Grain Markets Active in Bullish Statistics and Unfavorable Crop News.

WHEAT CLIMBS MORE THAN A CENT

Provisions Are Weak Some Dropping Ewenty to Thirty Cents on Board of Trade Owing Liberal Hoga.

CHICAGO, July 21.—The grain markets were active and strong today on builish statistics and unitavorable crop services, September wheat closing 1913ch higher September corn be nigher, with oats up 1974ch. Provisions ruleu weak, the September products closing from 20c to 30c lower. Notwithstanding several setbacks occasioned by realizing the wheat market ruled strong throughout the day and trading was on a large scale. Option prices were higher under the influence of strong cables and small world's shipments. With continued discouraging three shipments, with continued discouraging three shipments with coming in and with outside, markets showing good gains the market here quickly responded to the buildish news. On the advance local buils took advantage to secure profits which resulted in slight feelines at various stages of the session, but the market always railed to increased buying. The strength in corn was one of the cluse buil factors. On one of the slum 28 September sold off to 7726775c, but late in the day had risen again to 784c and the close was at 784c, a gain of 1914c. Clearances of wheat and flour were equal to 15,500 bushels. The amount of passage decreased 656,000 bushels, while the visible supply showed a decrease of 117,000 bushels. Frumary receipts were 698,700 hushels, against 1,588,238 bushels a year ago. Minneapolis and Duluth reported receipts of 58 cars, 27 of contract grade, made total receipts for the three points of 77 cars, against 305 kast week and 647 a year ago.

cars, against 300 last week and 04 a year ago.

Trading in corn opened with a rush and commission houses were literally swamped with buying orders from the outside, which resulted in a wide range of prices at the start, September selling between 52½c and 57%c, a gain of ½6½c to ¾6½%c from Saturday's close. After still further advances had been made the market reacted on general profit taking, severy large commission houses being active sellers. Unfavorable crop advices continued to come in, and although trading was not as active as early in the day the market regained its early strength and ruled higher the greater part of the session. September closed with a gain of %c, at 52%d52½c, after selling between 52½c and 53c. Local receipts were 181 cars, with 16 of contract grade.

The strength in wheat and corn were supporting influences in oats and held prices firm, although the July option suffered a setback of 2½c on free offering by cash houses. There was a good demand for the deferred futures, but trading lacked any features after ranging between 33%c and 34½c. September closed ½c cars.

Provisions were weak with further unloading of ribs by a prominent packer. This feature, coupled with the liberal receipts of hogs and a decline of 10c in prices at the yards, caused a bearinh sentiment throughout the day. The close was at about the bottom, with September pork 30c lower, at \$1.50. September lard was 20c lower, at \$1.55. and ribs off lic, at \$1.7077.77%.

Estimated receipts for tomorrow: Wheat, 155 cars; corn, 246 cars; oats, 465 cars; hogs, 17,000 head.

The leading futures ranged as follows: Trading in corn opened with a rush and

on Nervous Market.

NEW FORK, July 27.—The failure of another stock exchange firm, sincurced shortly after the opening this morning, renewed the feeling of nervousness and prices were sgain forced to a lower level.

There were violent declines in some of the stocks, in which the failed firm was immediately interested. A number of the stocks, in which the failed firm was immediately interested. A number of the stocks, in which the failed firm was immediately interested. A number of the standard railroad stocks at the same time sold down from 1 to 2 points under Saturdays' level. But even during this period of initial weakness there was manifest a good absorption of stocks and points of strength peraisted against the depression. Later in the day, when it was said no further follures would be announced, the tone of the market became very strong and the early losses were wiped out even in the weak stocks, while the general level over Saturday night. The demand was especially conspicuous for New York Central, St. Paul, Reading, Illinois Central and stocks of a like substantial grade. Some large orders were oxecuted in all of these stocks and at other points throughsuit the market, so that prices ended the day from 1 to over 3 above Saturday's level for prominent stocks, and at much wider marks for some less prominent issues. There was much buying to cover short contracts and a considerable portion of it was by professional operators for a turn in the market on the long side. But there was an improved demand for investment both in stocks and bonds, and stock exchange commission houses showed an increased confidence in advising their customers to buy. Only a few of the inactive stocks showed such violent falls as have characterized the recent market, which pointed to a conclusion that there was less pressure to close out unmarketable securities figuring as collateral in loans and an improvement in facilities for securing accommodation. The recent market with the passing of the syndicates interests in these and disappo on Nervous Market.

