COMMERCIAL AND FINANCIAL

Grain Pits Open Strong, but Erse Off Under Selling Pressure.

WHEAT, CORN AND DATS ALL LOWER

Provisions Rule Strong on Board of Trade, Shorts Buying Freely and Elevating Prices from Ten to Fifteen Cents.

CHICAGO, July 28.—After considerable strength at the start, prices in the grain pits ruled easier and September wheat closed 440% lower, September corn and oats were each 340% lower, but provisions were strong, the September products clossing from hogisc higher.

Trading in wheat was active at the Leginning of the session and opening prices were strong with September 340% higher at 18340.68%. There were a good many buying gruers to be filled at the opening and under this demand the market was strong the first half hour and September sold at 75%, but the better prices brought out many selling orders from commission houses and there was also plenty of general fluidation which soon started prices on the down grade. Later in the session the selling movement was increased under the influence of an increase of 15,000 bu. in on the down grade, the selling movement was increased under the influence of an increase of 15,000 bu. In the world's visible supply and also by the bearish construction put on the weenly government crop report and in consequence the market ruled quite weak. After selling down to 77%c, September ralled slightly and closed at 77%4977%c, a lose of 148%c. Clearances of wheat and flour were equal to 101,600 bu. Frimary receipts were 784,400 bu. against 1,415,630 bu. a year ago. Minneapolis and Duluth reportes receipts of 221 cars, which with local receipts of 141 cars, 50 of contract grade, made total receipts for the three points of 372 cars, against 286 last week and 788 a year ago.

There was a large trade in corn but although the opening prices were strong, the advance was not maintained owing to heavy realizing by prominent operators. Private reports of rain in Kansas with predictions of further precipitation for that state together with the rather bearish tone of the weekly government crop report. of the weekly government crop report, were partly responsible for the seiling movement. Late in the day the seiling became more pronounced and the close was at the bottom, September being %16/4c lower, at 52%c, after ranging between 52%c and 53%c. Local receipts were 28 cars, with 2% of contract grade.

at the bottom, september being \$19.24c lower, at 52½c, after ranging between 52½c and 53½c. Local receipts were 2% cars, with 25 of contract grade.

Although oats opened fairly firm in sympathy with the strength in other grains, the heavy receipts, good grading and improved erop reports caused weakness later in the day and lower prices prevailed the remainder of the session. After selling between 33½c and 34c, September closed \$25½c lower at 33½c. Local receipts were 458 cars.

Good buying by shorts caused strength in provisions at the opening advance in all products. The strength in grains and the smaller hog receipts were early influences. Realizing sales caused a loss of part of the gain. The close was firm with September pork up 12½c, at \$13.62½; September lard was 10012½c higher at \$7.50.

Estimated receipts for tomorrow: Wheat, 70 cars; corn, 106 cars; oats, 165 cars; hogs, 25,000 head.

The leading futures ranged as follows: The leading futures ranged as follows:

156 below last night upset the late market seed on the late market and led the whole list downwards. The
grain carriers were not strong at any time
and were presumably affected by the reports of hot winds in the corn belt and by
the weather bureau's weekly builetin on
corn and spring wheat. Reports of crop
damage were reinforced by the upward
movement of prices in the grain markets
and the development of profit taking in
those markets did not save stocks from the
late reaction. The improved sentiment this
morning was largely due to the understanding that the closing out of hypothecated securities for loans, both of the failed
firms and of others under pressure for payment of loans on collateral for which the
market is not active, was to be suspended
for the present to await a more favorable
market. Late in the day there was indication of a resumption of selling out of collateral on some loans. The buying through
commission houses was reported to be better than for many weeks and was hopefully
regarded. But this buying did not follow
the market upwards. There was evidence
of a purpose to drive in the bears in the
calling in of stocks loaned for delivery
on short contracts, and in the character of
some of the rumors which were set afloat.
There was a report of a private settlement
between the Union Pacific interests and
one of last week's failed firms, looking to
taking over of large holdings of Southern
Pacific and a resumption by the firm. This
was denied when the Union Pacific directors assembled to declare the regular dividends. Toledo, St. Louis & Western was
reported to have passed to Grand Trunk
control. An offer of 59 for Evansville &
Terre Haute control was alleged to have
been made by an anonymous bidder. Colorado Fuel was said to have acquired the
Utah Iron company and its price shot up
nearly a dozen points on a few intervening
sales, just at the last. The other stories
were effective in varying degree in causing sharp bidding for the st

the investment demand was not following reconcerning the advance in prices. When traders attempted to take profits on the day's rise the market therefore gave way and closed unsettled and irregular.

Active bond issues were generally decidedly strong, but there were some wider concessions in the marketing of inactive bonds. Total sales par value, \$3.485,000. United States bonds were unchanged on particular. Following are the quotations on the New Fork Stock exchange:

LONDON, July 23.—Money was in moderate demand in the market today and bank-regiment are still here, but there has been frequent are still here, but there

Americans opened strong and above parity. After some good inquiry they weakened, became irregular, improved during the last hour and closed firm. Kaffirs opened with a better tone, but reacted on a failure in Glasgow. The amount of buillon withdrawn from the Bank of England today was £100,-000.

