FINE STOCK PARADE IN THE MORNING

Management Blamed Over Success of the Fair Both in the Matter of Exhibits and in Attendance.

(From a Staff Correspondent.) LINCOLN, Sept. 11.—(Special.)—With the parade of the fine stock and the second appearance of Crescents at the mid-afternoon of the day the state fair closed this afternoon after one of the most, if not the most successful, week in the history of the organization.

Crescents made his mile today in 2:12 without exerting himself or attempting to lower his record. The track was soft and for that reason his driver did not let him out except in the stretches and there he set a fast clip. He made the first quarter in 0:32, the second in 1:05, the third in 1:38 and rounded up at home in 2:12.

The parade of fine stock, which occurred this morning, was witnessed by an immense crowd notwithstanding the threatening weather. The procession was headed by Hagenow's band, then a trap with Secretary Furnas and President Dinamore, the saddle horses from Hebron, the Shetland ponies from the Lincoln Trotting Horse company and stock from these firms: Watson & Wood, Lincoln; J. Crouch & Son, Lafayette, Ind.; F. B. Kinney, Tipton, Ia.; Thompson & Son, Kansas; Andrews & Son, Cambridge; Riley Brothers, Albion; F. W. & G. W. Retzart, Walnut; C. G. Neuts, Raymond; W. N. Rodgers, McCook; George E. Darwin, Virginia; Thomas Mortimer, Madison; B. W. Sypher, Lincoln; J. Bayless, Stockport, Ia.; G. W. Lindsay, Red Cloud; L. G. Shaver, Cologne, Ia.; C. F. Stone, Peabody, Kan.; W. E. Mountain, Cameron, Mo.; John C. Dowd, Havelock; Alex Snedden, Eagle; Hupster & Smith, Beatrice; L. E. Emerson, Lincoln; Rolla Oliver, Dearborn, and Frank James, St. Paul.

The crowd today was estimated at about 15,000 and it had the appearance of being much smaller than yesterday. Secretary Furnas and the fair board managers are well pleased with the week and it is their belief that in every way the fair this year surpassed any other week in the history of the association.

"Financially and every way this is the best fair we have had, in my opinion," said Secretary Furnas. "We have had better exhibits, more of them, better races, more of them, more stock and the attendance has been all that could be asked. I feel certain when we figure up the financial part of the week that we will come out well."

The midway and the eating houses, the lemonade stands and everything connected with the fair apparently has had a big week. It certainly has been a big one for Lincoln hotels and restaurants. People have been here since last Friday, some of them coming miles and miles, and they have never missed a day of eating and seeing the sights. The university, the state farm, the penitentiary and the state house have been objects of interest and each of these places has entertained its visitors. The state house especially has been crowded every day and the dome was inhabited.

Go to Inspect Land. The State Board of Public Lands and Buildings left this afternoon for Hastings, where the members will look over several tracts of land that have been offered to them for use at the asylum. The late legislature appropriated \$15,000 for the purchase of a half section of land to be used as a farm by the institution.

Regulation papers were issued today by Governor Miley for the return to Lincoln of George H. Engelhardt, under arrest at Clinton, Ia. The man is charged with abandoning his illegitimate child and will be tried under the new law enacted by the late legislature. Engelhardt left here many months ago and has been diligently searched for since that time, but without success until recently.

Day of Prayer. The members of the Lincoln Ministerial association want the people of Nebraska to pray. To that end the chairman, S. M. Long, has issued this call, setting aside Wednesday, September 23, as the day of prayer.

Settle County Attorney Fees. The supreme court is to decide whether a county attorney has a right to collect fees for services from a county in addition to the regular salary of the office. The case is that of W. W. Wilson, former county attorney of Otoe county, who seeks to recover additional pay for appearing before the supreme court in county cases. He lost his case in the district court.

Wilson contended that the statute of 1885 changing from district to county attorneys, provided that the attorneys for the counties should appear in all the courts of the county in cases in which the county has an interest. This he interpreted to mean that his duty under his appointment was ended when he had finished the litigation in the courts of the county and that he should have additional pay when he took the case into the supreme court.

Delegates to Prison Congress. Governor Miley today named these delegates to the National Prison association congress at Louisville, Ky., October 2 to 5, 1903: Warden A. D. Beemer, Lancaster, Neb.; Superintendent H. M. Clark, Geneva, Neb.

YORK COLLEGE PROSPERING

New Building Now Under Way Will Add Greatly to Its Facilities.

YORK, Neb., Sept. 11.—(Special.)—York college was located here about thirteen years ago. Its present building was at once erected and the work has gone steadily forward to the present time. The growing attendance and general prosperity of the institution in recent years have made more room imperative. To meet this demand another building is now in course of erection. Its site is 80x25 feet, having a basement and three other floors. It is being built of brick and trimmed with stone. The plans are modern throughout and in perfect accord with beauty, convenience and durability.

This new structure is now under roof and the work will be carried forward as rapidly as possible. It will be devoted to the music department, combining also the dormitory feature. The citizens of York have taken a hearty interest in the enterprise and well they might, for it is one of the best buildings of the kind in the west. It is not only a fine addition to the equipment of York college, but also an honor to the city of York and to the state.

York college has made rapid advancement under the administration of President William E. Schell. It will open for another year of educational work on September 14.

Goods Missing from Car. PLATTSMOUTH, Neb., Sept. 11.—(Special.)—Thieves broke into a Burlington freight car and several boxes of merchandise disappeared, which had been billed to merchants in this city. The car arrived in Plattsmouth early this morning and it is thought the robbery may have occurred before the train left Omaha or while on the way from that city to this. Previous investigation has proven, so the officials say, that a person enters a freight car just before it leaves Omaha and at a certain point previously agreed upon, throws out such boxes of merchandise as he may select, which is very soon picked up and loaded into a wagon and hauled away by an accomplice. A special agent for the Burlington company is endeavoring to learn the facts in regard to this robbery.

Divorce Quietly Granted. BEATRICE, Neb., Sept. 11.—(Special Telegram.)—Edith M. Garrison against Edgar S. Garrison is the title of a divorce suit which appears on the docket of Judge Hutchison today. The papers in the case have been suppressed by the clerk of the court. The judge heard the evidence at noon. Harry Harvey of Logan and James Jewell of Missouri Valley arrived in town as witnesses and the matter was kept very quiet. The judge granted the plaintiff a divorce by default as prayed, and custody of the minor children. The defendant in the present clerk of the court of Harrison county and well known in that county and the suit was brought here to avoid notoriety.

A complaint of insanity has also been filed against Mrs. Pullman, and the board will inquire into her case tomorrow.
