McCance struggled violently to release himself from the brothers and in doing so caught hold of a wire and at once lapsed in unconsciousness. In tearing loose his hand from the wire the brothers had to almost break the man's fingers.

They then carried him up the steps and out into the open air, where by using his arms for pumps, they got the gas out of him and pure air in. When he became conscious McCance said he felt no ill effects from his experience. He felt, he said, as though he had drank too much fair llquor.

Miss Bryan Denies Rumor.

Anent the stories being circulated in the east that Miss Ruth Bryan is to marry Capiain Hobson of Merrimao fame, Miss Bryan said today: "There is absolutely no truth in the report." Mrs. Bryan said: "We have been hearing about that story for two or three days. I don't want to say anything about it because there is no truth in it." The story first came out from Waynesville, N. C., and among other things the dispatch read:

"The gossips at this resort never had so much to talk about as at present. They have it that Captain-Richmond Pearson Hobson, the famous hero of the Merriman is angaged to marry Ruth Bryan, eldest daughter of William Jennings Bryan. Captain Hobson himself declines to either confirm or deny the rumor. This much is certainly true. Captain Hobson writes a letter to Miss Bryan every day in the week and just as often does he receive a plainly addressed envelope postmarked Lincoin, Neb.'

It has been suggested here that Miss Bryan, if she desired to stop the talk, should do like the democratic Missouri girl, Mary Anderson, did when it was rimored that she was engaged to marry Jesse Henderson. Miss Anderson placed a notice in her home paper to the effect that the rumor was not only false but that she last two years, are the editors and propris-"would not marry Jesse Henderson if he was the last man on earth." That worked lenced printers and good hustlers for buziso well that the two names have never ness. The name of the new paper will be been coupled since.

## University Buildings Delayed.
