## DEMOCRATS NOT PLENTIFUL

Hardly a Corporal's Guard of the Faithful Attend the County Convention.

## NAME DELEGATES TO STATE CONVENTION

Are Uninstructed, but Said to Be Opposed to Reaffirmation of the Kansas City and Chicago Platforms.

Less than thirty of the 178 accredited delegates were present when County Chairman Mack Goodwin called the democratic county convention to order yesterday morning at 11 o'clock in the south court room of the court house. Many of the precincts were not even represented by one lone delegate. The lack of interest in the convention was attributed to the fact that only delegates to the state convention which meets in Des Moines next Wednesday were to be selected and that a county ticket was not to be nominated until a later date.

Chairman Goodwin, on calling the corporals guard to order, named former Mayor M. F. Rohrer as temporary chairman and Louis Zurmuehlen, Jr., as temporary secretary. The temporary organization was made permanent with little formality. On assuming the gavel and casting his eyes over the vacant chairs Chairman Rohrer refrained from making any lengthy speech, although he had fully intended doing so had the attendance been such as to warrant it. He contented himself, however, with expressing his appreciation of the honor conferred on him in being called so unexpectedly to preside over such a gathering of the democrats of Pottawattamie county.

When it was suggested that a committee on credentials be appointed it developed that in several of the townships no caucuses had been held and the representatives from these precincts present were on delegation accepted as the duly accredited delegates.

The convention being thus organized, although in a somewhat informal manner, the work of selecting the delegation to the state convention was proceeded with. These were named as a committee to select the delegation: F. B. Bixby, Mayor Jennings, Sylvester Dye, John T. Hazen and John P. Organ. The committee, after experiencing some difficulty in securing the names of a sufficient number to fill the delegation, reported the following list, which was promptly accepted by the convention:

Victor Jennings, C. D. Walters, James O'Neill, Sylvester Dye, T. E. Casady, W. L. Rankin, J. M. Coona, A. L. Purdy, J. R. Johnson, George W. Palmer, Thomas Bowman, Roscoe Barton, Warren Hough, J. P. Organ, F. W. Miller, E. P. Grancey, J. B. Black, S. D. Toly, Hugh McLean, George S. Davis and A. O. Wyland.

The delegation will go to the state convention uninstructed. It is said, however, that it is opposed to the reaffirmation of the Kansas City platform and will be in favor of adopting an entirely new platform.

The handful of delegates present expressed themselves as favorable to deferring the county convention at which a county ticket will be placed in the field until September.

**A Heavy-Weight Bicycle.**

A bicycle that requires the united strength of three strong men to lift is one of the strongest ever made, and it will be on exhibition in this city soon.

When a noted German conceived the idea of attaching an elephant to ride a bicycle he did not doubt his ability to teach the animal to do the trick, but he was afraid a bicycle could not be made strong enough to support the weight of the elephant. After several attempts he soon found a firm that was willing to contract to build a practical bicycle which would carry an elephant. After a second test the wheel was ready, and in twelve weeks after the bicycle was done the elephant was daily enjoying bicycle rides around the ring barn.

The representative of the Great Wallace Show was abroad in search of new acts and finally induced Mr. Herkenrath and protege to come to this country under a five years' contract, and when the Great Wallace Show exhibits in Council Bluffs Monday, June 22, one of the most attractive animal acts with the show will be the bicycle riding by the elephant that studied in Germany.

## Institute a Disappointment.

The Pottawattamie County Normal institute, which closed yesterday after a week's session, proved a disappointment in several respects. In the first place the attendance did not reach what County Superintendent McManus had anticipated and then the failure of Dr. Leland to reach the city in time to deliver his lecture Friday evening was another sore disappointment, especially as it was the only public lecture arranged for the institute. The protest of the teachers against the army of book agents being permitted to canvass in the institute building will, it is hoped, result in this permission being withdrawn next year.
