St. Patrick's Parish Social.

The cool evening—an autumnal night kept in cold storage for summer use—did not particularly affect the holiday spirit prevailing at the St. Patrick's Catholic social in Vinton Street park, for while the refrigerated breeze made ice cream a duty to be rather reluctantly performed by conscientious parishioners, it made the dancing platform a delight. An appreciative crowd danced long to the music of Casey's band. St. Patrick's church, which is on Castellar street at Fourteenth, annually gives a social at the ball ground, and always to a large attendance. The grandstand and surrounding ground was lighted with temporary are lights, a good dancing platform provided and ice cream tables and booths. In the informal program the band took a leading part, D. NO BIDS FOR THE ISSUE ARE RECEIVED

One Dealer Explains to Council Objections to the Bonds, but Makes No Offer to Purchase the

Isaue.

A special meeting of the city council was held last night for the express purpose of receiving bids for the \$70,000 overlap bonds. Much to the disappointment of the council and others as well who have claims against the city, not a single bid was received. From the number of inquiries City Clerk Shrigley had during the week it was inferred that there would be not possibly four.

When the council became aware of the moved that the finance committee be authorized to dispose of the bonds at pri-

to the city. This motion prevailed. F. N. Clark, representing Brandels & Son of Omaha, was present and although declining to bid was given permission to talk jectionable features. In the first place he spoke of the tight money market in the east and then said that bankers had all they could do now to provide money for the moving of the crops in the west, Money borrowed for moving crops brings of discount.

Tucker Arraigned Again,

Andrew Tucker was brought down from he county jail yesterday and again arraigned in police court. He is charged with murder in the first degree. As in the first instance, Tucker, through his attorney, H Murphy, pleaded not guilty and waived preliminary examination. The second emplaint was the same as the first, with the exception of a change in the date. Assistant County Attorney Mentgomery stated that in drawing the first complain he had made an error and had written April instead of July, his attention having been called to another case while drawing this complaint. As soon as the error wa discovered yesterday Mr. Montgomery had the case noiled and Tucker was brought down to be arraigned again. As soon as the pleadings and waivers were over Tucker was taken back to the county jail. No effort is being made to secure his release on bail.

BIG CROWD VISITS CARNIVAL Fire Dive by "Kid" Mangles Proves the Star Attraction of the

Evening.

The principal feature at the Woodmen of the World carnival last night was the fire dive made by "Kid" Mangles. Mangles ascended the high ladder and after igniting several hoops saturated with oil, which he wore about him, leaped off into the tank. The crowd filled the grounds to overflowing. There was hardly room to turn round, and officers were required to keep the people from walking over the performers. BAKER FURNITURE COMPANY

Arthur Shiverick Petitions District Court for Receiver, Alleging Concern is Insolvent.

Arthur Shiverick has brought suit in the district court asking for the appointment of a receiver for the Baker Furniture company. In his petition he alleges that he is a stockholder in the concern and gives the names of the other stockholders, who are made defendants with the Baker Furniture company in the case. He further alleges that the company is insolvent and that it has transacted business regardless of its articles of incorporation and the laws of the state, in that its present indebtedness s in excess of \$55,000, while the capital stock of the company is \$50,000, and its articles limit the indebtedness to one-half of the capital stock; that it has failed for two years to publish a statement of indebtedness as required by law. Further he alleges that J. L. Baker, who holds the largest part of the stock, has been elected president and general manager of the concern at a salary of \$3,000 per year, and that Mr. business, is compelled to hire buyers and others who are familiar with the business to do the work, so that the \$3,000 is an unnecessary annual expense to the company. He asks that a receiver be appointed until the debts of the concern are reduced to at least \$25,000, which is the largest amount authorized by the articles of incorporation. Specifying the debts and assets he says that \$26,500 is due to five banks of the city and more than \$15,000 is due to J. L. Baker, while among the assets is counted between of the state, the Idaho legislature has ap- \$15,000 and \$20,000 of worthless accounts propriated \$2,500 for the equipment of the which were charged to the profit and loss account by the partnership which conducted the business before its sale to the present corporation.

MERCURY A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and cruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored

splotches and other aggravating symptoms of this vile disease. Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay. only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the

bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others. We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home.
