BANKERS TALK BUSINESS.

Hon. Walter L. Smith Tells of Financial Legislation in Last Congress.

LOCAL MEN ENTERTAIN THE VISITORS.

Officers Elected and Much of Importance is Discussed—Attendance From All Over the District is Large.

The principal address before the meeting of group 1 of the Iowa State Bankers' association, held yesterday at the Grand hotel, was that by Congressman Walter L. Smith, who spoke on the subject, "Financial Legislation Proposed and Enacted by the Fifty-seventh Congress." After stating that there was considerable more legislation proposed than was enacted Congressman Smith said in substance:

Three Important Bills.

The three most important bills proposed during the last congress which failed were the first Fowler bill, the second Fowler bill and the Aldrich bill. The first Fowler bill was far too sweeping in character. It sought by a single measure to remedy all the ills which attend the monetary system. Some of its provisions were wise and some very unwise and some of the provisions were of a character to be sustained by public sentiment.

One of the greatest evils of our financial system is that under the system of greenback redemption the government has a large stock of gold on hand and when any one wishes to export gold he can obtain it simply by demanding it of the treasury without cost for exchange. This is not true in any other country. Every country else if it wishes to export gold must seek it and buy it, and this is substantially always true with the world's gold.

James Callahan, who is said to be the man who was prominently mixed up in the Cuddy kidnapping case in Omaha, was taken in charge by the police Wednesday and sent to St. Bernard's hospital for treatment. He is suffering from the excessive use of drugs.

C. Christianson and Charles Becker, who have been conducting a card game on partnership, cannot agree and yesterday the former brought suit in the district court to have a receiver appointed to take charge of the market garden, cultivate it, dispose of the crop and wind up the affairs of the partnership.

Plumbing and heating. Bixby & Son.

Three to Become Sisters of Mercy.

Impressive services in the chapel of St. Bernard's hospital yesterday afternoon, conducted by Rev. Father George, pastor of St. Peter's church, assisted by Rev. Father Quinn of Red Oak, witnessed the entrance of three young women as novices in the order of the Sisters of Mercy. The young women were Miss Kate Maloney of Limerick, Ireland, who will be known as Sister Mary Henrietta; Miss Frances McCreat of Three Oaks, Mich., who will be known as Sister Mary Benedicta; and Miss Florence Laurison of Waterloo, Ia., who will be known as Sister Mary Winifred. Miss Laurison is a graduate of the Nurses' Training school of St. Bernard's and of the Academy of the Sisters of Charity, Waterloo. The young women will serve a novitiate of two years before taking their final vows.

Bluffs Drops League Ball.

Council Bluffs will not retain its franchise in the Iowa-South Dakota league and efforts to maintain a professional baseball team here have been abandoned. The men who had interested themselves in the effort to reorganize the Council Bluffs team and retain the franchise here decided at a meeting yesterday morning that it would be a losing venture and washed their hands of the whole matter. President Sammie of the league was so notified. It is not known here what will become of the Council Bluffs team and franchise, but it is thought they will be transferred to Sheldon.

Labor Troubles at Resorts.

Business Agent Raabe of the Council Bluffs Trades and Labor assembly stated last evening that the matter of the employment of nonunion waiters at Lake Manawa and Courtland Beach had been taken up by the Central Labor union of Omaha, which has given the Musical union until tonight to decide whether Covatt's band shall be called out at the lake. Mr. Raabe stated further that in the event of the Musical union declining to order the bandmen out, the Central Labor union would sever its connection with the Musical union.

Real Estate Transfers.

These transfers were filed yesterday in the abstract, title and loan office of Squire & Annis, 101 Pearl street: Robert M. Sprague and wife to Charles C. Sprague, 104 N. Main street. Hagar's 1st add. q. d. to C. E. Henry J. Schierbrock and wife to Charles C. Sprague, 104 N. Main street. W. D. W. d. to Mrs. C. E. Henry, 104 N. Main street. Three transfers, total, \$2,300.

LEWIS CUTLER MORTICIAN.

38 Pearl St. Omaha, Neb. Phone E.

city made the welcoming address, which was responded to by Dr. S. J. Patterson of the Dunlap State Bank. At the close of the morning session the visiting bankers were the guests of the local bankers at a course luncheon served in the private dining room.

PUSH SUNDAY SCHOOL WORK.

Iowa Society Decides to Add a Temperance Department to Its Field.

NO STATE TROOPS GOING TO DUBUQUE.

Des Moines People Fearful Factories and Wholesalers in Flooded District Will Be Removed to Omaha.

(From a Staff Correspondent.)

DES MOINES, June 18.—(Special.)—The Iowa state Sunday school convention continued in session today and in addition to the program of papers on topics related to the work of advancing Sunday schools in the state, there was much business done. It was decided there should be a new department started to look after temperance work in the Sunday schools and this was placed in charge of Miss Lena Yeater of Knoxville. All the secretaries of other departments were re-elected. It was ordered that reports should be made monthly to the executive committee. An assessment of 2 cents on each Sunday school member was levied for the general purposes of the association, to be paid some time during the next year. There will be a state manual published soon. The association elected officers as follows: President, J. P. Hardin, Osage; first vice president, D. H. Payne, Boone; second vice president, H. C. Beaman, Waterloo; honorary vice president, B. W. Cole, Colfax; secretary, H. E. Condit, Milo; treasurer, J. P. Hardin, Eldora. Officers for field workers' association: President, S. B. Nicholas, Mason City; vice president, Mrs. Carrie B. Wain, Marion; secretary, H. S. Condit, Milo.

