COMMERCIAL AND FINANCIAL

Wheat Weakens at Start, but Recovers Sharply on Northwest Advices.

RAINS CAUSE HEAVY SLUMP IN CORN

Oats Also Tumble, but Hally Later, While Provisions Rule Active and Strong on Board of Trade.

CHICAGO, July 23.—After opening weak the wiment market experienced a smarp recovery and the cione was strong, with September Pagings higher. September corn was up 15c, oats were 15c nigher, while provisions were from 17% to 27% 47%.

Improved weather and neavy selling of yestercay caused weakness in wheat at the start and the early depression was considerable augmented by the severe break in start and the early depression was considerably sugmented by the severe break in corn prizes. September opened with a loss of 46 % to %c. as 77 % 78 % to 77 %c. and there was little wanted at the decline. Prices held fairly steady during the first hour at the lower range, but later a better demand 40 veloped induced by buillish news from the northwest, where reports from Manitoba showed greatly reduced crops in that section. Shorts covered freely and some protainent longs reinstated their lines which they had sold out, which resulted in the market taking a sharp upturn. Septem ber selling up to 78 % c. On the advance goods became extremely scarce and prices the market taking a sharp upturn, September selling up to 784c. On the advance goods became extremely scarce and prices were well maintained throughout the remainder of the session, September clossing at 795c, a met gain of 144015c. Clearances of wheat and flour were equal to 200,000 bu. Primary receipts were \$71,600 bu. against 1,258,400 bu. a year ago. Minneapolis and Duluth reported receipts of 104 cars, which, with local receipts of 57 cars, 14 of contract grade, made total receipts for the three points of 161 cars, against 174 last week and 357 a year ago.

357 a year ago. General rain throughout Illinois and Ne-braska caused heavy selling in corn at the braska caused heavy selling in corn at the opening and extreme weakness prevailed. September being off 1/2 to 1/2, at 511/2/51/2/c. For a time the offerings were overwhelming and the market was badly demoralized, but liter a good demand developed on reports from sections of the corn belt to the effect that only light showers had failer and that much more rain was needed. Local longs bought freely and there was also a good demand from shorts, which turned a weak market into one of decided strength, and all of the early loss was regained. After selling between 51%c and 52%c September closed 1/2 cars, with 14 of contract grade.

Oats acted largely in sympathy with corn, opening weak, but showing a good rally later, with local longs, who had sold out their lines, replacing them on the break. Trading was only moderately active, and the market exhibited no special features. The close was firm, with September 1/20 higher, at 23%c, after ranging between 130 and 33%g34c. Local receipts were 163 cars. Provisions ruled active and strong the greater part of the day. There was an excellent demand for lard and ribs, supposed to be for the account of a big packer, which advanced prices materially, pork being carried up with them. The close was strong, with September pork up 1274c, at \$13.56, September lard up 424/945c, at \$5.07½. Estimated receipts for tomorrow: Wheat, 55 cars; corn, 155 cars; oats, 220 cars; hogs, 25.000 head.

The leading futures ranged as follows: oats acted largely in sympathy with corn The leading futures ranged as follows:

NEW YORK STOCKS AND BONDS. Creeping Rise Interrupted by Frequent Hesitation and Reaction.

quent Hesitation and Reaction.

NEW YORK, July 29.—Operations on the stock market took on a conservative tone again today under the leaps and bounds of the first recovery from the long depression gave place to a more creeping process. Even this moderate upward pace was not maintained and there was frequent hesitation and reaction. The news of rains in the southwest and the resulting weakness in the grain market was a benefit to the stock market, as a close eye is kept upon all news bearing upon the condition of the corn crop. There was no evidence of renewed liquidation of the forced character that has cost the market so dear for some time past. But the demand for scocks, nevertheless, showed signs of satisfaction and the seiling, though bgnt, was sufficient to force prices backwards, again. There is an element among stock buyers which refrains persistently from entering the market until conclusive evidence that the turn has definitely come. It is made up in a part of speculative shorts for a long turn and in part of invesiment buyers who dread to hold stocks through a cecline, in VEGETABLES.

sales, \$2.2665.46.

SHEEP AND LAMBS—Receipts. 18,000 will be on sale August 31 to 80 to choice wethers, \$3.2563.75; fair to choice mixed, \$2.7563.50; western sheep, \$3.0068.65; native lambs, \$3.2566.25; western lambs, \$5.0066.00.

the cattle commanded steady prices.

The beef steer market was not very active, but still the cattle kept changing hands and the more desirable grades in most cases sold at right close to steady prices. Other kinds, however, were rather a neglected and a good many salesmen were quoting them a little lower. The general market could best be described by calling it steady to a little lower. As high as \$1.00 was paid for a choice string of cattle, and while that was considerably less than they would have brought the best time last week it looked not far from steady with yesterday.

The cow market was very uneven, the same as it has been for some time past. As a result some salesmen were calling the market steady while others were quoting it lower. The best grades undoubted the market steady while others were quoting it lower. The best grades undoubted the market steady while others were quoting it lower. The best grades undoubted the market steady while others were quoting to the worth and common kinds of grassers though could be quoted steady to a little lower. The price obtained for that class of stock is largely a matter of luck owing to the unevenness of the market. Substitute of sales, \$2.004.40; Texas and Indian steers, \$2.004.40; Texas and Indian steers, \$2.004.40; Texas cows, \$2.000 to a shade easier.

Bull, veal calves and stags were rather slow sale but generally about steady with yeasterday.

There were no new developments on the stocker and feeder market. There was the stocker and feeders, \$5.006.22%; light, \$5.300 porkers, \$5.206.50; pigs, \$5.000 porkers, \$5.

slow sale but generally about steady with yesterday.

There were no new developments on the stocker and feeder market. There was about the same number on sale as arrived yesterday and as a general thing they commanded steady prices where the quality was at all satisfactory. Common stuff though was very hard to dispose of. There were several bunches of westerns included in the receipts and they sold in about the same notches they did yesterday. Representative sales:

\$5.15@6.30; porkers, \$5.25@6.30; pigs, \$5.05@5.30.

SHEEP AND LAMBS—Receipts 3.600 head; market steady; native lambs, \$1.15@6.30; bead; market steady; native lambs, \$1.15@6.30; pigs, \$5.05@6.30; pigs, \$5.00@6.30; pigs, \$5.00@

WANTS TO MANAGE CASES City Attorney Wright Says His Statement on Railroad Tax Litigation Was Misunderstood.

City Attorney Wright says the mayor evidently misunderstood him when he interpreted a certain conversation on the allway tax counsel matter in the light that the city attorney desires to be relieved of

the responsibility in the cases. "As a matter of fact," said Mr. Wright, I could not be relieved of this responsibility even though I so desired. The law makes it incumbent upon me to nominally, at least, retain hold of the litigation. As I have stated before, I wish to retain the sanagement of the cases and not to shirk either the work or the responsibility. The work of this office, however, makes it almost imperative that I have necessary legal
