OFFICIALS ON THE DIAMOND City and County Representatives Show How to Play National Game.

SOME OF THE WARDROBES ARE STARTLING

Alderman Casper, by the Assistance of His Automobile, Makes a

Home Run in First Inning.

Nearly 1,000 people witnessed the city fathers down the county officials in a game of ball by a score of 8 to 5 at Lake Manawa yesterday afternoon. The Woman's Christion Association hospital building fund, for the benefit of which the city and county officials displayed their prowess on the diamond, will reap a substantial sum from the game.

The regular game was preceded by a oneinning game, in which the county and city "fathers" treated the audience to a show better than many a circus. While the men who manage the affairs of the county were content to don the ordinary habiliment of the ball player, many of the city officials were wonderfully and gorgeously arrayed. Alderman Casper carried off the cake in this respect. A pair of balloon-like blue overalls cut short at the knees, bright red overalls cut short at the knees, bright red stockings and a sweater made from a guny sack constituted a makeup which was startling in the extreme. Alderman Mc-Donald, who has the reputation of being the handsomest man in the clty council, with the possible exception of Alderman Lougee, had encased his Apollo-like form in a red sweater, an automobile cap, patent lenther shoes, open-work socks and kid gloves, which, together with regulation trousers turned up at the bottoms, as there was a report current that if was raining in overalls cut short at the knees, bright red

REPUBLICANS COME NEXT State Convention This Week Expected to Be Largely Attended. ONLY CONTEST FOR SUPERINTENDENT Senator Allison to Be Chairman of the Platform Committee and Docu-

ment Expected to Follow Last Year's Lines.

(From a Staff Correspondent.)

DES MOINES, June 27 .- (special.)-Prepaations for the republican state convention of next week have all been made. It will be a large convention, despite the fact there is only one little matter of difference to be disposed of and that the selec tion of the candidate for state superintendent. Governor Cummins and Lieutenant-Governor Herriott will be unanimously renominated. So also will Chief Justice Bishop and Railroad Commissioner Pal-

mer. For some time it looked like there would be a fight on Palmer, but this was got out of the way by agreement, and he will be accorded another three-year term by acclamation. The only contest is on state superintendent. Richard C. Barrett is a candidate for another term. He has served but three months longer than Col-

onel Palmer, who will be accorded another term unanimously, and Mr. Barrett's friends resent the fact that the fight has been against him on the sole ground that

he has been in office long enough. His opponents are H. L. Adams of Fayette county and J. F. Riggs of Keokuk county.

Both have a number of counties instructed from their immediate vicinity, and both will enter the contest prepared to make a hard fight. Barrett has instructions from counties scattered all over the state, and Both apparently will have an easy victory.

The convention will be well attended by the strong men of the party, the chief interest centering in the platform. It is understood that Senator Allison will be chairman of the platform committee, and that Judge Smith of Council Bluffs will repre-

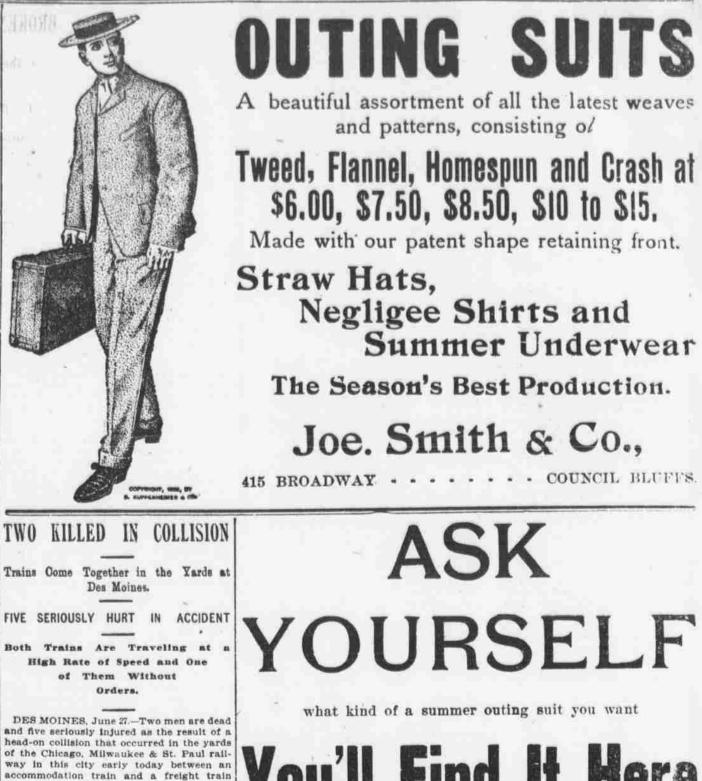

sent the Ninth district. The platform will not differ greatly from the Iowa platforms of the past two years and the national platform adopted at St. Louis. The convention will be held on Wednesday. George D. Perkins will be the stemporary chairman. Secretary James Wilson will be here.

and nearly all the members of congress. Plan for Machinery Exhibit.

The Iowa commission on the St. Louis exposition has made a beginning for an Iowa exhibit of machinery at St. Louis. S. M. Leach, the Seventh district member of the commission, has appointed A. C. Hutchins of Dallas county to have charge of the exhibit. He will have an office in Adel and commence the collection of an excibit at once. Correspondence has already been entered into with many of the manufacturers in the state, and an effort

is to be made to show that Iowa is not only an agricultural and mining state, but that it is also making great progress in manufactures. It is learned that a Burlington firm is to furnish one of the largest of the engines for the motive power of the exposition. Mr. Leach and Mr. Hutching were in conference today with Secretary Conaway in regard to plans for the ex-

Mayor Morgan pitched for the municipality, while Fireman Newt Martin did the catching, Alderman McDonald at right field was armed with a wire waste paper basket and succeeded in corraling several hot ones with it. Coroner Treynor was the first to bat for the county and made a two-base hit. Baird of the recorder's office was caught on a fly and Deputy County Clerk Battey of Avoca failed to reach first base. Doctor Wyland of Underwood, captain of Wyland's Indians, hit and got to first, scoring Treynor. Assistant County Attorney Hess managed to get to first base on a fumble by City Treasurer True, and then Court Reporter Bruington made a base hit, scoring Wyland. Then Tracy Rodwell, the young man in the clerk of the court's office, who entertains his friends from the east end of the county with pink teas and other social functions in the court house, and George Hill, the affable and handsome custodian of the

court house, fanned out, and the circus was over. Then the regular teams got down to work and played ball, while the "has beens" were relegated to the benches. The batteries: County, Hess and Wyland; city, Etnyre and Martin
