

TAXES FOR STATE PURPOSES

Board Will Meet at Lincoln Next Monday to Fix the Rate.

DOUGLAS COUNTY WILL BE REPRESENTED

Effort Will Be Made to Have Rate Fixed for This County that Will Be Equitable with Other Counties.

The Board of Equalization meets at Lincoln Monday to fix the levy for state purposes in the various counties of Nebraska, and it is expected that the general levy will be considerably higher this year than last, as the last legislature increased the maximum amount which may be levied for state purposes from 7 1/2 mills to 9 1/2 mills.

The meeting of the board is of considerable interest to the various counties of the state for the reason that assessments which are too high compared with assessments of like property in other counties are here equalized for state purposes by varying the levy. Last year the levy varied from 6 1/2 mills in the case of Douglas county to 7 1/2 mills in several counties elsewhere.

This year a like representation will be made and it will be possible, in the opinion of many of the persons interested in the matter, to show that on an average the assessed valuation of property in Douglas county will approximate nearer 25 per cent of its true value than any other county.

PERMANENT WALKS ARE LAID No City Contractor This Year and Property Owners Act Voluntarily.

More permits for permanent sidewalks are being issued by the Board of Public Works than during any July for a number of years. Features of the work are that many property owners act voluntarily, and on their own motion, laying walks, and the increasing proportion of brick being used in the construction of them.
