CON-YOUNG WINS FINALS
Veteran Manages to Overcome His Heavy Handicap by Hard Work.

SCRIBNER PLAYS VERY FAST TENNIS
St. Croix Club Handicaps and Drawings for Preliminary Play in Tourney Which Begins Monday.

After four exciting sets of play Con Young won the finals yesterday evening in the Field club tennis handicap, which began last Tuesday evening. A large number of Field club members gathered on the veranda of the Field club to watch the closing hours of the match and they were more than pleased with the excellent showing made by both Scribner and Young.

Scribner was comparatively fresh when the match began, while Young was still tired from the afternoon's play in the semi-finals, which he won from D. Ballard by a score of 4-3 and 6-1. This match was just as fast and clever as any of the previous matches in the semi-finals.

Young started out in the first set by playing close to the net and had Scribner moving back and forth all of the time, while Scribner's returns were well placed and he held the lead throughout the set and won it by a score of 4-6.

In the second set, and after that, Young played back on the court and was kept chasing back and forth all of the time, while Scribner played an easier game. He was particularly strong in lobbing and won many of his points on his lob far back in the court when Young was at the net. Play was very close and fast all of the time during the last three sets, all of which Young took, although not without much hard work. The third set was a deuce set and included four deuce games. Throughout this set there never was more than a difference of two games between the two men, and generally they were tied or but one game apart. With the score five games to four in favor of Scribner, and only one point to win the sixth game, Young pulled himself out and took the set.

Scribner is a new man and practically unknown and had a handicap of half fifteen, while Young won five games to four in favor of Scribner, and only one point to win the sixth game, Young pulled himself out and took the set.

RELANCE DISTANCES TWO
 Beats Both Constitution and Columbia in Twenty-Three-Mile Trial.

NEW YORK, June 20.—Relance won today's race in Long Island Sound in the first twenty minutes of sailing and before turning the first mark, while Columbia and Constitution were trying to outdist each other. By their sharp rivalry both older boats lost hundreds of yards and any prospect they might have had of winning. After that it was a procession all the way round to the finish line, where Relance beat Constitution by 4:17 and Columbia 7:21. The course was twice around a triangle, a reach of three miles across the sound, a four-mile beat to windward and a broad reach of four and three-quarters miles, twenty-three and a half miles in all.

When the trio rounded the last mark and laid a straight course on a broad reach to the finish line, where Relance headed the pretty procession by more than half a mile and held its lead to the finish.

The official summary follows:
 Relance 12:30:12
 Constitution 12:39:21
 Columbia 12:39:21

ARGO WINS RACE AT MANAWA
 Takes Victory in Competition with Two Other Very Good Sailing Boats.

The Argo again demonstrated its ability as a fast sailing boat Saturday afternoon on Lake Manawa by winning handsily from Manawa and Andover in a pretty race. Thereafter the Argo and Andover were the line after the starting gun was fired and Manawa got away handsily in the lead. The Argo followed close on the heels of Andover and after following close all round, just after it had crossed the line Manawa broke out with its balloon sail and led until after they rounded the first buoy, when they all shook their reefs and Argo gained steadily and passed both boats, with Andover clinging close to it.

After that Argo was never headed, although it and Andover indulged in a luffing race at the beginning of the second round and Manawa crept up close in the rear, but lost on the last reach to the finish.

The race clearly demonstrated the superiority of the new boat, Manawa, over all of last year's craft and showed Andover to be still the fastest of the old craft. The victory was not decided enough, although much better than the previous week's one, to show conclusively that the Stevens' boat, Argo, is better than the Oshkosh boat, although many of the race supporters are of the opinion since the second race than before. The time was: Argo, 1:02:44; Manawa, 1:03:46; Andover, 1:04:00.

MANY HOMES LACK BIBLES
American Tract Society's Report Shows Lack of Religious Knowledge.

ONE FAMILY IN SIX IGNORES CHURCHES
One Out of Twenty Owns No Bible.
 According to Details Collected in 70,730 Cases During Year.

NEW YORK, June 20.—The seventy-eighth annual report of the American Tract Society's Report Shows Lack of Religious Knowledge. The society has ascertained the general condition of the people as to their possession of Bibles and their attendance at church services.

The new publications, distinct from periodicals brought out by the society during the year, were eighty-five in number. Of these fifty-six were volumes and twenty-four tracts. The society is now publishing nine tracts—four in English, two in German and one in Spanish—with an aggregate circulation of 2,300,000.

Colportage among the immigrants in this country has been prosecuted. The cities has been published in 155 languages or dialects and the colporteurs and gratuitous distributors have scattered it far and wide among the people. The demand for Christian literature in the mission stations throughout the world is greater than ever. On the Pacific coast colportage has become a regular feature in the families, as church-going and Sabbath-keeping are less common than in most states.

Out of 70,730 families, 1,150 were found last year destitute of all religious literature, 2,150 were found destitute of the Bible, 12,870 were found destitute of religious worship.

The whole number of publications approved for circulation at the society's expense is 5,015, including 372 volumes.

GOLF MATCHES AT THE CLUBS
R. Scott Wins at Field Club and W. T. Baucker at the Country Club.

Saturday afternoon the golfers at the Field club and the Country club met in handicap matches and made some excellent scores. The large field was at the Field club, where there were thirty-four entries in the fourth handicap match for the club cup and R. Scott carried away the honors with a net score of 56 and the maximum handicap of 60. The cup must be won three times to be held, and so far this year it has been won by a different man each time and seems in little danger of being held by one man. The Field club was markedly better than that of last week's and gives good promise of the club having a very successful team next year. Score:
