A GREAT MISTAKE

It is certainly a great error for anybody to buy a Sewing Machine just because it is cheap, without being convinced about its merits. There are too many cheap machines in the market. We handle the best and they are really the cheapest. They are always be depended on and will outwear three or four of the mail house machines.

LAST CALL

You know we told you there was to be an advance in patent medicines and we mean just what we said. We are going to sell OUR GOODS, (all goods we buy, you know, are ours till we sell them), AT A REASONABLE PROFIT, for instance, a bottle of patent medicine is MARKED IN PRINT \$1.00, we sell it for \$1.00, even if Dr. Miles does say 80c, or if Charley does say it spoils a bottle of patent medicine if the number is cut off. What's hurting Charley is, HE SIGNED UP—and agreed NOT TO CUT THE PRICE. ON MILES' GOODS and then after the DRUG COMBINE hauled him over the coals a bit because he had agreed to sell at the price we would sell OUR GOODS AT HIS PRICE. So Charley, eh? Well, Charley, we have a \$1.00 gold piece as a prize to the IMITATION of Dr. Miles' medicine, whether we sold it or you sold it.

OUR STORE NEVER CLOSURES.

CLOTHES FOR MEN & WOMEN

What About the Serge Suit?

THIS serge subject is a big one—and there's all the difference between satisfaction and dissatisfaction in the way you look at it. And if at any time in a man's clothes-buying career he needs advice it's when he contemplates becoming the owner of a serge suit. Nothing better or more desirable for summer in the whole range of fabrics than serge. But let it be the kind which has behind it the guarantee which places the responsibility on the store that sells it.

Every Serge Suit sold by this store is protected by the strongest and most unmistakable guarantee ever attached to a garment. If at any time it is not all it was represented to be, a new garment without turning the word.

THAT'S why the finest serges in the land are used in our stores—the best by test kinds—the quality we can afford to guarantee as we do, and the making—that's another important point. You'll be shown suits about town which are shapely enough, but two hours' wear will disclose the defects—coat with broken front, limp and shapeless draws at the seams. Every "Nebraska" garment is made by hand—hand-made from's, hand-padded shoulders, hand-fitted collars.

The price range for "Nebraska Serges" \$5.50, \$8.50, \$10, \$12, \$15. Every price is guaranteed from \$2.00 to \$5.00 less than will buy same quality elsewhere.

MAIL ORDER

As the chief requisite for a young man entering the literary field is postage stamps (so the editors say), the first thing that you need when yearning for a soothing summer suit is "the price." Next comes the knowledge of the place where the best summer clothing is made. Our "medium" grade price for high grade tailoring policy makes "the price" easy to get. This ad is published to make easy the getting of the knowledge of the place where the best togs come from—for that place is this place.

Omaha's most fastidious dressers are having us make their summer suits. \$25 to \$45 for summer suits—\$6 to \$15 for light weight trousers.
