EXPECT LARGE ATTENDANCE OF ORDER

Grand Lodge Knights of Khorassan Rathbone Bisters Will Also Be Here During August.

"They are the best camp grounds we have ever had in this state," was the declaration of General Manchester and the officers of his staff yesterday afternoon after inspecting Shady grove at Lake Manawa, which has been selected for the encampment of the Uniform Rank, Knights of Pythias, in August. General Manchester and his staff officers expressed themselves as greatly pleased with the arrangements made for the entertainment of the Uniform Rank, and from the reports which they will make to the companies throughout the state expect a large attendance here at the annual encampment.

Accompanying General Manchester were Colonel Kingsbury of Clinton, commanding the First regiment; Colonel McLaury of Sheldon, commanding the Fourth regiment, and Colonel Garriott, brigade adjutant After visiting Lake Manawa and inspecting the camp grounds a meeting was held at Hughes' hall with the executive committee, when plans for the encampment were discussed and outlined. General Manchester and his staff left for their homes in the evening.

The encampment will open Sunday afternoon, August 9, and it is expected that between 400 and 500 members of the Uniform Cielland, near which the county poor farm Rank will be in camp. The encampment is located. will last until Friday afternoon of that week, when the companies will break camp and return home. The camp will be conducted with regular military discipline and there will be reviews morning and evening and dress parade. It is likely that the Fourth regiment band from Sheldon will

be in camp. While the tents will be pitched in Shady grove, the reviews and dress parade will bo held in the large field just outside the enclosure. This is the field in which the sham battle was held during the reunion of the Philippine veterans last year. The competitive drills will take place in the ball park. Prizes will be given for the best drilled company, the company having the largest number of members in camp and the company coming the longest dis-

During the encampment the election of brigade officers will be held.

The week of August 10 will be Pythian week, as besides the encampment of the Uniform Rank, the grand lodge will be in session and the Dramatic Order Knights of Khorassan will hold its annual meeting and enliven matters with its burlesque parades and glittering pageants. The Rathbone Sisters will also hold their annual meeting here at the same time.

The Iowa brigade of the Uniform Rank, Knights of Pythias, is composed of four with a total member nearly 1.000. The First regiment is commanded by Colonel J. F. Kingsbury of Clinton and is comprised of companies from Marshalltown, Radeliffe, Ackley, Belle Plaine, Clinton, Greene and Marion Colonel C. C. Cone of Oskaloosa commands the Second regiment, which is composed of companies from Davenport, Muscatine, Eldon, Keckuk, Ottumwa, Mystic, Oskaloosa and Newton. The Third regiment is commanded by Colonel C. B. Frase of Garden Grove and is composed of companies from Council Bluffs, Hamburg, New Market and Chariton. Colonel C. S. McLaury of Sheldon is in command of the Fourth regiment, which is composed of companies from Sheldon, Sibley, Spencer, Clear Lake, Sloux City, Cherokee, Aurelia and Fonda. General J. C. WILMINGTON, Del., June 28.-Thou sands of persons today visited the scene where George F. White, the negro, was burned last Monday by a mob for the murder of Miss Helen Bishop. They came from all the small towns in this vicinity and hundreds journeyed to the execution place from Chester, Pa., and Philadelphia. A trolley line runs within three-quarters of a mile of the scene and 'bus drivers and others owning vehicles did a thriving business carrying passengers to the place and explaining to them the events of the last two weeks. The burning took place in a freshly-plowed field about fifty feet from the roadway, which is hidden by high bushes. The field has been tramped almost as smooth and hard as asphalt by the thousands of persons who have visited the farm. The only evidence that remains of the work of the mob are three cobblestones, on one of which this inscription has been placed in indelible ink; "Here is all that remains of White."

The bushes behind which the murder occurred have been cut down for a distance of several yards and carried away by relic hunters. Many of those who visited the scene today, among them a large number of women, carried away a sprig or branch quarters on Monday and begin a campaign. Should they be successful in disposing of a of the bushes.