Coffee Market.

NEW YORK, July 27.—COFFEE—Spot, quiet. Futures opened steady at unchanged prices, but turned easier and more active under the issuance of August notices, which were said to be out to the extent of about 150,000 bags. This led to switching near the later positions and a good part of the transactions reported were exchanges on August for December at differences of 55 and 69 points. Primary receipts were also heavy, encouraging sales for short account, but the steadiness of the market at Santos restricted the downward tendency. The market closed steady, net unchanged to 5 points lower. Sales were 40,750 bags, including August at 3,60-63.65c; September, 2,75c; October, 3,80c; November, 3,90c; December, 4,156, October, 3,80c; November, 3,90c; December, 4,156, 2,0ctober, 3,80c; November, 4,40c; May, 4,50c.

CATTLE—There was a light run of cattle here today and a larger proportion of the offerings consisted or cows and stock cattle than has been the case for some time past. Chicago, however, had a biggrun, and as prices there took a drop of about a dime that had a tendency to make packers bearish at this point aiso.

There were comparatively few beef steers on sale today and the prices paid did not show much change from the case of last week. The unfavorable reports from Chicago, however, helped buyers to bear down on the market a little and as a result some of the kinds that did not just suit the packers soid at right close to steady prices. \$1.10 for him. The Hales, who were the first to come, have already been forgotten. The earliest of the California grapes, the Sweetwaters, have engaged rooms for gome time next week. Peach-plums, a dream of loveliness, with

smooth, blushing cheeks of distracting plumpness, peach-plums that, were they to go to England or Germany, Imperial Edward or the Kaiser would send down immediately and have them up at the palace for dinner, arrived, 200 crates of them, in Omaha yesterday by express from The Dalles of Oregon. And they, too, have the artistic temperament, and money is no object; they sell for \$1.25.

Another car of southern cantaloupes perfumed the market yesterday at \$2 per The first limes to come west from Miami, Fig., also registered Monday, earlier ones on the market having come from Mexico. When the colonels got in early they were considered worth \$6, but they have been up against the gin rickey all the forenoon. It is hard to walk about for

the tomatoes; they get in your way and are stepped on like a pet cat. Fifty-five cents a step.

WAS EQUAL TO THE OCCASION Bride Changes Traveling Costume for Wedding Gown in County

Court Rooms.

A bride with a desire to do the proper thing, but without the usual facilities for arranging the usual bridal tollette created considerable interest in the county court yesterday. Accompanied by the prospective groom she arrived early at the court house, the groom carrying a telescope value which was bulging with its contents. After the marriage license had beer secured the bride asked to be conducted to the private room of the judge, as she desired to rearrange her tollette. There was no room of sufficient privacy for the purpose, but the judge placed the vault at her disposal. Through the iron doors of the vault the bride retired dressed in a traveling suit of gray. After a few moments' absence she returned arrayed for the service, which was performed by the judge. Although mirrors and the usual toilet adjuncts were absent from the vault the masculine eyes which were charmed with the costume could detect nothing missing from the bridal array, which was complete to the smallest detail. After Judge Vinsonhaler had pronounced the service the bride again retired and when she came again to the court room was ready to resume her travels

REPAIRING TWO COUNTY ROADS Macadam Will Be Replaced on Dodge

and Center Under New Specidestions.

The county surveyor is preparing plans and specifications for the necessary repairs upon the macadam roads of the county and work will begin as soon as bids can be secured. The county this year has decided to put the Dodge street and Center street roads in first class shape, and to do this the greater part of the macadam will have to be replaced.

On a portion of the Center street road the board has finally decided upon using brick of the quality used on North Twenty-fourth street. This portion of the road is from 600 to 1,000 feet long adjoining Patrick's grove, where the ground is low and will not sustain macadam. It has been decided to place drain pipes under the concrete base upon which the paving will be laid.

In the plans two specifications will be provided for, one for a topping of granite and the other for a topping of lime stone, each to have a middle course of sandstone between the topping and the soil of the road.

Carnival of California and Coast Fruits, with Peach Plums in the Lead.

The carnival of California beauties enlivens the market daily. They boom; all except the apricot, which burned the candle at both ends, so to speak, and is now only a memory, while the peaches, pears and plums are in their prime. However, a few Utah or Oregon apricots may yet come. Pears were coy Saturday and as a result the price is up about 25 cents now.
