## COMMERCIAL AND FINANCIAL

Shorts' Urgent Demand Pushes Wheat Up on Board of Trade.

OTHER GRAINS CATCH RISING INFECTION

Heavy Hog Receipts at Low Prices Offset Cerenl Influences and Tepress Provisions, Which Close Wenk and Lower.

CHICAGO, June 24.—Considerable excitement was witnessed in the wheat pit today and prices were decidedly strong. July closing 4c higher and September up 14.014c; higher and September cans 46.04c ligher, while provisions ruled weak, the september products closing from 125c to Take lower.

higher, while provisions ruled weak, the September products closing from 12½c to Zi½c lower.

The general bullish sentiment among wheat traders and the urgent demand for July from shorts resulted in an exceedingly strong market the greater part of the day. Opening prices were easier on the somewhat improved weather reports and on disappointing cables, July being is the lower at 75% fibe. Bullish news from St. Louis, with buying orders from the southwest and the northwest, soon started prices in an upward direction, and with a lirm close in the foreign markets the sentiment here became extremely bullish, July advancing to 80c and September to 70c. Rumors of a squeeze in old July by a St. Louis concern caused considerable uneasiness to shorts, which recovered freely, thus helping in the advance, but the chief factor was the situation in the northwest, where the crops are in dire need of rain. After reacting to 75½c July again advanced to 80%c and the close was at 75%c, a gain of 1½c. September soid up to 75%c late in the session and closed 1½d ½c higher at 77% 677%c. Clearances of wheat and flour were equal to 530,900 bushels. Primary receipts were 270,400 bushels. Primar houses and shorts, caused strength in cornafter an easier opening, due to the rather bearish crop advices. There was little corn on the market, with the greater part of the afferings coming from longs, who were taking profits. After ranging between 50c and 51½c July closed 1½c higher at 50½c. Reptember was %c higher at 50½c, after selling between 40½c and 50½c. Local receipts were 442 cars, with 51 of contract grade.

grade.
Onto opened quiet, with local traders inclined to the selling side, but the strength in wheat soon brought out a good demand from big commission houses and the market advanced. Predictions of general rains were considered as a rather unfavorable feature. The close was strong, with July %c higher at 34%c 34%c, after selling between 33%c and 34%c34%c. Local receipts were 127 cars.

ears.

Extremely heavy receipts of hogs, with declines of from 5c to 20c at the yards, were influences that could not be offset by the strong grain markets, and as a result provisions ruled weak the entire day. The provisions ruled weak the entire day. The selling was quite general and the market was poorly supported. The close was weak. September pork being 27% lower at \$16.42%; September lard was 12% lower at \$8.57, with ribs of 17% at \$8.55@8.97%.

Estimated receipts for tomorrow: Wheat, 15 cars; corn, \$55 cars; oats, 215 cars; hogs, \$9.000 head.

The leading futures ranged as follows: Articles. | Open. |High. | Low. |Close. |Yes'dy.

Americans was reflected elsewhere. Consols were steady. Americans were firm, but the dealings were uninteresting and wholly go into traffic returns exceeding the estimates.

PARIS, June 24.—Trading on the bourse today opened dull, but the demand for French rentes caused a general improvement. Pahama canal shares rose on a rounor that the Hay-Herran treaty will be ratified by the Colombian congress. At the cicae prices were firm and business was quiet. The private rate of discount was 15 13-16 per cent; I per cent rentes, 38f 9c. To the account; exchange on London, 25f 15c for checks.

BERLIN, June 24.—Business on the bourse today was quiet. Money had a considered to the constant of the constan bourse today was quiet. Money had a tendency to be higher. Exchange on Lon-don, 19m 39%pfg for checks; discount rates for short bills, 2% per cent; for three months' bills, 3% per cent.

NEW YORK STOCKS AND BONDS.

Market Fluctuates So Inconsistently

General Trend is Hidden.

