READY TO SIGN FOR PAVING
General Manderson Makes Statement Regarding the Sixteenth Street Work.
MAJORITY PETITION MAY BE POSSIBLE
Property Owner Says No Effort Has Been Made Recently to Have Street Repaved on Special Assessment Plan.
'I am a Sixteenth street property owner, holding land at Sixteenth and California,' said General Manderson to the Board of Public Works yesterday afternoon. 'As a property owner on that thoroughfare I wish to state that I am willing to sign a petition for resurfacing the paving at any time. I think there are other Sixteenth street property owners who are willing to do the same thing, and perhaps if some effort is made a majority petition could be obtained. To my knowledge no such effort has been made recently.'
The members of the board were astounded. 'That is certainly refreshing,' said Chairman Rosenwater. 'I thought every property owner on Sixteenth street was dead set against repaving, although I know of several who should be favorably interested in the project. If an effort is made there is a chance that the street can be repaved.'

Ayer's Cherry Pectoral
Consumption can certainly be cured. Not all cases, but very many. Ayer's Cherry Pectoral is the principal medicine. The oldest doctor knows from experience. The youngest, just from college, knows from theory. Both uphold us.

EXPECT STERN RATE WAR
Chicago Rai' road Men See Early Dislocation of Western Passenger Association.
MILEAGE PROPOSALS SEEM TO BE LOST
Suggestion to Substitute Interchangeable Book for Present Credential Form Viewed as Hopeless by Those in Power.
CHICAGO, June 19.—The Evening Post today says:
The general opinion in railroad circles is that the Western Passenger Association, with all its bureaus, is on the verge of collapse.
Its downfall is likely to be accompanied with a widespread rate war.
Indications have pointed in this direction for some time, but the report of yesterday's meeting of the executive committee and the Chicago-St. Paul lines has brought the expected and considerably nearer and has made dissolution almost inevitable.
No hope is entertained that the recommendation of the executive committee to substitute a 2500-mile book good on all trains, for the credential form of interchangeable mileage now in use will be adopted.
Two Cut Rates Likely.
What is taken as an indication that the western passenger war will spread to territory beyond the Missouri River was the announcement today that a proposal had been submitted to the lines in the Western Passenger Association providing that tickets be sold at the rate of 2 cents per mile instead of 3 1/2 between Illinois and Missouri points and Kansas City.
This move is regarded as ominous, for it is almost certain that when the 2-cent fare is voted down the road proposing it will put in the rate under the individual action clause of the western agreement.
Another cheap rate, when in the unsettled condition of tariffs, is of importance, has been announced from Chicago and Illinois territory to Minneapolis on account of the Swedish singers' meeting in July. The rate is one fare for the round trip for individual passengers. The same rate for parties of 10 or more was announced by one of the Chicago-St. Paul lines some time ago.
consin Central in making such a rate from St. Paul to Chicago may eventually give the same rate between Omaha and Chicago.
As it is now the St. Paul-Chicago cut gives the Hill lines a 48 rate from the coast to Chicago, which is \$3.50 less than the rate on any of the lines passing through Omaha. If the Wisconsin Central rate lasts any length of time it will have to be met so far as coast rates are concerned. This difference can be either prorated and made in the long distance or can be made in the run from the Missouri river east. The first is the most desirable to passenger men, but they fear the Hill interests may step in if any change is made in rates from the coast to the Missouri river.
Meanwhile the Wisconsin Central remains firm in its intention to continue its low rate and the Chicago Great Western has met it. None of the other roads has met it, but some are suggesting it for their slower trains.
Lightning Strikes a Church.
During the storm last night, about 12 o'clock, the Evangelical Lutheran church on Sprague street, between Twenty-sixth and Twenty-seventh, was struck by lightning and set on fire. The lightning struck

and dismissed the bill for want of equity. He drew a distinction between the regular tax levied in Omaha previous to the year 1888. In this case the plaintiff resisted the collection of the regular tax for several years, and asked to have them cancelled on her real estate for the reason that no legal notice of the sitting of the city council as a Board of Equalization had ever been given. The facts are that during the years in question the notice was published in a German paper and in an English paper, but the latter notice, it was alleged, was not in all cases published as required by statute. The judge decided against the plaintiff

DECISION INVOLVING TAXES
Judge Day Draws Distinction Between Regular and Special Levy Votes.
Yesterday Judge Day decided the case of Mary Heffernon against the City of Omaha, deciding a point which affects the regular taxes levied in Omaha previous to the year 1888. In this case the plaintiff resisted the collection of the regular tax for several years, and asked to have them cancelled on her real estate for the reason that no legal notice of the sitting of the city council as a Board of Equalization had ever been given. The facts are that during the years in question the notice was published in a German paper and in an English paper, but the latter notice, it was alleged, was not in all cases published as required by statute. The judge decided against the plaintiff

Atlantic City, New Jersey, is reached conveniently and quickly from the west via the Lehigh Valley Railroad. Send 5-cent stamp to General Passenger Department, Lehigh Valley Railroad, New York, for booklet.
Strömeyer is Discharged.
The case of the state against Robert Strömeyer failed before Judge Kettle yesterday afternoon, the court deciding that the former had a right to take the child for the reason that he had no notice of the appointment of another guardian. Strömeyer was charged with kidnapping.
