TALKING LOWER TAX LEVY

Belief Increased Valuation Will Permit of Making a Cut.

Four Bidders Submit Proposals or Brick and Artificial Stone Walks Throughout the City.

When the question of fixing the tax levy for this year was brought up at the meeting of the city council last night Alderman Lougee urged that it be given careful con sideration, as he believed that with the increased valuation it might be possible to reduce the levy. The city levy had for a number of years, he stated, been increasing until it had become a veritable burden on the tax payers. At Alderman Lougee's suggestion the committee of the whole will most next Menday and take the matter up.

The recently ordered new artifical stone

sidewalks on Broadway and Main atreet occupied a large portion of the aldermen's time last night. Many property owners who stated they had arranged for the laying of the new walks in front of their property by private contractors asked that their walks be out out of the general contract. In a number of instances this request was granted, conditional on the applicants beginning the construction of their walks by the time the city contractor reached their property, otherwise the walks would be laid under the general contract. Mrs. Sarah Key, owner of property on Broadway, filed a protest at being required to replace the walk in front of her buildings and notified the city she would hold it responsible for damages if it took up the brick walk at present there. Her protest was referred to the committee of the whole. Charles T. Stewart asked he be granted an extension of time in which to put down the new walks in front of the building now occupied by Stewart Bros, company, wholesale grocers, as he intended remodeling the building, which would necessitate the

Official Ball Game Arranged.

According to present plans and providing bad weather does not interfere, the base ball game between the officials of Harrison and Pottawattamie counties will be pulled off at Lake Manawa next Saturday after Freeman Reed, clark of the district court, received word yesterday from Auditor Huff of Harrison county that his brother county officials accepted the terms of the combat as laid down by the Pottawattamies and that they, duly prepared to do battle, would be here Saturday with a trainload of rooters. The game will be followed by s banquet, which will be paid for by the

losing team. Assistant County Attorney J. J. Hess will captain the Pottawattamie team and was yesterday getting his men lined up for the approaching frey. The terms of the game provide that none but regularly salaried officials of the two counties will be

permitted to play. The proceeds of the game will be devoted to some charitable institution to be rou decided upon later. Yesterday afternoon Clerk Reed conferred with Manager Landis and made arrangements for the use of the ball park at the lake next Saturday after-

Matters in District Court.

Suit was begun yesterday in the district court by A. C. Wood against the motor ompany for \$10,000 damages. Wood was formerly a conductor in the employ of the defendant company and alleges that while serving in that capacity in September 1901, as he was passing over the company's bridge across the Missouri river a number of loose boards left lying by the defend-14K and 18K wedding rings at Leffert's, PROTEST ON SIDEWALK CONTRACTS ant's workmen on the bridge were caught to Broadway. up by the car and he was struck. He sustained, he alleges, permanent injuries to his wrist, back and knees.

James Hunter as administrator of the estate of Johannes Krohn, commenced sult against the Milwaukee railroad for \$15,000 damages for the death of Krohn. On January 18 last last Krohn while driving with Chris Dolen in a buggy was killed by a train on the defendant company's tracks between Yorkshire and Persia.

Mrs. Emma Smith makes the Mason City & Fort Dodge railroad and the city of Council Bluffs defendants in a \$3,000 damage suit filed yesterday in the district court. Mrs. Smith alleges that she is the owner of a lot in Casady's addition on Third street and Sixteenth avenue and that by reason of the grade or embankment of the railroad at that point the surface water has been diverted onto her property.

Allen Reed of Underwood filed in the dis trict court yesterday a petition for divorce from Eliza Reed, to whom he was married at Salina, Kan., March 3, 1900. He alleges she deserted him September 22, 1900. Reed was recently discharged from the county jail here after serving a sentence of three months for lewdness. Mrs. Stella Fehr, who was indicted with Reed and served a thirty days' sentence, also brought suit for divorce from her husband shortly after her release.

Judge Wheeler in district court vesterday dismissed the two suits of B. E. Fields against Anna Bartholomew and others and William Hansen and others because Fields had failed to comply with the order made July 3 last by the court and pay into court the costs and attorney fees. The suits were dismissed at Fields' cost.

Start Harrison Street Paving. After fighting for two years to get their street paved property owners on Harrison street were yesterday made happy by seeing a large force of men placed at work by

Contractor Wickham grading the street and getting it in shape for the paving. The contract, which was let by the city more than two years ago, calls for Council Bluffs brick for top and bottom courses. Scarcity of the home made material, however, Contractor Wickham has always contended, prevented the paving being laid before this. It is understood that Mr. Wickham, in view of the continued scarcity of Council Bluffs paving brick, will use Des Moines vitrified brick for the uppe course. At a recent meeting of the city Contractor Wickham was instructed to put in a cement filler on Harrison street, the same as was placed on North Main street. Harrison street is the natural conduit for an immense volume of water which flows from the hill and side streets in that section of the city and it is expected that with the cement filler the paving will not be undermined and

HUMANE SOCIETY IS TAKING A HAND

Blanks Sent Out for the Organization of Ten New Banks in Iowa Friday and Saturday of Last Week.

