troops formed in a column and were marched to the barracks. Their historic neursion into Vatican territory ended

without the slightest friction. It is estimated that 80,000 people passed the catafalque since Thursday morning. Last Paneral Mass.

The last funeral mass in St. Peter's was elebrated this morning in the chapel of the choir by Mgr. Panley, canon of the Vatican basilica. At the same time funeral masses were celebrated in most of the churches of Rome.

The most imposing ceremony today was

the reception by the sacred college, in the hall of the consistory, of the whole diplo matic body accredited to the Vatican. All the diplomats were gorgeous uniforms and the cardinals had on their magnificent violet robes and were seated in huge armchairs, according to the right of precedence The Portuguese ambassador, M. Martins d'Antas, dean of the diplomatic corps, was at the head of the body. He advanced and delivered the address in French, expressing the sorrow of all the powers at the death of Pope Leo, who had acquired

the universal esteem of the world. Oreglia Thanks Diplomats.

Cardinal Oreglia, dean of the college ardinals, rose and answered in Italian. He thanked the diplomats, in the name of the sacred college, for the part all of the governments had taken in the mourning of the church. He sulogized Pope Leo and his work during his long pontificate and ended with expressing the hope that God will suggest to the sacred college a worthy successor to Leo XIII.

After this the members of the diplomatic body kissed the hands of all the cardinals and especially congratulated Cardinal Oreglia on the sentiments he had expressed and which produced the best of impressions During the early hours the piazza of St. Peter's was not so crowded with persons desirous of viewing the body of Pope Leo as on the two preceding days, but when it became known that the opportunity would cease at noon those who had been waiting until the last moment hurried to the cathe-

the middle of the square and shouted: "Kill the sheriff; he has shot more than one white man on acount of a negro." The mob was especially incensed against the negro turnkey. After the fusillade it reciled for a few minutes, but immediate preparations were made for another attack. A message was sent to a mining camp at Westfield, Ill., to bring over dynamite to blow up the jail, and the mob leaders were notified that two miners had started for the explosive. They are heavily

from Alvan, where the assault on Mrs. Burgess was committed, who are active enders. The mob has been increased to several thousand, the entire square in front of the jail being packed with shouting men and women. While waiting for the dynamite the mob

narched up and down in front of the jail, toning it and firing shots at random. About half an hour after the message for the dynamite was sent a telephone message came from Himrod, a little town halfway between Westville and Danville, saying that several miners had been stopped there by citizens who had been sent out from Danville to intercept them, and who had taken a large quantity of dynamite from them. The purpose of the meeting was to plan for a complets scepage study to be carried on along the Platte river and its tributaries in the three states. This work will be conducted simultaneously by several parties so that the results will show the gains and losses

to which the river is subject from its source to its mouth. In connection with the seepage measure ments on streams typical irrigation sys tems will be investigated, special attention being given to canals diverting water near the points where both the North and South Platte rivers enter sandy channels and where the loss through seepage is excessive. The seepage problem has considerable bearing on interstate water right questions, and the work as planned promises to be the most comprehensive study that has yet been undertaken.

The list of the cured runs into hundreds

The list of the cured runs into hundreds and includes druggists and physicians. The 13 per cent of failures were largely among cases that were at death's door, and many such recovered.

The Specifics that have at last conquered these dread diseases are known as the Fulton Compounds. The Benal Compound for Bright's and Kidney Disease is \$1; the Disbetes Compound is \$1.50. We have a tablished an agency in your city and you will find pamphlets and Compounds at Sherman & McConnell Drug Co. S. W. Cor. 16th and Dodge Sta., Omaha.
