ATLANTIC, is., June is.—(Special Telegram.)—Atlantic redeemed itself in the gram. Manual redeemed itself in the gram with the Shenandoah team here foday, winning by a score of 13 to 2. Jarrott for Atlantic pitched a shut-out game and but for an inexcusable error by Albertson on first base, muffing a tossed ball from the pitcher and letting a man to first when two were out, the visitors would not have scored. Hunter, the next man to bat, drove a long hit to leftfield for a home run and Shenandoah's only two scores were them made. Atlantic outplayed the visitors in every stage of the game, though at bat they showed their skill the strongest. The only unpleasant feature of the game was the fining of Pitcher Miller, who got \$7 hung up against him for cursing the umpire over a decision on balls. MITCHELL SEVERELY SCORES ENGINEERS

Condemns Practice Some Are Making of Working Seven Days a Week as if No Concession Had Been Given.

SCRANTON, Pa., June 16.-There will be no strike in the anthracite region as the result of the operators' refusal to recog-

nize the credentials of District Presidents representatives on the board of concilia-The convention of the United Mine Work-

ers today elected the three presidents by districts as their representatives, and the operators, through George F. Baer of the Reading company, announced that this action was satisfactory.

During last night and early this morning Mr. Connell, representing the operators Mitchell were in communication through Charles P. Neil, who was sent here as a peace envoy by members of the strike com mission, and the result was a tentative agreement that if the miners of the three district conventions elected representatives, those representatives would not be objected to by the operators. This proposition was submitted to the convention today and little time was wasted in accepting it.

Same Three Elected.

The delegates from each of the three districts voted separately and each of the hree district presidents was in turn formally elected to represent the miners of their district on the concillation board. There was a burst of loud and long applause when Mr. Mitchell announced that the operators, through Mr. Baer, had authorized the statement that this action was satisfactory.

Mr. Mitchell, during the noon recess, had communicated indirectly with President Baer, through Mr. Connell and Mr. Neil. The miners elected Mr. Mitchell as their legal representatives before the conciliation board. Mr. Connell said tonight the operators

would urge an immediate session of the conciliation board that the existing disoutes may be settled. During the convention certain grievances

were presented by some of the engineers Replying to their statement, Mr. Mitchell anid:

said:

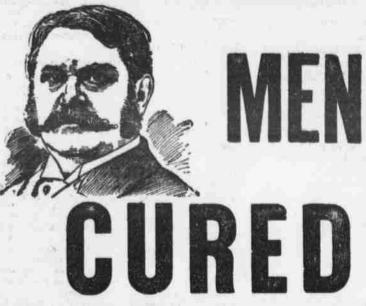

As far as I can learn some of the engineers ought not to get anything at all. They were granted a Sunday holiday by the commission, yet they work the seven days as formerly, so as to get an extra day's pay. One of the strongest cases we had before the commission was that of the engineers working seven days a week the year round, and a twenty-four-hour shift every two weeks. They are doing you and themselves a wrong by not taking advantage of the day off.