PARIS, July 28.—Business on the bourse today was innetive. Rentes at the opening were firm but later they declined. Industrials receded slightly, but closed moderately firm. The private rate of discount was 2 2-16 per cent. Three per cent rentes, 97f 45c for the account; exchange on London, 25f 13½c for checks. Business on the bourse today was quiet. Government securities were weaker. Canadian Pacific was higher. Coal shares declined and iron shares were firmer.

ST. LOUIS, July 28.—WOOL—Steady, Medium grades, combing and clothing, 184618c; tub washed, 294504c.

NEW YORK, July 28.—WOOL—Firm.

Evaporated Apples and Dried Fruits.

NEW YORK, July 28.—EVAPORATED APPLES—Unchanged from conditions recently reported, demand remaining moderate and the tone fairly steady in the absence of selling pressure. Common are quoted at 455%c; prime at 5%65c; choice at 65005c; and fancy at 5%67c.

CALIEDRNIA DRIED FRUITS—Spot prunes, attracting a fair jobbing demand, are steady, while coast advices reflect firminess for futures. Quotations range from 3c to 7c for all grades. Apricots are perhaps a little firmer on attractive grades and a fair jobbing interest is reported. Choice are quoted at 8678c, and fancy at 109124c. Peaches are quiet and unchanged. Choice are quoted at 7674c, and fancy at 86194c. Evaporated Apples and Dried Fruits.

NEW YORK, July 28.—COFFEE.—Spot quiet. Futures opened steady at unchanged prices to an advance of five points and ruled moderately active and steady on buying chiefly for the account of spot interests. The steadier tone was partially due to the general stability of the primary markets in the face of the movement of the new crop which restricts buying by local importers and consequently checks sales against spots in the local market. The close was steady at a partial advance of five points. Sales were 16.250 bags, including August at 2.55c; September, 2.75c; October, 3.55c; December, 4.20c; March, 4.40c, and May at 3.55c.

Excitement Begins to Subside. DANVILLE, Ill., July 28.—The excitement over the lynching of the neuro Metcalf seems to have subsided entirely, and affairs today have resumed a more normal condition. Two companies of the Seventh regiment are still here, but there has been no friction between the soldiers and townspeople since Sunday.

Bloux City Dry Goods Market. NEW YORK, July 28.—DRY GOODE.— Buyers are operating cauticusly and with determination to buy only what immediate necessity demands. High prices are being paid where purchases are for immediate de-livery and seliers generally are not anx-ious for additional business, being unable in many instances to make satisfactory de-liveries.

GOSSIP OF COMMISSION ROW Condition of Eggs Declared Posttively Scandalous by All Those Handling Them.

The eggs are a scandal. The track buyers have been paying for eggs, but they have not got eggs, they have got family heirlooms. Long preserved, cherished by old hens as their first, these somehow are reaching the market. Some crates of thirty dozen have proved to be superanuate asylums, with as much as fifteen dozen of the eggs, such as should no longer be found on the active list. And the egg dealers have been paying 10 cents in good fractional currency for these outrageous eggs, but they will do so no more, and will insist upon a personal interview with every one now before engaging its services. But if the eggs are handled carefully the scandal will soon blow over.

The butter men are thinking of putting in a plant for piping the butter about their houses. It will then be easy to turn on the tap and fill a keg with butter. But. "Oh, my!" It is butter that must be frozen quickly and put away, so that there may be peace and comfort in the city. It will be time enough to bring it out in the winter and process it.

Red raspberries know that they are getting scarce, and therefore prized, so they are going to close out at a wholesale price of \$3. That's the way with a berry; it will crowd on the price when it sees a chance, Peanuts, too, are preparing to make the small boy discontented with the size of the sack. The stock is beginning its closing out sprint, and while there will be peanuts enough to keep all from starving, yet it will be long, indeed, before the new crop can get to work. The price is now in the neighborhod of \$4.75 per 100 pounds. The bananas Monday received a telegram from their managers at New Orleans ordering them to put the price up 10 cents. This is an outrage. The bananss are so constant in price that they hate to put on the raise themselves, but they are in the hands of their friends and have their orders.

ARBITRATION ON HOT DAYS Judge Vinsonhaler Successfully Tries Plan of Having Litigants

SHEEP—There was a light run of sheep here this morning, but several cars were late in arriving, which rather delayed the market. As soon as the stuff arrived, though, and was put on sale buyers took hold, and it took but a comparatively short time for everything to change hands. The market could best be described by calling it active and steady on all desirable grades of fat stuff. A big string of Idaho wethers brought \$3.60, Idaho yearlings also sold for \$3.50 and Idaho ewes brought \$3.

The demand for feeders continued active, and as there were only a few on sale the prices paid were fully steady. Some Wyoming wethers sold for feeders at \$1.25.

Quotations for grass stock: Good to choice lambs, \$5.5025.75; fair to good lambs, \$4.7595.25; good to choice yearlings, \$1.5093.75; fair to good to choice wethers, \$2.15693.40; good to choice ewes, \$2.7593.25; fair to good to choice ewes, \$2. Settle Cases. the proceedings and asked them to talk at him one at a time. In about fifteen minutes the parties had agreed and the case will be dismissed.

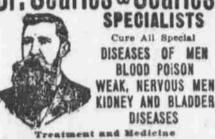

The second case was that of Vaclay Pivonka against T. J. O'Neill, in which the judge had previously rendered judgment for the plaintiff, but which was to come up on the ancillary action. He pitted the lawyers against one another informally with the result that they decided to settle the matter out of court.

REAL ESTATE TRANSPERS
