do not get their shoes from us, but judging from the way we've had to increase this department in help and goods, about 90 per cent of them do.

About 70 per cent of this 90 per cent buy our \$1.50 shoes, because they've stood the wearing test of several years' selling and are pronounced by all of the boys as the best all-around boy's shoe ever sold for \$1.50.

We want the other 10 per cent of boys to give these \$1.50 shoes a trial.
