor Moore and the councilman majority over minor appointments came off in the council chamber last night. The mayor submitted the same objectionable list of names, somewhat askew as to positions, because they had been submitted the limited number of successive times before. In addition a number of appointments not before handed in were turned down.

As an aggressive move, President Zimman had introduced and passed a resolution abolishing the offices of city claim agent and abstractor and ousting the incumbents, and an ordinance repealing the ordinance creating the office of gas inspector and assistant license inspector was passed the first and second times and referred.

The confirmation of two appointments to the board of engineers, Henry Schroeder and George Cornelius, evoked a fervent protest. Thomas P. Mahamant, city engineer, James S. England, fireman, B. W. Christie, elevator conductor, Frank E. Mayne, janitor, John G. Pegg, Herman Cronwell, janitor at city jail, Ole Jackson.

The automobile speed ordinance and the ordinance authorizing an issue of \$484,000 renewal bonds were read the third time and passed. An ordinance having for its purpose a contract with the Omaha Street railway company for the supplying of inter-city markers free was defeated. By request Councilman O'Brien introduced and had read twice by title and referred an ordinance prohibiting and forbidding the operation of any machine of the kind if winings are paid in anything but merchandise.

City Attorney Wright sent in a long protest against the appointment of a second assistant city attorney, for which an ordinance has been introduced in the council chamber. The latter was placed on file.

The Barber Asphalt company filed a warty "knock" on Paving Contractor John Grant, who submitted the lowest bid for asphalt repairs Monday. The communication averred that the bid was not technically correct, further that the latter could not comply with the contract and start work within ten days because he has not received a contract from the city.

City Engineer Rosewater, Mr. Grant and a representative of the Barber company, were present at the meeting. Mr. Grant said that the bulk of the machinery for his plant arrived Tuesday and had been unloaded from the cars, and he was ready to take the contract and give the proper bond and that incorporation papers were prepared and would be filed.

FOR MACADAM PAVING.

By a resolution introduced by Councilman Nicholson the Board of Public Works was instructed to prepare specifications for the macadam paving and repaving and to advertise for competitive bids for doing each class of work, the macadam to go down under the concrete sidewalks.

The council voted to have the streets of the city paved with concrete blocks. The council voted to have the streets of the city paved with concrete blocks.

A communication from Building Inspector Withnell announced the appointment of Thomas Falconer as assistant building inspector. Richard E. Grotte as clerk in his office, and Richard E. Grotte as clerk in his office.

The South Side Second Ward Improvement club filed a protest against the repaving of North Sixth street and compelling the action of Councilman Hoye in this matter.

To Open Hancock Street.

By resolution the council agreed to cancel \$400 worth of regular taxes in order to gain possession of a small strip of ground to enable the opening of Hancock street and the construction of a subway under the street.

The property is that owned by Sarah and Conrad G. Fisher and which was once owned by a packing house.

The slot machine ordinance is partially explained by its title, which is as follows: "An ordinance to prohibit the use of trade machines, slot machines or any mechanical device whatsoever by minors in the city of Omaha, to prevent the wrongful operation of such machines and the payment of money prizes or the equivalent thereof on the same, and to prescribe penalties for the use of such machines."

The penalties are fine ranging between \$10 and \$25. How minors can be required from using "any mechanical device whatsoever" is not explained, and the ordinance is so worded as to permit the exchange of merchandise for "beating" the machines.

As agreed upon by the committee meeting the auto ordinance prohibits careless and reckless driving and fixes a maximum speed of seven miles an hour in the district bounded by Leavenworth, Twentieth and Iard streets, and twelve miles in other parts of the city. Councilman Hoye and Nicholson voted against the ordinance, the former because he thought the speed limit too high and the other because he thought it too low.

The ordinance authorizing new rules for the advisory board was taken from the files, where it has been several months and referred to the judiciary committee.

Eastern Roads Angry with West.

CHICAGO, June 16.—The Central Passenger association again discussed the proposal to demand full fares on all tickets sold by western lines over their eastern connections.

CONDITION OF THE WEATHER

Forecast for Nebraska—Fair Wednesday, Warmer in North Portion; Thursday Fair.

Temperature at Omaha Yesterday:

Table with 2 columns: Hour, Deg. 5 a.m. 63, 1 p.m. 74, 4 p.m. 61, 8 p.m. 74, 9 a.m. 67, 5 p.m. 75, 10 a.m. 67, 6 p.m. 74, 11 a.m. 69, 7 p.m. 73, 12 m. 71, 8 p.m. 68.

DUBUQUE WARS WITH MILITIA

Mob Attacks Power Plant and Prevents Street Cars from Running.

DUBUQUE, Ia., June 16.—Rioting attended the efforts of the street railway company to resume operations today after a shutdown of five weeks on account of a strike. The local company of state militia was called out, but the rioters were not suppressed until they had been in sharp conflict with the militia and the police.

There was no serious trouble until this evening after all cars had been withdrawn from the streets and the soldiers marched to the local company of state militia was called out, but the rioters were not suppressed until they had been in sharp conflict with the militia and the police.

From the power plant the mob marched to the local company of state militia was called out, but the rioters were not suppressed until they had been in sharp conflict with the militia and the police.

When the troops arrived the mob ceased the work of destruction. After lining up the soldiers, from the Captain Captain Thirt's address, the mob. While he was speaking several bricks were thrown from the rear of the crowd over the heads of the soldiers. Thirt ordered the soldiers to load and get ready to fire. This order waded the mob, which then dispersed.

WOMAN ON TRIAL FOR HER LIFE

Accused of Murdering James Barton, the Father of Her Divorced Husband.

CHEYENNE, Wyo., June 16.—(Special Telegram.)—The trial of Mrs. Agatha Barton, nee Stull, for the alleged murder of James Barton, postmaster at Arvada, father of her divorced husband, was commenced last Friday. The days were consumed in securing a jury. A large number of witnesses have been examined and there remains about fifty yet to testify. The case will not go to the jury before Saturday night and probably not until next week.

Some startling evidence is to be sprung at the last moment, it is said, by the defense. Mrs. Barton is undergoing the trying ordeal well and will likely hold up until the end.

BRIBE LEE TO KEEP SILENT

Bpodlers Offer \$1,000 a Month if Former Lieutenant Governor Flees Grand Jury.

ST. LOUIS, June 16.—Former Lieutenant Governor John A. Lee told the grand jury today that he had