The following were selected as the new executive board of the association for the following year: First district, J. A. Blair; second district, J. D. Lapham; third district, J. W. Ramsey; fourth district, N. Combs; fifth district, W. T. Shaffer; sixth district, William Tackaberry; seventh district, A. P. Wolf; eighth district, Miss Emma H. Thomas; ninth district, H. M. Smith; tenth district, N. H. Hart; eleventh district, C. H. Shultz; twelfth district, Rev. W. H. Hancock; thirteenth district, Rev. A. D. Kinser; fourteenth district, A. P. Wolf; fifteenth district, Miss Emma H. Thomas; sixteenth district, Mrs. Grace; seventeenth district, William Orr; eighteenth district, C. S. Striker; nineteenth district, W. Waugh; twentieth district, A. D. Kinser; twenty-first district, D. H. Payne; twenty-second district, D. H. Payne; twenty-third district, Mrs. G. B. Little.

Base Ball for Charity.

According to present arrangements, the base ball game between the city and county officials for the benefit of the Woman's Christian association hospital building fund will be pulled off at the Lake Manawa grounds Saturday afternoon, June 21. The proceeds from the game will be used to defray the cost of the building fund. It is expected that the game will be a success and that the fund will be increased by a number of prospective players. It has been settled that Mayor Morgan will pitch the first innings for the city officials and Court Reporter Bruns will be the twirler for the county officials. Congressman Smith will be asked to act as umpire and he will be promised a bodyguard of Sheriff Cousins and his force of deputies. Owing to the accident to his leg while practicing, Sheriff Cousins has been placed hors du combat and will not be able to officiate. The game will be in the city park and will be held at 2 o'clock. The game is expected to be anything seen on the Lake Manawa diamond this season.

State Troops Not Needed.

Governor Cummins and Adjutant General Byers today decided that unless there are some new developments in the strike situation at Dubuque, no companies of the militia will be called there from other points in the state. Indications are now that the local authorities have the matter well in hand. There was some rioting incident to the street car strike and the company at Dubuque was called out by the sheriff, as he has a right to do, to assist in doing police duty. The governor was attending commencement at the State university at Iowa City and the adjutant general was out of the city engaged in investigating a new company of militia, but both were kept informed of what was going on. Today they reached the conclusion that there is no crisis at Dubuque needing a call of the troops. General Byers went to Cedar Rapids this evening to look after the militia on the state rifle range, and Governor Cummins expects to go east in a few days.

Lithograph Stone in Iowa.

It has long been known that stone suitable for lithographic purposes is found in some of the counties of northeastern Iowa; and recently the state geological department sent a sample of this stone to a leading firm of lithographers in Baltimore with instructions to give it a thorough test. The report has been received by the geological department and it is highly favorable. The lithographers say that this Iowa stone is in every respect the equal of Bavarian stone. The only question is whether or not the stone is in large enough pieces for the use of lithographers. Two quarries in Mitchell county are said to furnish a large amount of this stone and it is probable an effort will now be made to secure the working of the quarries and placing the stone on the market.

Former Iowans Drowned.

WASHINGTON, Ia., June 18.—(Special.)—Senator Young is making an effort to get word from relatives in Heppner, Ore. He has learned that the family of James Jones, formerly of this county, consisting of Mr. Jones and wife and two daughters, was lost in the Heppner cloudburst. Their friends here have not learned of any details.

Boy Meets with Bad Accident.

MARSHALLTOWN, Ia., June 18.—(Special.)—Ora Ball, aged 15, of this city met with a terrible accident at Tama City yesterday about noon. He with two or three other boys about his age had been on an extra street car leaving Marshalltown to go to Tama to witness a ball game. Ball attempted to jump off in the Tama yards while the train was moving at high speed. He was drawn under the wheels and both legs were cut off. The left leg was amputated above the knee and the right just above the ankle. At this writing the boy is still alive and the doctors think he may recover from the shock. Ball was formerly a messenger boy in the employ of the Postal company here.

Washing Machine Drowned.

Electric Storm at Perry.

Perry, Ia., June 18.—(Special Telegram.)—This vicinity was visited by a heavy electric storm, accompanied by rain, about 2 p. m. today. The lightning was unusually vivid. A house was struck, knocking chimneys, plaster and boards off, badly wrecking it. In another locality a barn was struck, setting it on fire, though damage was small, as the fire was put out before it got a good start. At least one and probably two cows were killed in Mr. Needham's pasture, and other minor damage was done by the storm, which was the first since the war. It lasted three weeks ago. No one was injured so far as known.

Senator Crossley Renominated.

WINTERSBET, Ia., June 18.—(Special.)—Senator J. J. Crossley of this city was unanimously renominated in the senatorial caucus today. The delegates from Adams county moved to make the nomination by acclamation.

THE HAIR BRUSH.

Breeds Dandruff, Which Causes Falling Hair and Finally Baldness.

Prof. Uva, Hamburg, Germany, European authority on skin diseases, says that dandruff is as contagious as any other malvolent disease, and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or any other disease from another's brush, is to insist on the use of Newbros' Hairbrush. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another's brush.

ONE GUILTY AND ONE FREE.

Verdict in Case of Men Tried for Killing James Leary of Omaha.

PEORIA, June 18.—After being out about eight hours the jury in the Leary murder trial today returned a verdict finding Henry Rogers guilty of manslaughter and acquitting Edmond Newbro's Herpicide. The men on trial are Belgians, and while celebrating New Year's eve got into a fight with James Leary of Omaha, who was so severely beaten over the head with some blunt instrument that he died the next day.
