

CROPS ALONG B. & M. LINES

Report for Last Week Shows Rains Except on Sheridan Division.

THRESHING IN EASTERN NEBRASKA NOW

Wheat Yield on Southern Division is from Fifteen to Twenty Bushels Per Acre and Heavier on Northern Division.

The B. & M. crop report for the last week shows rains generally throughout the territory with the exception of the Sheridan division, where there was scarcely any. In some places the rain was unusually hard. Between Crawford and Edgemont and near Mansfield over 2,000 feet of the main track of the road was washed out. Fall and wind over small territories made considerable damage near Lawrence, Tipkand, Kearney, Seward, Ashland, Union, Waco and York. The ranges along the Sheridan division are suffering from a lack of moisture and the stock is showing effects of the poor range.

Wheat has been harvested in eastern Kansas and Nebraska and threshing has begun. Along the southern division the yield is from fifteen to twenty bushels to the acre and from twenty to twenty-five bushels on the northern division. Threshing has not been begun in the western part of the state, where the yield is by far the heaviest. The yield is practically all harvested and the yield is good, although there was but little planted.

Corn shows the most promising condition of the year, the hot weather of the last two weeks have brought it forward wonderfully. There is a great deal of late corn which will give a very light yield if the season is not unusually late. Potatoes are good in all of the B. & M. territory. In western Nebraska and Colorado, where a large surplus is shipped out, the outlook is fine for a good crop.

Model Time Table Folders.

Model time table folders, which are superior to any time table folders ever printed, have been issued by the New York Central's passenger department. They are Nos. 2 and 3 of the famous "Four-Track Series," and both are literary gems and compendiums of railway travel. General Passenger Agent George H. Daniels has incorporated various suggestions made by bright people, and he has tried to include in these folders all that could reasonably be put into such books.

They are worth a prominent position in every library, and on every business man's desk.—From the Buffalo Commercial.

Fishing and Hunting.

The angler will find in Utah ample opportunities to indulge in his favorite sport. The mountain streams are stocked with gamey trout and the but little less gamey black bass abounds in the waters of Utah lake. In season good duck hunting can be had on Utah lake, the Jordan and around the pools and lagoons of the Salt Lake valley. On the mountainsides grouse are plentiful, and larger game can be found on the mountain ranges of the Utah and Uncompagnie reservation. City ticket office, 1224 Farnam street. Phone 215.

Homeowner's Excursion.

Both one way and round trip tickets will be sold by the Missouri Pacific railroad at very low rates to certain points in Kansas, southwest Missouri, Oklahoma, Texas, Arkansas, etc., on Tuesday, July 21. Stopovers allowed on going journey. For further information address or call on any agent, or Thos. F. Godfrey, passenger and ticket agent, southeast corner Fourteenth and Douglas streets, Omaha, Neb.

Card of Thanks.

We wish to extend our heartfelt thanks to our many friends who so kindly remembered and assisted us during our dear mother's protracted illness and death. Our hearts are left desolate, but our loss is her gain. The many beautiful floral tributes were very much appreciated.

Summer Tours.

If you have not decided where to go, or how to go, don't fail to get a copy. It is certainly worth sending for, and reading carefully after you get it. It tells all about the pleasant places on the Michigan Central as well as the New York and New England resorts. Address, O. W. Ruggles, G. P. & T. A., Chicago.

OLD CHURCH BUILDING GOES

Workers Begin to Tear Away Douglas Street Church of St. Mary Magdalene.

The old building of the Church of St. Mary Magdalene on Douglas street between Sixteenth and Seventeenth is being torn down. This building was vacated some weeks ago and was purchased by W. E. Chambers, who will use the material in his new dancing academy at Twenty-fifth and Farnam streets. The excavation for this new building will be finished this week and the brick workers, said Mr. Chambers, will turn to Monday. The Haydens, who are the owners of the ground on which the old church stands, will do nothing in all probability this year. Joseph Hayden was authority for this statement. He said the season was so far advanced that he thought nothing would be done this year because they needed the addition to their space for the summer season and this would not be a possible thing.

GREAT WESTERN LINE OPENS

One Mixed Train, Each Way, Between Council Bluffs and Fort Dodge.

OPENING SERVICE IS ONLY TEMPORARY

New Line Will Not Attempt Competition for Through Business with Other Chicago & St. Paul Roads Until December.

The Chicago Great Western sent its first train eastward over its new line out of Council Bluffs yesterday afternoon. It was a mixed train and destined for Fort Dodge. The regular train service for the time being will be one mixed train daily between Council Bluffs and Fort Dodge each way, to be continued until such time as the track is properly ballasted and the roadbed shaken down, which will be about six weeks or two months.

The present service is for the points along the line and no attempt will be made to handle through freight or passengers in competition with other Chicago and St. Paul lines. The Great Western will not operate regular trains out of Omaha before about December 1, when the question as to the use of the Union Pacific bridge is expected to be settled. This mixed train service will serve to aid in getting the road into first-class shape for regular business when the regular train service, both freight and passenger, is put on out of Omaha.
