It was a batting contest throughout and quite a few costly errors were made on each side. Thomas for Omaha knocked the ball over the right field fence for two home runs. Nill made a home run, the ball going into deep center. The fielding feature was Nill's catch of a wicked liner in the last half of the ninth inning. BT. PAUL. Aug. 31.—Sixty thousand saw Dan Patch unsuccessfully attempt to lower his record at the state fair grounds today. Despite the fact that the great pacer had gone against time last Friday at Readville, Mass. and had been almost continuously on the cars until today, he went a mile in 2:00 flat. After being sent a warming-up mile in 2:104, Dan Fatch, accompanied by his running mate. Old Mike, appeared for his trial against time. At the second scoring Me-Henry nodded for the word and the stallion was off, covering the ground in long, easy strides. The first quarter was gone in 30 seconds, the next in 294, making the half in 694. Around the far turn the runner slackened his speed a trific and Patch did the third quarter in 304. Coming into the stretch Patch showed a magnificent burst of speed, and with McHenry fairly lifting him along the last quarter was done in 294, and the mile in 2:00.

MANAGERS COMPANY

PERMITTED TWO TRAINS TO COLLIDE

Prosecution in Opening Address Says Defendants Let Crossing Remain Covered with Snow so Brakes Would Not Work.

NEWARK, N. J., Aug. 31.-The seven nembers of the executive committee of the board of directors of the North Jersey Street Rallway company appeared today in the Essex county court for trial on indictments charging them with manslaughter.

On February 19, last, nine Newark school students were killed in a collision between a Clifton avenue trolley car and a Lackawanna express train. Indictments were returned against A. J. Cassatt, Pennsylvania; J. D. Crimmins of New York; Edward E. C. Young, president of the North Jersey Street Railway company and First National bank of Jersey City; Dr. Leslie D. Ward, vice president of the Prudential Insurance company; Elisha B. Caddis, wholesale merchant and director of the Pennsylvania railroad; David Young, vice president and general manager of the North Jersey, and J. Roosevelt Shanley, members of the executive committee of the street railway company.

In addition to these men there also appeared as defendants Charles M. Shipman. former general superintendent of the North Jersey; James Smith, Arthur W. Pratt and Richard Eck, division officers of the com-

The indictment of these officials followed a verdict by the coroner's jury fixing reponsibility on the North Jersey Street Railway company.

Chief Justice Gummer and Justices Vansickle and Dixon were on the bench to hear the case. On behalf of the defendants there appeared former Governor Werts and R. V. Lindabury.

Car Went Through Gates.

The jury was completed and at 10 a. m. Prosecutor Riker opened for the state, reciting the nature of the accident, the condition of the track and the dangers of the rossing. On the morning of the accident, he said, the crossing was covered with snow and ice, so that the brake shoes of the car were clogged. In consequence the car slipped down the incline, smashed through the gates and collided with the train. He said that common prudence demanded clean tracks, empty front platforms, so as not to interfere with the motorman, and a safety derailing switch. These were absent in this case.

He then named the defendants individually and stated that they were aware of the condition of the tracks, that they knew about the crossings and they had done nothing to avoid the accident. He asked that they be adjudged guilty of the charge in the indictment.

The first witness was Edward G. Kempf surveyor, who showed diagrams and measurements he had made on the Clifton avenue crossing and the immediate vicin

He was followed by Mrs. Minnie Horie, sister of Ernestine Miller. The defense admitted the death of Miss Miller and also that she was a passenger on the wrecked car. This was done to relieve Mrs. Horie from the pain of a prolonged examination as to her sister's death. The last witness of the day was James Kay, a letter carrier, who was at the crossing at the time of the accident. He described the condition of the approach to the crossing and said that the motorman of the trolley car apparently made every effort to stop the car, but could not do so on account of the ice-covered condition of the tracks. He was still being examined when court adjourned for the
