ment

TO BID FOR TRADE IN IOWA

Commercial Club Member: Will Soon Start on Their Excursion.

WILL TRAVEL ON BURLINGTON RAILROAD

Three Days Trip, Taking in Towns in Southeastern Part of Hawkeye State and Some in Missourt, is Planued.

The Commercial club will choose southeastern Iowa for the ground of its next trade excursion, traveling over the lines of the Chicago, Burlington & Quincy. The matter of this excursion came up at the meeting yesterday of the executive committee, and by motion the work of arousing interest in the trip was left to the committee which was so successful last year in getting together the jobbers for the excursions through Nebraska. The committee consists of Charles T. Kountze, E. E. Bruce, T. C. Byrne, W. M. Burgess and

O. D. Kiplinger. The excursion will start on Thursday, June 25, or on the following Tuesday, as may be found to best suit those wishing to Three days will be necessary to cover the ground; Villisca, Corning, Creston, Shenandoah, Sydney, Carson and Hamburg, in Iowa, and Mound City and Tarkio in Missouri, and intermediate points to be visited. The excursion as planned covers the best towns which would have been touched on the Wabash trip, which had been intended earlier in the season, but was abandoned because of storms. The country covered is in contention between this city and St. Joseph, and its towns lie only five or six miles apart. The club means to strike immediately into this part of the state because the abolition of the bridge toll changes the trade situation.

Modern Woodmen Convention.

Secretary Utt read telegrams from members of the Modern Woodmen of America at the head camp of the order at Indianapolis, saying they would work for the selection of this city as the place of holding would offer sufficient inducements. As the Woodmen required \$8,000 cash, in addition to entertainment, it was considered impossible to secure the convention.

Robert Dempster's resignation from the committee was accepted and E. E. Howe was selected to fill the vacancy. E. A. Heinrichs and J. A. Sunderland were received as new members of the club. A committee consisting of Secretary Utt, Frank Carpenter and F. E. Sanborn was selected to draw up resolutions of thanks to the railways which have granted the abelition of the bridge arbitrary.

Communications were read announcing that the National Editorial association had definitely accepted the invitation of the city to hold its convention here, July 8-11. subscriptions will be asked to meet the expense of entertainment. Letters were read from an eastern shoe factory wishing to locate in Omaha and referred to the manufactures committee. The factory has now a capital of \$40,000 and wishes to increase its stock in this city \$25,000. It now employs 200 hands,

NEBRASKANS GO TO ST. LOUIS

Exposition Commissioners Will Look Over the Ground and Consult Fair Managers.

The Nebraska Louisiana Purchase Ex- ant toilet accessory; pleasing of odor, and position commission, accompanied by the cooling to the scalp. secretary, will go to St. Louis, June 25, for Nebraska exhibit at the fair. At the present time the ideas of the commission are in rather chaotic condition because the ambers do not know exactly what is expected of Nebraska by the managers of for the state.

There is also a considerable amount of Nebraska and the character of its natural resources in their present state of development. For this reason the commission has already announced its desire to receive contributions from firms and individuals who are interested in the further development of the state. So far the response to this appeal has not been large, but some money has been received in small amounts. let. It is the expectation of the members of the commission that the raffroads of the state will swell the total contributions by a considerable amount and the managers claims to Mrs. J. H. Richard, 1017 Farnam of some of the roads have been consulted in the matter. While they express a willingness to contribute to the enterprise 16, 1963. none of them has indicated any certain amount, and it is impossible to make any estimate of what the railroads will con-

tribute. The commissioners probably will remain in St. Louis for several days. When they return they will decide whether Nebraska will have a building on the grounds or will spend its money in making displays in the buildings erected by the

NO DRINKS WHILE ON DUTY Public Works Employes Are Giver Strong Talk by Foreman Hummel.

The edict against employes drinking while on duty is being enforced with vigor in the public works department, with the resumption of activity. General Foreman Hummel, in placing the men, is delivering short lecture to each-something like thie:

"I want you to thoroughly understand that you must not go into a saloon while you are on duty. I do not intend to have any intoxicated men working on the streets. I expect four hours' continuous work in the morning and four hours in the afternoon and they must not be interrupted by trips to saloons. This order must be obeyed or you will lose your job. What you do while you are not at work is none of my business, but while you are working for the city you will have to put your work first and indulgence in personal habits afterward.

This rule has been enforced more or less for a long time, but the lines have never been drawn as tight as they are now

teams were attacking an accumulation of nine weeks' dirt and filth on the downtown streets and alleys. The teamsters' strike and the deadlock between the council and the Board of Public Works have prevented street cleaning for a long time and the thoroughfares are more dirty than they have been for three years. The street the next camp if the Commercial club sweeping machines were being oiled up yesterday and being made ready for use in a day or two.

On street repairs forty-two laborers and sixteen teams did duty yesterday, filling in washouts and caveins from the May rains and repairing bridges and culverts. Eight laborers, three pavers and two teams were engaged on the stone pavements, which are in bad condition in many places. The total force, eighty-seven laborers and twentysix teams, is about the maximum that will be used, as the funds are none too large and an effort to keep within them is to be

HARRY E. MOORES, G. A. P. L., Omaha, Neb.

Henry Sachs was arraigned in police court yesterday on a charge of defrauding his partner, Fred Boye, out of \$50. The two have been conducting a brewing business, and according to the statement of Boye. Sachs sold Boye's interest in the place and left him the sack to hold. To the deputy county attorney Sachs showed two bills of sale where some time ago he purchased half of the business and in July he purchased the other half. Boye said to the same official that he had turned the property over to Sachs to keep his creditors from getting it. Deputy County Attorney Weaver said he would likely drop the case when it was called for trial. when it was called for trial

WOODEN SIDEWALKS PROPOSED Proposition to Lay Them in Districts

Where Permanent Grade is

Not Established.

Along with the proposal to make arrangements so that macadam paving can be put down in the outer residence districts comes the proposition to authorize wooden sidewalks in the same localities. One or two of the councilmen are said to like the idea, while at least one member of the Board of Public Works is in its favor. Wooden walks are known as temporary sidewalks in the public works department parlance. Permanent walks cannot be laid inless the street has been graded to the established regulation, inasmuch as the abutting property cannot be taxed for walks laid under other circumstances. Several years ago wooden walks were discouraged and the letting of contracts for them ceased, as it was believed they resulted in nany damage suits. It is said, however, that many streets will not be graded for years, as the property owners cannot be nduced to sign the requisite petitions. In this case they must do without permanent walks, and if the present policy is maintained must go without walks of any kind. The macadam talk has not died down,

are fighting it vigorously. Chamberlain's Stomach and Liver

though the brick and asphalt contractors

Tablets Better Than Pills, The question has been asked, in what way are Chamberlain's Stomach and Liver Tablets superior to pills? Our answer is They are easier and more pleasant to take, more gentle and mild in their action and more reliable, as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels n a natural condition, while pills are more harsh in effect and their use is often followed by constipation.