NEW YORK, June 24.—Little can be gathered of prevailing speculative sentiment from the movement in prices in today's stock market. For one reason, dealings were too small to be of any consequence and were still in the hands of professional traders. The movement of prices was conflicting and so constantly fluctuating as to leave no room for consistent inferences as to the motives that promoted the operations. There was some degree of strength in the morning which seemed to be ample continuation of yesterday's late rafly. Prices, however, are generally lower than last night's. Probably the real reason for this is that prices advanced yesterday. In the prevailing doubt and timidity of the board room operators they shrunk from carrying prices far in any direction. While one small party buys stocks another party avails itself of this demand to go short and an opportunity for fractional profit is sufficient to prompt the closing out of contracts. For several years Mr. Morgan's return from his annual vacation in Europe has been made the occasion for a build demonstration in the stock market. Today the passage of the steamship bearing him was bulletined from various points as it was sighted, but the stock market failed to respond. Some of the questions regarding the formations connected with Mr. Morgan's name awaiting decision have been the subject of uneasy conjectures, which may account for the changed attitude towards his home coming.

The engagement of \$1,500,000 gold for shipment to Paris tomorrow was a chilling influence on the market, especially in view of the condition of surplus reserve of the banks and the approach of the period of semi-annual settlements. The requirements of this period are complicated this year by the failing due of subscriptions for the 10 per cent installments on the new stock issue of the Pennsylvania. Payments of subscriptions for the payment of \$10,000,000 Pennsylvania loan taken out last January.

It appears, however, that this loan which was for six months, General Trend in Hidden. NEW YORK, June 24.-Little can be gath-

140,000,000 Pennsylvania loan taken out last January.

It appears, however, that this loan which was for six months, does not mature until near the middle of July. Money was higher in London today, and discounts hardened in Paris and Berlin, while sterling fell away at both centers. This leaves the question of further gold exports from New York still open in spite of an easing in the sterling rate here today. Excited speculation occurred in the cotton market today, and there was notable speculation in corn and they are supposed to be responsible for the contrary movement in stocks.

ocks. United States Steel went down to 82, com United States Steel went down to \$2, compared to a previous low record of \$3. There was a sudden rally of % at the last, but the depression of these bonds had a sympathetic influence in the stock list.

The bond market otherwise was dull and irregular.

Total sales par value, \$3,010,000, U. S. new 4s coupon, advanced % per cent on the last call.

Gold Goes to France. NEW YORK, June 24.—Lazard Freres have engaged \$1,500,000 gold for shipment to France tomorrow. Bank Clearings.

Cotton Market.

NEW ORLEANS, June 24.—COTTON—Firm; sales, 225 bales; ordinary, 10 9-16;; good ordinary, 11 9-16c; low middling, 12 7-16c; middling, 13 5-16c; good middling, 13 13-16c; middling fair, 12 9c, nominal; receipts, 1,983 bales; stock, 38,036 bales. Futures steady; June, 13,9971-0.c. July, 14,00c bid; August 14,00c bid; September, 12,707 12,11c; October, 10,289120,19c; November, 9,8309,85c; December, 9,8199,82c; January, 9,83c. NEW YORK, June 24.-COTTON-Opened

8.8399.85c; December, 8.8199.85c; January, 9.83c.

NEW YORK, June 24.—COTTON—Opened easy at an advance of 6912 points on the near months, while the later positions were from 8 points higher to 4 points lower; the gains in the old crop positions were due to the accumulating evidence of pool control and fresh covering, while the new crop positions came more directly under the influence of the disappointing cables and improved climatic conditions. After the call the market ruled very excited and irregular; still sales worked lower, but after a decline of 4912 points from the opening figures the list again turned firm and ruled strong during the midday session and most of the afternoon; prices for all of the options before November reached new high points for the season, while the later new crop months were relatively easy; July sold at best at 13.98c; August, 12.80c; September, 11.80c; November and October, 15.48c. In the last half hour there was the usual realizing by room longs, which brought about a reaction in these positions of from 2 to 2 points, with September at 10.73c and October at 10.39c. The market was finally steady, however, and net 6926 points higher on all options up to and including October; November was I point lower and the other two months unchanged. Sales of futures were estimated at 505,000 bales.

