Financial Aid to Build Panama Canal Comes to Old Company.

SENTIMENT SHOWS ENTIRE CHANGE

People Evince Desire to Prevent United States Control.

ACTIVE LOBBY TO PREVENT TREATY

Colombian Congress is Now Considering the Matter at Bogota

Roosevelt and Hay Agree that, Whatever Action is Taken by Colombia at This Time, This Country Will Build the Ditch.

(From a Staff Correspondent.) WASHINGTON, June 28.-(Special.)-The Colombian congress met in Bogota a week ago. Very meager details of the first work week would be devoted to organization.

The administration is advised, however, that the various lobbles opposing the rati- in Dresden when he was arrested fication of the canal treaty are on hand in force, and it is expected that every possible argument will be advanced to encompass the rejection of the convention. It is learned that in addition to representatives of the foreign syndicate which is trying to defeat the treaty, powerful American railroad interests are also represented in the Colombian capital, with a chest full of money and a whole volume of promises.

France Has Changed Her Mind. had arisen over the proceedings of the De was powerless to release McHugh. Lesseps corporation, followed by the refrom the small tradesmen, the peasants and the middle class of the French people, the canal company found itself with offers final rejection of the treaty the French company will be able to control enough ready cash to push work upon the canal to completion, and that it will not be necessary to borrow a single dollar with which

The present compensation of the board will be continued in office at \$10,000 or \$12,-

Directors Will Not Lose.

to do this.

000 each per annum, and they are naturally not so anxious to get rid of the property as they were. The syndicate which, if the opportunity presents itself, will form a sort to the Colombian government which are regarded as far more liberal than the terms dition to this they have employed skillful lobbyists, with plethoric pocketbooks, to look after their interests.

The opposition of the American railroads is purely selfish and is fully understood. The same corporate interests have been active in Washington ever since it became apparent that congress would take up the canal project. The American government is taking no unusual steps toward persuading the Colombian congress that the treaty should be ratified. This must be done by the government of Colombia.

Cromwell is Sanguine. Mr. Cromwell, the American representative of the French Canal company in the negotiations for the sale of the canal and

railroad, expresses confidence that ratification will be secured before the adjournment of the special session on July 30, but this confidence is not fully shared by President Roosevelt and Secretary Hay. But the administration is not worried

The canal will be finished, and the United also centrel. It may be that when the work is completed the canal will traverse the republic of Panama instead of the United States of Colombia. This very important question will be decided within the next sixty days.

In the meantime the republic of Nicaragua has shown very clearly that all hope raphy. of a waterway from the Atlantic to the Pacific by the Nicaragua route has been abandoned by notifying President Roose velt that the minister from Nicaragua will be withdrawn from Washington and the legation closed.

Washington in the Dog Days.

With the summer capital at Ovster Bay, whither the president removed on Saturday, Washington will for the next two months to the quietness for which it is proverbial and from Oyater Bay. With the dinner given to Sir Thomas Lipton, who is again lea cup, at the White House on Friday men to the medical corps, where no gun evening, the social entertainments of the is necessary. president came to an end and the historic residence of the presidents will once more be in the hands of artisans to complete the House comfortable for President Roosevelt's

REPAIRING FLOOD DAMAGE

First Street Cars Cross River at Kansas City Since the Overflow.

KANSAS CITY, June 28.—Street cars crossed the Kansas river about noon today, connecting the two Kansas Citles after an interruption of exactity four weeks, caused by the great flood. Only one of the three inter-city lines is in operation, and this one uses a temporary bridge. Armourdale is now easy of access, but Argentine will be cut off for weeks yet. There is still no wagon bridge across the Kansas river, but two will be completed this week. Six bridges are now in use, but only one is a permanent steel structure. In replacing the destroyed bridges stronger and higher roadways will be built, to withstand future floods. Otherwise the inundated district will be little changed when fully reoccupied. Rains along the upper Kansas river brought a four-foot rise here last night. Gangs of men watched the temporary bridges to keep them clear of driftwood. The water fell steadily today.

Fifteen hundred men and 300 teams

Fifteen hundred men and 300 teams worked in the stock yards today removing mud and rubbish. It will cost \$50,000 to clean the yards and repairs will require a large sum

Eighteen Thou and Christian Scientists Gather at Boston-

THREE IMMENSE SERVICES ARE HELD

Many Special Trains Are Chartered for Today for a Pilgrimage to Mrs. Baker Eddy's Home in Concord.

BOSTON, June 28.-The annual commun on service of the mother church of the Christian Science denomination, the first church of the Christian Scientists, was held in Mechanics' hall today, the three congregations aggregating over 15,000 persons Each service was impressive, especially in the silent communion, when the entire con gregation knelt. At each service the read ers of the First church, the directors and other members of prominence, had seats on the platform. Prof. Herman S. Hering. formerly of Johns Hopkins university, and who is a son of Dr. Constantine Hering one of the founders of homeopathy in this country, officiated as first reader, and Mrs. Ella E. Williams was second reader. There was no departure from the order of service followed at previous annual communion in the mother church, and it closely followed the service in the individual churches of the denomination.

