O'Keeffe Introduces Resolution to Investigate High Price Charged County.

DO NOT FIT BOOKS AND ARE USELESS

Were Ordered on Simple Request and Bill for \$4,800 Allowed Without Being Referred or Audited by Board.

Commissioner O'Keeffe introduced a resolution at the meeting of the county commissioners yesterday which was expected to create considerable discussion. but which Commissioner Harte successfully side-stepped by having referred to the The master bore upon the bill for vault fixtures which was paid at the last regular session of the board under a suspension of the rules. The resolution

was as follows:

Whereas, There has been paid for vault fixtures from July 12, 1862, to July 11, 1863, inclusive, the sum of \$12,242,25, and.

Whereas, The county clerk's vault has \$14 square feet, having 456 filing cases and 569 openings for books, of which 254 of these spaces for books are of no use for these spaces for books are of no use for the pason that the books will not fit in them, and at least one member of the board thinks that the old fixtures should not be removed from the vault for the reason that they are an exact duplicate of the fixtures put in, with the exception of the 254, or three-fifths of the total book space of the vault, which is of no use to the county for the reason the books will not fit in them, and for the further reason that the price being exhorbitant. \$4,800 for not fit in them, and for the liant. \$4,00 for that the price being exhorbitant. \$4,00 for that the price being exhorbitant at \$9.33 and having 514 square feet of fixtures at \$9.35 and

having 514 square feet of fixtures at \$9.33 and a fraction over per square foot, whilst the fixtures in the county court vault are \$8 and a fraction over per square foot, or \$1.33 per square foot less; and.

Whereas, This bill was filed on July 10 and was allowed and a warrant drawn and receipted for on July 11 without referring it to a committee or giving some member of the board a chance to investigate and see that the proper fixtures would be put in the vault before the county would pay \$1.800 for fixtures of which three-fifths of the book space will have to be replaced, therefore, be it

Colonel H. C. Akin is a private citizen again with rather mixed feelings of regret and relief. "The last order of business at the imperial council of the Shrine, taken up at the last moment, was the election and installation of my successor," said the ex-imperial perentate, who, with Mrs. Akin, has returned from the east. "I had been treated so well during my occupancy of the office and my relations with all had been so happy that I hated to leave it, set when the work was taken from my hands I felt relieved. Is Like Trying to Get Rid of Dandruff Without Herpfelde.

Did you ever see any one trying to wash themselves without soap or water? If you did, what would you say of him? It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it with Cantharides, Vaseline, Glycerine and simflar substances which form the principal ingredients of most so-called Hair Vecors. pensive for CMy to Advertise in The Bee-Hearing Continued to Monday.

The city council committee spent yesterday morning wrestling with the contest over the selection of an official paper and the question became somewhat complicated while the hearing progressed. The World-Herald representatives flatly refused for a second time to produce any books or records showing the matter of the circulation of the Evening World-Herald other than the statements of the carriers and the list at this time before the council, with the exception of five routes where there is a clear distinction between the circulation of

the two editions. Attorney Connell for The Bee asked the nembers of the council present to vote upon the question of causing the World-Herald to produce records which it was admitted existed showing the circulation of the paper for the months of the present year previous to June 30. Upon a vote Dyball," Zimman and Back voted for the production of the evidence of circulation, while O'Brann, Huntington, Schroeder and at once. Nicholson voted to suppress the informa-

Difference in Cost.

During the examination of M. G. Uhl it was brought out that during the last year, at the same rate of payment and for the insertion of the same notices, the city paid the World-Herald more than \$2,000 for advertising, while The Bee received something like \$1,900 for the work. This was explained by the difference in the width of the columns of the two papers, which amounts to about 4 per cent in actual measurement-the column of The Bee being that much wider, while, resulting from extra lines by reason of the narrower space, it costs about 6% per cent more to advertise in the World-Herald at the same
