**Abstract of Pusey Property.**  
The abstract of title to the W. H. Pusey property at the corner of Willow avenue and Pearl street, selected as the site for the Carnegie library building, was submitted yesterday to Attorney J. J. Stewart, chairman of the special committee appointed at the last meeting of the library board to examine it.

The committee are Attorney W. S. Baird, Finley Burke and George H. Scott. With the abstract was a transcript of the proceedings in bankruptcy of Frank Pusey, one of the heirs to the property.

The transcript discloses the fact that Mr. Pusey did not include his interest in the homestead in the schedule of his assets. The transcript also shows that Mr. Pusey had no liabilities incurred subsequent to the death of his father, W. H. M. Pusey. A number of leading attorneys who have looked into the matter give it as their opinion that the failure of Mr. Pusey to list his interest in the homestead cannot affect the title.

It is expected that the committee will be able to report on the abstract no later than Monday evening, at which time a meeting of the library board will probably be called by President Rohrer.

**Taking School Census.**  
Secretary Dillon Ross of the Board of Education will take the school census of Council Bluffs during the last week in August. He is now making arrangements for a speedy canvass of the city. Last year's census showed 6,748 children of school age, which is between 5 and 21 years. Of this number 1,432 were enrolled in the schools. After deducting the number between the ages of 18 and 21, who had finished school, it left but very few who should have been and were not attending school. It is expected that the school census this year will show a material increase over that for 1902.

### FIGHT AMONG BARBERS ON

Three Shops Decline to Observe the Union Hours for Closing.

TRADES UNIONS DECLARE A BOYCOTT

Proprietors Say They Will Fight It Out, as They Cannot Afford to Close Early Saturday and Sunday.

The first gun in the anticipated war among the union barbers of this city, was fired yesterday morning when three shops, the proprietors of which refused to abide by the recently adopted closing hours for the summer months, were placed under a boycott by the local union.

The shops against which a boycott has been declared are those of Charles Spencer, 25 West Broadway; Fred Dingle, Revere House, West Broadway; Frank E. Silvers, 536 West Broadway. The charges against George Barker, 1026 West Broadway, were withdrawn, he having agreed to abide by the schedule.

The three men whose shops were ordered placed under the union ban yesterday refused to be dictated by the union and the union yesterday morning appealed to the grievance committee of the Trades and Labor assembly and it is said that the committee approved of the union having posters printed announcing that the three shops had been placed under the ban and warning friends of organized labor against patronizing them.

The three shops whose shops were ordered boycotted say they are in the fight to the finish and further developments are looked for.

The trouble between the barbers resulted from the union recently deciding that shops must be closed during the summer months at 9 o'clock Saturday nights instead of at 10 and on Sunday mornings at 11 o'clock instead of at noon. It is stated that while a number of shops professed to observe the union rules, they in fact did not, but continued to do business after these hours with the blinds pulled down. Saturday nights and Sunday mornings are the busiest time in the barber business and the men whose shops were boycotted yesterday claim that to abide strictly by the hours adopted by the union would injure their patronage.

Several Want Divorces.

Two wives, both of whom were married in Nebraska, today and yesterday alleged their husbands are habitual drunkards and commenced suits in the district court yesterday for divorce.

Mrs. Mary E. Creamer asks for a divorce from E. A. Creamer, to whom she was married in Norfolk, Neb., September 28, 1874. She alleges that on account of her husband's fondness for liquor he failed to provide for her and her children, and she was forced to leave him June 1, 1902.

Mrs. Mattie Rogers seeks a divorce from S. H. Rogers, whom she married at Brownsville, Neb., January 9, 1888. She lived with him until January 9, 1903, when she was forced to leave him, so she alleges in her petition, on account of his drinking habits.

Filed affidavits for service by publication have been recorded in the divorce court August Buss against Fannie Buss and Alexander Warren against Kate Warren.

**One Boy Confesses.**  
George Carter and William Wilson, two of the three boys charged with maliciously letting the water out of the Great Western railroad's water tank a few nights ago, were discharged in police court yesterday.

James Palmer, the third of the trio, admitted the water tank was let out in the waiting of the water. He said that he and two other boys climbed up to the top of the tank and one of them pulled the chain that let the water out. They were unable to stop the flow and becoming frightened left the water running. Earl Kroniger and John Carl, the two boys implicated by Palmer, were arrested and will have a hearing in police court this morning.

Palmer, for his share in the mischief, was given a suspended sentence during good behavior of ten days on bread and water.

**Requiem Mass for Pope.**  
Solemn high mass of requiem was celebrated in St. Francis Xavier's and St. Peter's churches yesterday morning in memory of Pope Leo XIII. At St. Peter's, Xavier's Rev. Father Smyth was assisted by Rev. Father Loftus. At St. Peter's the mass was celebrated by Father Herman. Both churches have been draped in black and these emblems of mourning will remain until the close of the thirty days.

Further and more impressive public services in memory of the deceased pontiff will be held according to the directions of Bishop Cosgrove. It is expected that the circular coming from the bishop will be received in time to be read at the services Sunday morning.

**Circus Company Gives Mortgage.**  
There was filed in the office of the county recorder yesterday a chattel mortgage for \$3,500, given by the Jabor Carnival & Circus company to the Chicago Great Western Railroad company. The mortgage covers the entire property of the Jabor company now at Courtland Beach, including nine wagons, four railway cars, three large tents used for the Japanese Tea Garden. The beauty show and the Chicago Great Western fair, four small tents, all the scenery and paraphernalia of "A Night in Venice," and all other accessories, among which are specially mentioned one five-toed Asiatic elephant, named Tom and two African camels, named Fatima and Selma.

**Hurrying Up Train Service.**  
Train service on the Great Western between Fort Dodge and Council Bluffs may be inaugurated sooner than had been anticipated. G. P. Thomas, general superintendent of terminals, received word yesterday from headquarters that the train now established between Fort Dodge and Tennant, will in all probability be extended to Council Bluffs on or about August 15. This service will consist merely of one accommodation train each way daily. Prior to receiving notice from headquarters yesterday Superintendent Thomas had not anticipated any train service between this city and Fort Dodge before September 1 at the earliest.

**Druggists Have a Surplus.**  
At the meeting of the Retail Druggists' association last night it was reported that there was surplus in the treasury after all bills incurred for the entertainment of the State Pharmaceutical association had been paid. The members considered a most satisfactory state of affairs, as it had been expected that there would have been a deficiency to meet a number of articles presented by wholesale and jobbing firms, which arrived too late to be included in the list of prices, will be returned to the donors.
