

REQUEST FOR HIGHER WAGES

Street Railway Men Submit Matter to International Officers for Approval.

ASK FOR TWENTY-FIVE CENTS AN HOUR

Also Request Minimum Daily Wage of One Dollar for Extra Men—Members of Union Say Strike is Improbable.

By the action of the second section of the Street Railway Employees' union Wednesday afternoon there will be submitted to the international officers of that organization for approval the request of the local union for an increase in the wages of the men employed by the Omaha & Council Bluffs Street Railway company.

The action taken was after considerable discussion of the subject, which followed the adoption of the same measure by the section of the union which met last Wednesday night. The request of the union is for a change of two features of the present scale. The first and most important is an increase in the wages of the motormen and conductors to 25 cents an hour, and the second is a minimum daily wage of \$1 extra for men who may be called upon to work. At the present time the extra men are required to report at the office for duty and are paid only for trips made. Some of them may remain at the barns all day, according to statements of members of the union, and not take out a train, and they consequently get no pay for the time they are on waiting orders.

It is understood that when the application of the union for the approval of the demands is sent to the international headquarters some of the members of the organization will send a statement of the conditions existing in Omaha to President Mahon to acquaint him with conditions, and ask him to be very cautious in giving any approval which will tend to color reports of trouble to be coming at Omaha, as the men who voted on the statements of members of the union, and did not take out a train, and they consequently get no pay for the time they are on waiting orders.

Strike is Not Probable. It is said by members of the union that in case the request is approved by the international officers and is refused by the company that the matter would be allowed to drop before any question of suspending work would be submitted to the local organization. There can be no strike until two-thirds of the members of the union vote for such action, and this is impossible, in the opinion of the strongest champions of the new scale, as including both meetings at which the question was submitted less than half the membership voted on the question of the present application for permission to send the request for higher wages to the company.

RAILROAD GETS MENAGERIE

Chicago Great Western Acquires One Five-Toed Elephant and Two Camels.

The Chicago Great Western Railway company is possessed of assets seldom found in the schedule of a railroad company, for by the filing of a bill filed with the county clerk yesterday it is shown that the company has secured the title of one five-toed elephant and two camels, together with other property usually found in a circus. The bill of sale is given by the Jahour Carnival and Circus company to secure the payment of notes.

HAYDEN'S THE GREAT PIANO Sale Still Going On.

Never in the history of our great Piano business have we pleased so many Piano purchasers as we have the last few days. Our large force of salesmen in our Music Annex has been busy as bees showing the magnificent instruments that we are offering at such astonishingly low prices. Many very conservative buyers called this week and placed their order for a Piano, knowing that they made a great saving on their purchase. While we have given out a number of bargains since this sale commenced, we have many more to offer. We merely mention a few of them here to impress upon your mind that now is the time to get a good Standard Piano at less than it cost to manufacture it. Every instrument sold in this sale is guaranteed just as though you paid the regular price for it.
