TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease and Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure. All whe are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneesing, running at the news and watery and smarting eyes at the nose and watery and smarting eyes can be avoided.

This remarkable discovery makes it por sible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomel Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure

in nearly every case. Sherman & McConnell have a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for \$1.00 and will also agree to refund the money if the treatment does not give astisfaction.

Do not try to cure hay fever by dowing the stomach. Breathe Hyomel and in that way the medication will reach the minutest air calls in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hav fever

Veteran Firemen's Association.

The Veteran Firemen's association held The Veteran Firemen's association held its regular quarterly meeting in Chief Salter's office last night. There was a small attendance on account of the warm weather. The applications of George A. Hoagiand, who was a member of Pioneer Hook and Ladder company No. 1; Owen Slaven of Fire King company No. 2, John Cane of Engine company No. 1, and Ar-thur Rosensweig of Fire King company No. 2, for membership in the association were received and acted upon favorably. The committee on resolutions reported that resolutions of regret on the death of Mem-bers J. H. Richards and M. W. Bushey had been drafted. The report was accepted. Several small bills were allowed, and Si0 was set aside for the relief of the widow of Michael Parr. The meeting then ad-journed until the second Wednesday in September. checks. Miss Minnie Mundt has gone to Missouri A son has been born to Mr. and Mrs. Maurice A. McAdams, 1914 M street.

Hignwayman Makes Change.

Hignwayman Makes Change. Lon Castle is a highwayman who makes change for his victims. According to Eddie Scalender, a pinboy at the Gate City bowl-ing aliey, Castle held him up at Fifteenth and Farnam streets Tuesday night, and, holding him with one hand, searched his pockets with the other. The holdup man found 20 cents and returned 5 upon the earnest solicitation of the S-year-old boy, who came to the police station and filed a complaint charging Castle with petit lar-ceny. The prisoner was held as a sus-picious character.

SHREDDED WHOLE BISCUIT surpasses all other foods. shred wheat highly Illustrating Absorption

The Vital

Reason Why

Shredded Whole Wheat Biscuit is made in the most complete, scientific and hygienic food laboratory in the world.

This laboratory is flooded with sunlight through 30,000 panes of glass and finished in white enamel, marble and mosaic - the veritable home of purity-a place where contamination is impossible.

The wheat is first thoroughly cleansed and all light kernels removed, then thoroughly cooked and spun into thousands of little shreds; each shred containing thousands of little pores; which gives the greatest surface for the absorption of the digestive fluids of any known food.

This insures perfect digestion and immediate relief from constipation. Order today.

Send for "The Vital Question" (Free).

A business meeting of the South Omaha

Southwest Improvers. The Southwest Improvement club held a short meeting last evening at Twenty-fourth and Leavenworth streats, and con-tinued all standing and special committees until the second Wednesday in September, when the club will begin holding its res-ular meetings again. The vacation for the summer months was decided upon because of the heat and a number of the members being out of the city during most of the summer. All of the work of the club now being done will be brought to a close by the committees having charge of it.

A business meeting of the South Omaha cavalry troop will be held tonight. It has been proposed that drills be discontinued during the summer months. This question will be decided tonight.
