Both were united by party walls to the buildings that fell.

Inspection has convinced the inspecto that the walls, and consequently the buildings, are unsafe, and he has condemned them and ordered their immediate vacation. Notices to this effect were served this morning. Whether the buildings will be torn down or the owners will be permitted to repair them is a question that the Advisory board will decide later.

The McCague Investment company and John W. Robbins, agents for the buildings, 1403 and 1405 Douglas street, have notified the owners of the collapse of the buildings, but have not yet received any word in

A constantly changing crowd stands in front of the ruins and watches the workmen tearing down, brick by brick, the wall spaces, but none of it has been moved. They have no more information on the day, the agents say, which means that

Improvement is Not as Rapid as Phy-

sicians Thought and General

Change is Urged. Mayor Moores is not convalencing from his recent illness with bronchitis as rapidly as his physicians and friends thought he would. His general condition, since he has been able to be on his feet and get down to the city hall occasionally, has been of a character to cause considerable alarm. The mayor was in bed all day Wednesday

and the indications were that he would not be able to leave the house or transact any business vesterday. It has been recognized that the mayor needs rest and a chance for recuperation and he has been urged to take a vacation and get a change of air.

THISTLES AND DANDRUFF.

An Interesting Parallel and a Valuable Deduction Therefrom.

Cutting down thistles no more relieves the land of thistles than scouring the scalp cures dandruff. In each case permanent relief can only come from eradicating permanently the cause. A germ that plows up the scalp in searching for the hair root, where it saps the vitality, causes dandruff, falling hair and baldness. If you kill that germ you'll have no dandruff, but a luxuriant suit of hair. Newbro's Herpicide is that cures dandruff and falling hair by Milling the germ. 'Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Sherman & McConnell Drug Co., special agents.

QUADRUPLES MARGIN BACK

First Ward Councilman Now Shows Eighty-Two Votes More Than Stuht.

There was an exclamation, a smile and general looks of surprise when the recount of the ballots cast in the Eighth district of the Sixth ward was completed in the county court yesterday.

The men who were keeping tally announced that Councilman Back had just prevent its being a tremendous st thirty-eight more votes to his credit in this precinct than the official returns gave him. How the error was made is a matter of conjecture. Back is now about eightytwo votes in the lead, whereas his certificate as councilman was handed to him on a plurality of twenty. Stuht's chances continue to go a-glimmering as the check proceeds. Only three more wards and two precincts remain to be investigated.

Empire State Express in Foot Ball.

The New York Central's Empire State Express is recognized as the swiftest and surest train operated by America's greatest railroad, and considered the very best means to cover the ground in the time required. It is for this reason that the Harthe only hair preparation in the world vard university foot ball team named their best and surest play of the season of 1902 the "Empire State Express," for they believed it to be the most reliable play in their program. It was successful throughout the season until it met Yale's "20th Century Limited" play, which was just as swift, safe and sure, but had longer endurance and was 'limited' only by the size of the field. The names of the rival teams very correctly describe the difference in the famous trains, the "Empire State" running only from New York to Buffalo, while the "20th Century Limited" makes the 980 miles between New York and Chicago in twenty hours every day of the year. Great is the New York Central and great are the trains it operates-swift, safe and reliable.-From the Brooklyn Standard Union.

Hearing was set for September 1, with bond at \$100, which the prisoner could not furnish. The complaining witnesses are R. W. Porter and G. Sussmilch

> Clyde S. Hanawald of Portland, Ore., reports the disappearance of his suit case from the Union depot. He was obliged to sleep there because his train could not move. He used his suit case for a pillow and yesterday when he went to wash his hands and face the valise was taken.
