CORN EASES ON RAIN NEWS, BUT RALLIES

Wheat Opens Higher, Drops and Rises Again, Ones Are Quiet and Firm and Provisions

Easter.

CHICAGO, July 30.—Trading in the grain pits was again settive today and wheat was strong the greater part of the day. September closing Work higher. September sorn closed unchanged, onto were up %7%c, while provisions were from 5c higher to be lower.

while provisions were from 5c higher to like lower.

There was a good general demand for wheat at the opening due to the advances in the foreign markets, and initial sales were at higher prices. September being is gize higher at 15 2678 c. The higher prices brought out head y realizing sales and the market turned weak early in the day. September declining to 28 c. Reports of from in the northwest and good buying by large commission houses brought a raily late in the session, the nurses becoming steady. September advancing to 80%c. Liquidation by local longs late in the day, with the easier tone in corn caused another setback, but the close was tirm, with September if given higher at 79%4779%c. Clearances of wheat and flour were equal to 181,500 bu. Primary receipts were 521,400 bu., against 1480,200 bu. a year 150. Minneapolis and Duluth reported receipts of 18 cars—19 of contract grade—made total receipts for the three points of 191 cars, against 213 cars last week and 501 cars a year ago.

Further rainfalls in the west, including

grade—made total receipts for the three points of 191 cars, against 213 cars last week and 501 cars a year ago.

Further rainfalls in the west, including the greater portion of Kansas, caused an easier tone in corn, and there was considerable selling throughout the day, but the strength in wheat had a raillying effect, and at times the market showed some firmness. Shorts were good buyuts on the declines and there was also fair buying by commission bouses. The close was steady, with Beptember unchanged at 52%c, after selling between 52%c and 53%c. Local receipts were 140 cars, with 18 of comract grade.

Onts ruled quiet with prices firm in sympathy with the strength in wheat. Commission houses were early sellers, but the demand was sufficient to hold prices. The close was firm, with September 19674c thigher at 33%c, after ranging between 53%c and 33%c. Local receipts were 210 cars.

Provisions opened weak, with considerable selling prossure on land. At the outset the market appeared to have little support, but later there was enough local buying to cause a slight rally. The close was easier, September pork being 5c lower at \$13.90, with lard off 10c at \$7.97%. September risk were up 5c, closing at \$8.12.

Estimated receipts for tomorrow: Wheat, 86 cars; corn, 160 cars; oats, 355 cars; hogs, 17,000 head.

NEW YORK STOCKS AND BONDS. Diminishing Demand Causes Resection, Though Not Acute Weakness.

NEW YORK, July 20.—Yesterday's check to the recovery in prices was supplemented today by reaction. There was no acute weakness, except for the eccentric plunges amongst the inactive speciaties, but the demand diminished to nominal proportions. Commission houses which reported yesterday an awakening inquiry for stocks found today that the slight reaction in prices had almost entirely discouraged this buying and in some cases had induced buyers to get out of the market again hurriedly. A constant drip of small selling undermined the market and caused prices to crumble. The early selling centered on Atchison, following up the late movement of yesterday. The general list resisted for a time until some of the specialties began to make violent decilines. The weakness then became quite general. Several of the professed reasons for yesterday's selling of Atchison were cleared up teday without strengthening the stock in the market. Official denials were made of rumors of a coming bond issue and of an alleged unsuccessful attempt to negotiate a temporary loan by the company. The regorts of rains in the southwest, with expected benefit to the corn crop, disposed of another ground of weakness. The selling was partly by professional bears, but the suspicion remained that long stock was coming upon the market and made an unfavorable impression upon speculative sentiment in the whole market and made an unfavorable impression upon speculative sentiment in the whole market and made an unfavorable impression upon speculative sentiment in the whole market and made an unfavorable impression upon speculative sentiment in the whole market and the lease special sold of the stock were hinted at. A feature of the situation is the revival of various reports, running from the plausible to the highly improbable, of new combinations and absorptions of railroad systems to the New York Central and Pennsylvania. The policy of combination of a salads for miston, corn showed atten Diminishing Demand Causes Reaction, Though Not Acute Weakness. per cent on the last call.

LONDON, July 30.—Money was in active demand in the market today for various payments of interest on loans and monthsend requirements, while tomorrow tenders for 130,000,000 in exchequer bonds will be offered. The raily in business was maintained on the stock exchange. No further difficulties are anticipated, although operators will have to be helped over the end of the month. The strength of consols was partly due to a report that the country had decided to postpone the issue of new loans. Prices closed easier. Americans opened at about parity, were mactive, railied later, reacted and closed weak.

The rate of discount of the Bank of England shows the following changes: Total reserve decreased £85,000; circulation increased £359,000; builton decreased £450,000; other securities increased £1,570,000; public deposits decreased £30,000; notes reserve decreased £30,000; notes reserve decreased £30,000; notes reserve decreased £75,000; problem unchanged. The proportion of the Bank of England's reserve to liabilities this week is £75 per cent; last week it was 57 M per cent.

The berries are not going where the files go in winter time, but they are disappear-ing. This week they are still to be hadsome of them. Next week parades the question mark. The rain has been more than three days' grace to the blackberries and to the red raspberries and without it the former at least would have been seen no more next week. The morning trade sold out the supply of blackberries, the enger retailers struggling to get the last

to present to their customers. The berries were all local and all good, and sold at about \$1.75. The red raspberries are as a rule as fine to look at as the right-end girl of the chorus. They were \$2.50 to grocers who took their eye, but Wednesday there happened to be too many in town and the money consideration some crates holding berries that you

ould see were the wrecks of dissipation that were quietly slipped off at \$1.25. Shut out from the grocers, they will likely mough take up with the peddler man. Currants of our own soil we have had none, but for the past two weeks small shipments have been getting in almost daily. They will all be in the jam by Sunday. The earlier lots were from Michigan, but now it is Colorado, from where fifteen cases came yesterday. Three dollars was the straw which showed which way the cur-

rants ran yesterday morning. They are in the grocer's wagon with the band. Cantaloupes are tidy creatures and yeaterday on the market they cleaned up nicely. The price was in the neighborhood of \$2, but if any retailer wants a crate or two of them today it will be a matter of personal preference on the part of the lons and not improbably it will be money that talks. There will be more in Saturday or Sunday, some being under contract from Arkansas.