The sermon was a compliation of Bible readings, with co-relative selections from the Christian Science textbook. Before each service was brought to an end Prof. Hering read a letter from Mrs. Eddy, in which she expressed her love for her church and invited communicants to visit her tomorrow at her home in Concord,

Mrs. Eddy's Letter.

Mrs. Eddy's letter was as follows:

showers,
To beautify, bless and inspire man's power.
With everlasting love,
MARY BAKER G. EDDY. Response to Letter,

The following message, prepared by Edward A. Kimball of Chicago and unanimously adopted by each service, was sent in response to Mrs. Eddy:

Availing ourselves of our stered Christian privileges, thousands of Christian Scientists are again assembled to celebrate the holy communion ordeined by our Mister and lovingly observed by our church. a people who in times past were in bond-age to nearly every sin and nearly every disease.

Many of us have been redeemed from the most obdurate sin. Others who were once most obdurate sin. Others who were once dying have been restored to health and Coming thus, as a peculiar people to bow in mute gratitude before our God, we give thanks to Him for the Christian salvation which legitimately heals the sick as well as the sinful.

Many thousands of Scientists will make the pilgrimage, and already numerous weapon was a French duelling pistol, its special trains have been chartered. It is handle marked with six deep notches, as estimated that 18,000 members of the deif in token of as many meetings on the nomination have come here to attend the field of honor. The shot was heard by a services, and the Mechanics' building, servant and Wallkopf was found dying which covers several acres, is entirely detion of the visitors. Admission to the reserved to members today and will be durday were of a public character.

WARRANT FOR BARRINGTON Mrs. McCann Charges Him with the Murder of Her Hus-

band.

ST. LOUIS, June 28.-A warrant was sworn out today by Mrs. James P. McCann. charging F. Seymour Barrington with the murder of her husband, James P. McCann. As the alleged crime was committed in St. Louis county the city authorities today gave Barrington over into the custody of Sheriff Hankon, and the prisoner was taken

to Clayton and placed in jail. The body of the man supposed to be Mc-Cann, which was buried soon after being discovered several days ago at Bonfils, was exhumed today and an inquest was held by Coroner Koch of St. Louis county. The body was in a terrible state of decomposition and the features were gone owing to the ravages of vermin. Notwithstanding, Mrs. McCann positively identified the body as that of her husband, partially by gold tooth.

Coroner Koch made a rigid investigation and returned a verdict that two builet holes were found in the dead man's head and citizens or public servants. bullets were extracted corresponding in calther to the caliber of the revolver found in Barrington's trunk at the Union station here last night. He also found a deep gash in the throat and a cut in the paim of right hand, leading to the assumption that the man had been attacked first with a knife and in defending himself had seized the blade, which cut deeply into his hand, and that finally his throat had been cut the delegates and visitors will be a grand and he was ultimately shot twice in the bend.

Barrington maintains his innocence. RABBIS MEET IN CONFERENCE

OYSTER BAY, N. Y., June 28 .- President Roosevelt passed a quiet Sunday with his family at his Sagamore Hill home. During the afternoon some relatives and personal friends called to extend their greetings to the president and his family. The president, accompanied by Mrs. Roosevelt and their children, attended divine service this morning at Christ church, of which Mrs. Roosevelt is a member. At the conclusion of the services an opportunity was taken by the members of the parish to pay their

respects to the chief executive. It is announced by Secretary Loeb that the president will receive few callers at Sagamore Hill this summer, and those who hope to see him will be obliged to make engagements through Mr. Loeb in advance of their arrival at Oyster Bay. The presidept will devote his mornings to the transaction of executive business and his afternoons to recreation and rest. During the afternoons, too, he will receive such callers as may have engagements with him, or those whom he may summon to Sagamore HIII.

The executive offices selected for Secre taries Loeb and Barnes and the clerical force this year are much more commodious and convenient than those occupied last year. They consist of six rooms in the second story of the Moore block, and are well arranged and admirably adapted to the purposes of the executive staff. The desks and other furniture in the offices are chiefly those which were used in the executive offices of the old White House.

President Roosevelt will spend no time in the offices, his work being done in his library at Sagamore Hill. The offices are in direct communication by telephone with Sagamore Hill.

SHOOTS BROTHER IN THE FACE Irving Keitner Accidentally Discharges Blank Cartridge to Brother's Discomfiture.

Otto Keitner was accidentally shot in the and since that time neither boy has been seen by the police or their relatives, though vigorous search has been made for them. Whether the would is serious is not known. The charge was from a blank cartridge. According to Ben Wallace, a little colored boy, the shooting was a judgment sent on the two boys for doing wrong. Ben was standing in an alley near his home at 22-caliber revolver. The two Keitner boys,

denly went off and the charge struck Otto everywhere, "Americans are welcome to in the face. The three boys then ran, the Keitner boys first throwing the revolver away. Germany.