ST. LOUIS, June 24.—COTTON—Spot in limited demand; prices 495 points higher; American middling, 6, 23d; the sales of the day were 4,000 bales, of which 400 were for speculation and export and included 3,700 American; receipts, of which 400 were for speculation and export and included 3,700 American. Futures opened firm and closed irregular and unsettled; American middling, 6, o. c., June, 8, 126; the sales of the day were 4,000 bales, of which 400 were for speculation and export and Included 3,700 American. Futures opened firm and closed irregular and unsettled; American middling, 6, o. c., June, 8, 126; the sales of the day have 4,000 bales, of which 400 were for speculation and export and Docembe

ary, 5.34d; January and February, 5.33d; February and March, 5.32@5.33d.

AFFAIRS AT THE CITY HALL

Miscellaneous Business Receives Attention from the Various Municipal Departments.

David W. Dedson, on a compromise settlement by the legal department, will ieceive \$175 from the city treasury for injurie due to a defective sidewalk on North Eighteenth, over which he walked March 11 1903.

Postmaster Crow will be obliged to pas taxes on \$1,500 of personal property this year. In a communication to the council he complains that a carriage purchased six years ago for \$90 was assessed at \$150 and that \$200 worth of used household furniture has been assessed at \$1,000. He asked for a reduction to \$400. Tax Commissioner Fleming, in reply, states that Mr. Crow falled to make return of his personal property as required by law and as notified to do. The law contemplates some penalty in such cases and Commissioner Fleming declined to recommend any reduction. The council adopted his report.

The South Side Improvement club has put on its war paint and is after both the telegraph companies and the street railway company. It declares the poles on Vinton from Twentieth to Twenty-third a pulsance that they are set in all kinds of ways and interfere with traffic on the sidewalks, and that they must be rearranged or go. Before proceeding to chop them down the club will give the city council an opportunity to compel the companies to come to

Bartlett's Addition Improvement club is the very latest organization of its kind in Omaha. It signalizes its birth in a series of resolution asking the council to open Marcy street from Thirtieth to Twentyninth avenue for the accommodation of a large number of people living west of

Thirtieth. The proposition to put the fire and police alarm wires under ground has been, at least temporarily, put to rest. The estimated cost would be between \$3,600 and \$5.600 and the council has decided that even the smaller amount will not be available for such a purpose this year.

No street sweeping machinery will be purchased this year, the council hawing turned down a request of the Board of Public Works for four pickup machines at

Ordinances have been passed by the city council for the opening of Hickory street from Seventeenth to Eighteenth; grading of Fifteenth from William to Lincoln avenue; establishing grade of Lincoln avenue from Twenty-sixth to Twenty-seventh and of Twenty-seventh from Shirley street to Ed Creighton avenue; locating water hydrants at Nineteenth and Spring streets and on Nineteenth between Spring and Boulevard,

The balloon races and the high diversare sensational features at Courtland Beach.

GOSSIP OF COMMISSION ROW Something is the Matter with Butter Market, Consequently the Producers Meet.

Butter is wester. That is, not the quality of the product of the cow and the separator, but the market. None of the dealers seem to know just where butter is, but they all feel that butter is unreasonable and

See Sam Murphy court death in mid-air at Lake Manawa.

Recruits for the Army.

Recruiting Officer Lieutenant J. H. Kerfoot of the artillery corps has refirmed from Beatrice, where he has been inspecting the recruiting depot there. The re-ruiling service is progressing in encouraging shape. A detachment of three recruits will be sent to Presidio barracks, California, this week to be assigned to the Seventeenth infantry, which will leave for Manila, P. L. about July 1. A detachment of nine recruits in charge of a sergeant stopped over in the city yesterday, enroute from Jefferson barracks, Mo., to Fort Walla Walla, Oregon, for assignment to the artillery corps.