(From a Staff Correspondent.) DES MOINES, Aug. 17 .- (Special.)-A spirited legal fight for possession of a baby being carried on here and in Calhoun the Humane society. The baby is Clarence West, the child of Ruth Richardson, who lives in Calhoun county. The child had been legally adopted by Mrs. Fred West of this city, who had agreed to care for the child on payment of a sum of money to be paid by the child's mother. The grandparents of the child knew nothing of its existence until a few weeks ago, when they came to Des Moines and got the child, taking it home with them. But Mrs. West claimed that they had not been paid in full, and she sent an attorney to Rockwell City, who secured possession of the child by habeas corpus proceedings and returned it here. Now the relatives of the child appear on the scene and com mence proceedings in court to again se cure possession of it, and to have nullified the papers of adoption. They will claim that the persons who now have the child are not proper, and an effort will be made to break up "baby farming" in Des Moines and elsewhere in the state. The Humane thigh a distance of, perhaps, an inch and is taking an active hand, and the suit is likely to be warmly contested.

Money Abundant for Banks,

On Friday and Saturday of last week the auditor of state sent out blanks and instructions to ten different towns of Iowa for the formation of new banks under the state laws. This indicates the rapidity with which new banks are being formed in Iows, and that there is no lack of money to go into legitimate enterprises. The state auditor today issued a charter to the Farmers Savings bank of Greene, Butler county, capital \$15,000, El. W. Soesbe

The Kerfoot-Githens Clothing company of Fort Madison incorporated with \$12,000 capital. The Powers Manufacturing company of Clarinda incorporated with \$50,000 capital. The Dubuque Fire and Marine Insurance company re-incorporated with \$100,000 capital.

Des Moines Man Poisoned.

D. M. Seick, a business man of this city, died today in Marshalltown from the effects of chloroform and morphine, probably taken for suicidal purposes. He was found locked in his room, unconscious, and while he was practically restored to did not fully recover. He was in the awning business here, and had formerly been in business in Marshalltown, and was preparing to return there to go into business. His wife and son went to Marshalltown. and the funeral will be there.

Hunter's feat of clipping off eleven strikes from the difficult bogey score appeared so brilliant that the victory of the Englishmen seemed a secondary matter. The record-breaking card is:

Norman F. Hunter, Oxford:

Holes Putts of 150 Feet. Chandler Egan lost his match against the most machine-like golf that he ever encountered, being able to capture only two holes from the Caonian. Egan was out; in 40, and coming in he equalled Hunter's score. Hunter frequently holed putts of 150 feet and seemed absolutely in control of the ball on the green. He never required three putts, took only one putt on six greens and used 30 putts in the entire round. At said I would die unless I submitted to an the third tee he topped his drive, but re covered so well that he took the hole on under bogie from his young rival, After at the musical murmur. The general opin- a mediocre drive to the twelfth hole, bogie 5, Hunter played so brilliantly that he won

Walter Egan of Exmoor and Harvard, team mate of Chandler Egan, putted remarkably well and defeated H. G. Bellis of Oxford, 3 up 2 to play. Egan's medal score

J. A. T. Bramston, another Oxonian, and the only one of the visitors who clings to the gutta ball, won one up from G. A. Ormiston of Pittsburg in nineteen holes. Ormiston was 2 up on his English rival at one time, but sure green work by Bramston squared the match at the eighteenth Captain John L. Low of Cambridge defeated Stuart Stickney, who had made 78 in the morning, 4 up 2 to play. G. D. Barne of Oxford gave a fine exhibi-

tion of the long game and defeated Roswell Champion Louis N. James and T. M. Hunter, the Oxonian, were all square in their match at the end of nine holes and played a give and take game to the home hole, when the American won 1 up. D. F. Ranson of Cambridge had a right match with B. D. Smith of Onwentsia, but

the latter succumbed, 2 down, by hard luck in having putts jump out of the holes at two greens. M. W. Beveridge of Oxford turned the course in 78 and defeated J. M. Sellers of

P. W. Leathart of Cambridge defeated W. T. G. Bristol of the home club, 1 up. B. F. Cummins, who uses no wooden clubs, won from C. H. Alison of Oxford, 4 up 3 to play, and C. H. Day of Oxford During the four-ball four-some play in the visitors' play somewhat, but they won three of the five matches. The Hunters defeated the Egans, 1 up. Bramston and Beveridge took their match from Ormiston and Stickney, 1 up, while Ellis and Leathart, principally by the latter's score of 75, defeated

Mundy and Sellers, 3 up 2 to play. James and Smith took Barne and Ranso into camp 1 up and Cummins and Osborne won by the same margin from Low and Allison. The latter had difficulty in keeping on the course. Tomorrow the Englishmen will practice

on the Gienview golf course, where Wednesday they will meet the All-Chicago SHOOTS AT CLERICAL CRITIC
