Chairman Lindsey of the republican state central committee will move himself here inside of two weeks and will personally take charge of the work of the campaign. Mr. Lindsey expressed himself as being well pleased with the interest being taken in the coming election by the county chairmen and said it augers well for a good, lively campaign and an old-time republican majority. Poll books are being sent out and the preparatory work is be ing done as rapidly as possible. The state will be organized from one end to the other and there will be things doing every