KIEL, Prussia, June S.-The emperor's yacht Meteor crossed the line first in today's race for cruising schooners, Class A. and kept the lead all the way over the thirty-mile course, beating Hamburg in a ten-knot breeze by 114 minutes. The empress' yacht Iduna was again twenty minutes behind. Emperor William had as his guests on board Meteor during the race, United States Ambassador Tower, Prince Henry of Prussia, Prince Adelbert, the emperor's son, Count Tiele-Wenckler, Count Redern and United States Naval Attache T. M. Potts. The emperor was quite a different man aboard the yacht than when aboard the battleship, talking about yachting and sporting matters the whole time. When bunch time came his majesty helped each member of the party himself from the large cold dishes provided and Prince Adelbert photographed

the group. Though Hamburg was a close second during the whole of the race, it lost a minute by its clubtopsail going by the board.

R. W. Goelet's Swan, in the race for yachts of its class, finished 34 minutes ahead of Gustav Stinn's Gluckauff, but had to take second place under the handicap, which gave the latter 44 minutes' time allowance. Betty VI was third. In the cutter yawl race Navahoe easily

disposed of its only competitor, Comet.

Therese unexpectedly beat Commodore and

the big English schooner Cicely turned the

tables on Herr Guilleaum's Clara, which won on Friday. Cicely finished three minutes ahead, but Clara protested, owing to Cicely carrying only one anchor, whereas, under German rules, two are necessary. In the handicap match for cruisers Irion. giving Navahoe 11/2 minutes and Comet 14

minutes' time allowance, won by 2 minface yesterday afternoon by his brother. utes from Navahoe, and Comet was no-Irving Keitner, 618 North Thirteenth street, where, The officers of Kearsarge will give a reception on Monday afternoon, to which the emperor and empress. Prince and Princess Henry and all the notabilities at Kiel have

accepted invitations. A reception will be given aboard Kearsarge probably next Tuesday for the crews of the German fleet. The German caflors 1720 Cass street, having a good time all | will be able to see inside the ship, and wil by himself, shooting blank cartridges in a be entertained by the crew. There has been nothing to complain of regarding the beso he said, came along, and by superior havior of the American sailors who have force and numbers took the revolver from been allowed ashore. They are welcomed him and began their celebration. After along the water front and the shops and taking a few shots they stopped to fix the restaurants are engaging interpreters for mechanism of the revolver, when it sad- their convenience. Signs are displayed

Kiel." The American tars cause considerable wonderment to the Germans by driving around in carriages and cabe At least revolver and turned it over to the police. half the limited supply of these vehicles

Men Modify Their Demands and it is Thought Employers Will Accept.

PITTSBURG, June 28.-The threatened strike of the machinists in this vicinity on July 1 was probably averted today by the men agreeing to a compromise. Over 1,00) machinists attended the mass meeting lution, at the residence of Major H. B. Mc. today, and after much discussion agreed to cut their demand for an increase in wages from 15 to 10 per cent and withdraw bodily their original proposition to make entirely union all shops where union men in any

number are employed. A committee will wait upon the manufacturers tomorrow to present the modified scale. If this conference fails to agree the nearly 4,000 machinists will be ordered on strike Tuesday. As the organization of the shops has been the stumbling block, it is believed the manufacturers will agree to the

10 per cent advance in wages. The molders will, in all probability, strike on July 1. This craft, after several conferences with the employers, has failed to agree on a new scale. Arbitration has also failed and a mass meeting will be held in order to get the sentiment of the whole body on strike or acceptance of the employers' ultimatum.

EFFORT TO SETTLE TROUBLES. Miners and Their Superintendents Will Make an Effort to Get Together.

WILKESBARRE, Pa., June 28.-The miners, through their superintendents and foremen throughout the Wyoming coal fields, will make an effort to clean up the petty disputes and grievances which exist so as to not burden the conciliation hoard with such matters. The award of the coal strike commission says that the miners and superintendents should make an attempt to end disputes among themselves by conferences, and this will now be done. Only grievances which cannot be settled in this way will be brought to the attention of the conciliation board.

Cars Run at Richmond.

RICHMOND, Va., June 28.-The strike situation tonight was entirely quiet. Cars were run on all lines today and tonight under military protection, as usual

TRAVELING MAN FATALLY CUT Assaulted on Streets of St. Joseph by an Unidentified White

Man.

ST. JOSEPH, June 28.-L. M. Wilson, who says he is a traveling salesman for the Armour Packing company, was as-London.

At New York—Arrived: Furnessia, from Glasgow; Patria, from Marseilles and Naples; Cymric, from Liverpool.

At Queenstown—Sailed: Lucania, for New his body. He claims to be ignorant of the identity of his assailant other than that he was a white man.
