GONE TO BEAR HEAVEN BY THE MUSHY FOOD ROUTE

Some little Johnny bears ate too freely of pasty, undercooked oats and wheat-got more starchy food than they could digest.

One had appendicitis and the other bowel trouble. They learned too late that pasty, starchy and half cooked cereals, added to white bread, potatoes and other starch food, makes more starch than the average man or woman can digest. Then follows "starch indigestion," well known to physicians and a very common complaint.

If the food is not changed, serious bowel complaints set up and all too often appendicitis follows, directly traceable to irritation and disease caused by undigested starch.

These facts caused the invention of

GRAPE - NUTS

In which the starch of Wheat and Barley is transformed by scientific cooking into sugar (shining on the outside of each little granule of Grape-Nuts).

One can have the delicious ready cooked food, enjoy it, obtain the value and energy of the corbohydrates and yet not in the least tax the digestive organs.

Don't let any one deceive you by saying the stomach and bowels need hard and indigestible oats and wheat to give them exercise! ! ! !

They get too much exercise usually with the other food.

Never fear that the organs of digestion will get weak FROM LACK OF EXERCISE.

Tax them a little further than you are doing at present and you may join the Johnny bears, with ears in the daisies and feet to the stars.

There is sober fact worth careful thought in the tremendous mistake made in the selection and use of indigestible food.

Bodily health and increased strength follow the use of

Judge Jessen Renominated.

Beet Prospect is Good.

NORFOLK, Neb., Sept. 1.-(Special.)-Prospects for good sugar beets and consequently good beet sugar at the Norfolk factory this fall are excellent and the institution now anticipates a long run.

"The recent heavy rains have not hurt us at all," said E. H. Gerecke, agriculturist, this morning. "The beets have had a steady growth throughout the summer and response to requests for a speech thanked from that fact the abundance of molature the delegates for the honor and praised has not been able to injure them at all. All through northeast Nebraska, which is bars. The convention was most harmonious the country tributary to this factory, the and Judge Jessen's election is practically roots are looking fine and are growing

right along. Nineteen beets were tested at the factory yesterday and they contained BEATRICE, Neb., Sept. 1.-(Special.)on an adverage over 11 per cent of sugar The superintendent of the institution for The percentage required for grinding up is feeble-minded youth is preparing to place 13 and two weeks more will easily put on the additional amount of sweetness. CRUSHED UNDER THE ENGINE

Bridge Gives Way and One Man 1 Killed and Two Are Injured.

BEATRICE, Neb., Sept. 1.-(Special Telegram.)-Charles Folden, aged 40, was killed this morning seven miles west of Beatrice by a six-ton traction engine falling upon htm. George Vertrees and Newton Vertrees were injuried, but are not in a serious condition. The body of the dead man was brought to the undertaking rooms of

Cook & Scott at this place. Folden was in a threshing party that was moving the outfit from the farm owned by Vertress to the home of the latter's father. In cross a bridge over Wisconsin creek Folden was working near the engine, which was being pulled across by means of a rope wound around the flywheel, when the bridge collapsed. The engine and men fell to the bed of the creek, fifteen feet below. Folden was caught under the wheel and was forced into the mud under four entrance to the school have been made feet of water. His skull was crushed and which cannot receive favorable considerathe bones in both legs were shattered. Newton Vertrees sustained an ugly gash on the head and his brother received painful injuries to his leg. The bridge had BEATRICE, Neb., Sept. 1.-(Special.)been condemned by the county con Sheriff Waddington made a trip to Adama sioners and was unfit for travel.
